Ham radio operators provide valuable communications in an emergency. Many cities throughout the country use ham radio operators to support Community Emergency Response Team (CERT) training and actual call-outs. This action-packed class will feature live ham radio equipment for everyone to learn how to operate. Pre-study before class and pass your amateur radio Element 2 Technician class examination, right in the classroom. New Easier Test!

- Earn full ham radio Technician class radio privileges. - **FREE INSTRUCTION !**
- Learn radio communications through satellites and the International Space Station (ISS).
- Operate your own ham radio position-reporting system (APRS). **LIVE DEMOS !**
- Operate ham radio television and computer radio photos (ATV and SSTV). **LIVE DEMOS !**
- Become a ham radio emergency responder for CERT communications.

Pre-registration is required to hold a spot for you in this limited Volunteer Emergency Communicator Class. $15.00 FCC test fee required on Sunday afternoon at test time.
