Subject: Banning Ranch DEIR Comment Period

Hi Patrick,

As we discussed yesterday on the phone, Commission staff would like to request an extension of the time period within which we will provide comments on the DEIR for the Banning Ranch project. We can commit to providing comments to you on or before Friday, November 18th. Please let me know if that would be acceptable. Please also let me know whether the City would commit to responding to our comments if provided to you by November 18th, or if we would need to provide comments by November 8th (the current official end to the comment period) to guarantee such response.

Thank you very much for your consideration.

Regards,
