However, nothing contained within this Chapter shall prohibit the City from taking or initiating any other enforcement actions as provided for by this Code or other applicable law.

20.68.040 – Initial Enforcement Action

This Section describes the procedures for initiating enforcement action in cases where the Director has determined that real property within the City is being used, maintained, or allowed to exist in violation of the provisions of this Zoning Code.

- A. Objective of procedures.** It is the objective of these procedures to encourage the voluntary cooperation of responsible parties in the prompt correction of violations, so that the other enforcement measures provided by this Chapter or other applicable law may be avoided.
- B. Procedures are not exclusive.** These procedures are not exclusive, and other enforcement procedures may be employed by the Director after or instead of these procedures where the Director determines that this Chapter would be ineffective in securing the correction of the violation(s) within a reasonable time.
- C. Notice of Violation.** The Director shall provide the record owner of the subject site and any person in possession or control of the site with a written Notice of Violation that shall include the following information:
 - 1. A description of each violation and citations of applicable Zoning Code provisions being violated;
 - 2. A time limit for correcting the violation;
 - 3. A statement that the City may charge the property owner for all administrative costs associated with the abatement of the violations; and
 - 4. A statement that the property owner may request and be provided a meeting with the Director to discuss possible methods and time limits for the correction of the violations.

20.68.050 – Legal Remedies

- A. Municipal Code Title 1.** The City may choose to undertake any one or all of the following actions to correct and/or abate any nuisances or violations of this Zoning Code or as provided in the enforcement provisions specified in Municipal Code Title 1 (General Provisions).
- B. Revocations or changes.** Any real property found to be used, maintained, or allowed to exist in violation of any permit(s) or Variance(s) approved by the City may subject the permit(s) and/or Variance(s) to revocation or change proceedings in compliance with this Subsection.
 - 1. Revocations.** The City's action to revoke a permit or Variance shall have the effect of terminating the permit or Variance and disapproving the privileges granted by the original approval.
 - 2. Changes.** The City's action to change or add any conditions attached to a permit or Variance instead of revoking it may include any aspect of the project, including buffers, duration of the permit or entitlement, hours of operation, landscaping and

maintenance, lighting, parking, performance guarantees, property maintenance, signs, surfacing, traffic circulation, or any other aspect/condition determined to be necessary to ensure that the permit or Variance is operated or implemented in a manner consistent with the original findings for approval.

3. Hearings and notice.

- a. The original review authority for a permit or Variance shall hold a public hearing to consider the revocation or change to the permit or Variance.
- b. Ten days before the public hearing, notice shall be mailed or delivered in writing to the applicant for the permit or Variance being considered for revocation or change, and owner of the property for which the permit or Variance was granted. The only exception to the 10-day notice provision shall be for Limited Term Permits that, because of their short-term nature, shall only require a 24-hour notice.

4. Review authority's action. A permit or Variance may be revoked or modified by the original review authority, if the review authority first makes any one of the following findings:

- a. The permit or approval was issued in error or circumstances under which the permit or approval was granted have been modified to an extent that one or more of the findings that justified the original approval can no longer be made and the public health, safety, and welfare require the revocation or modifications;
- b. The permit or approval was granted, in whole or in part, on the basis of a misrepresentation or omission of a material statement in the application, or in the applicant's testimony presented during the public hearing, for the permit or approval;
- c. One or more of the conditions of the permit or approval have not been substantially fulfilled or have been violated;
- d. An improvement authorized in compliance with the permit or approval is in violation of any applicable code, law, ordinance, regulation, or statute; or

20.68.070 – Reinspection Fees**A. Amount and applicability of reinspection fee.**

1. A reinspection fee shall be imposed on each person who receives a Notice of Violation, notice and order, or letter of correction of any provision of this Zoning Code or the Municipal Code, adopted Building Code, or State law.
 - a. The fee amount shall be established by the City's Master Fee Schedule.
 - b. The fee may be assessed for each inspection or reinspection conducted when the particular violation for which an inspection or reinspection is scheduled is not fully abated or corrected as directed by, and within the time and manner specified in, the notice or letter.
2. The fee shall not apply to the original inspection to document the violations and shall not apply to the first scheduled compliance inspection made after the issuance of a notice or letter, whether or not the correction has been made.

B. Continuation of the original case.

1. If a notice or letter has been previously issued for the same violation and the property has been in compliance with the provisions of this Zoning Code, the Municipal Code, or any permit or approval issued in compliance with this Zoning Code for less than 180 consecutive days, the violation shall be deemed a continuation of the original case, and all inspections or reinspections, including the first inspection for the repeated offense, shall be charged a reinspection fee.
2. This fee is intended to compensate for administrative costs for unnecessary City inspections, and is not a penalty for violating this Zoning Code or the Municipal Code.
3. The reinspection fees imposed shall be separate and apart from any fines or penalties imposed for violation of this Zoning Code in compliance with Municipal Code Sections 1.04.010 (Violations, Penalties and Enforcement) and 1.05.020 (Authority and Fines), or costs incurred by the City for the abatement of a public nuisance.
