

UPTOWN NEWPORT
Solid Waste Disposal Questionnaire

- 1. Please confirm that the Uptown Newport Project would be served by the Frank R. Bowerman Landfill.**

The Frank R. Bowerman Landfill, owned and operated by the OC Waste & Recycling, (County of Orange) is the solid waste landfill that would serve Uptown Newport Project. Solid waste pickup services are provided by the franchise waste hauler in the City of Irvine. Please contact the City of Irvine Recycling Coordinator, Angie Burgh at (949) 724-6356.

- 2. Please confirm or correct the following information about the Frank R. Bowerman Landfill that you provided us in a previous questionnaire response in November 2010:**

The address of The Frank R. Bowerman Landfill is 11002 Bee Canyon Access Road, Irvine, CA 92618. The maximum permitted solid waste intake for this facility is 11,500 tons per day. The anticipated closure date for this facility is in 2053. The landfill has an estimated remaining disposal capacity of 198.1 million cubic yards, as of June 30, 2011.

- 3. Does OC Waste & Recycling plan to open additional solid waste disposal sites other than the three landfills it currently operates (Bowerman Landfill in Irvine, Prima Deschecha Landfill in San Juan Capistrano, and Olinda Alpha Landfill in Brea)?**

No additional County solid waste disposal sites are planned at this time.

- 4. Is the County currently meeting AB 939 goals?**

Yes, the County maintains 15 years of available county wide solid waste disposal capacity as required by AB 939.

- 5. Does the Frank R. Bowerman Landfill have adequate capacity for the proposed project's estimated solid waste generation?**

There are no deficiencies in solid waste disposal capacity in the project area. The Frank R. Bowerman Landfill has sufficient capacity to serve the project on both a project-specific and cumulative basis.

- 6. What mitigation measures, if any, would you recommend for the proposed project?**

OC Waste & Recycling does not recommend any mitigation measures at this time. There are no deficiencies in solid waste disposal capacity in the project area.
