Subject: Suggested typo corrections to Tannir Residence (PA2013-110) Resolution of Approval

Brenda & Rosalinh,

Sorry I didn't have time to write this out before the meeting, but please find attached a list of the probable typos I noticed in reading the draft Resolution of Approval for Item 3 in tonight's on-line Planning Commission agenda packet, and suggested corrections, as alluded to in my oral comments.

Regarding my Coastal Commission comment on this item during the public hearing segment of the meeting, that was prompted by receiving in the mail this afternoon, quite unprompted and unexpected, a notice of the CCC's August 14 Santa Cruz hearing on the Marina Park CLUP amendment. Since I had never written to them about it, it appeared that commenting on the item at a CNB meeting placed me on the list of "interested parties." I rather doubt that will happen here, but I thought it was worth a try.

Yours,

Jim
