**Subject:** Overnight Residential Parking Permit Program

BVAC members and staff: I am forwarding this information from the West Balboa Village Parking Committee for your perusal and records.

Jim Stratton

Good Morning,

March 12, 2013

During the last two council sessions referencing the Overnight Residential Parking Permit Program (RP3) in the West Balboa Village area the following became clear:

- 1) Council hadn't had a chance to review all the documents supporting the program.
- 2) Staff's presentation didn't provide adequate support & explanation based on all the supporting research and reports.
- 3) There were a number of questions that were not answered adequately.

The Residential Parking committee is providing the attached **3 PowerPoints** to quickly provide an overview of the parking program, answers to every question and/or mis-statement made in the last 2 council sessions, and a history of how we have arrived at this point. We have separated out the Q & A's in a separate PP presentation in case you would like to start there first.

We appreciate your support for this resident driven program and we believe that with these clarifications it will be more evident that we are a unique residential area that requires parking relief today and more importantly in the future. There has been significant outreach during the entire planning process over the last two years and a majority of the residents/homeowners/businesses in the area support a permit program.

Sincerely,

West Balboa Village Neighbors Parking Committee

Deanna Schnabel, Bill Dildine, Bruce Brandenburg
