The Trolley Is Coming! The Trolley Is Coming!

On Saturday, June 17, the Balboa Peninsula Trolley will officially begin service. As part of the Orange County Transportation Authority's Community Based Transit Circulators Program, the free trolley service will run from 7:30 a.m. to 9:30 p.m. on Saturdays and Sundays through Sunday, September 3, as well as the Fourth of July, making 19 stops along the peninsula. Riders may park in the green striped spaces at the lower Hoag Hospital lot (Hoag Drive and West Coast Highway) or may also hop on at any designated stop. With room for bicycles, surfboards and beach gear, the trolley will offer a fun alternative travel method for residents and visitors alike.

For updated route information and more, please check out peninsulatrolley.com!

COMMUNITY DEVELOPMENT DEPARTMENT

Development Record Set

The active development valuation has reached a historical record of \$863 million due to an overlap in large projects. Construction is winding down on the new apartment building, Villas Fashion Island, while building permits were recently issued to construct two residential towers, Uptown Newport, at 4201 Jamboree Road. There are currently 2,300 different projects under construction throughout the City.

Historical Find

An old building inspector's inspection record card was recently found still posted to a wood stud inside of a wall residence. Discovered by the contractor remodeling the home, the original home was built in early 1957. The building inspector's signature is still visible at the bottom of the card (and no, it is not John Burckle).

Seawall Breach Update

Here is a positive update to the seawall breach at 519 36th Street. The contractor built a temporary extension to the existing seawall, out of masonry block (replacing what was removed). The new wall will be sufficient to hold back the king tides that are scheduled to peak June 23. The temporary wall and the existing seawall will be replaced in the near future based on the tide and construction schedule.

TO: Dave Kiff, City Manager

FROM: Chip Duncan, Fire Chief

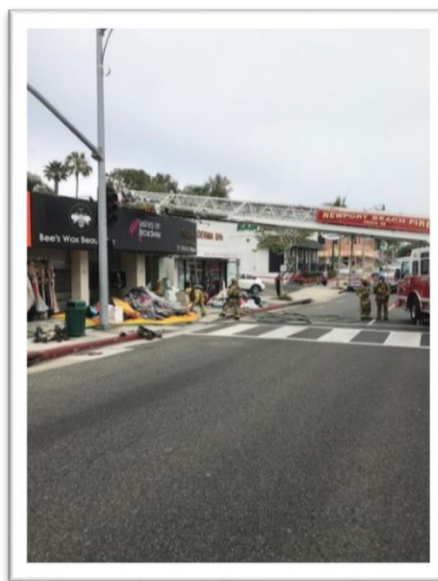

SUBJECT: CITY MANAGER'S NEWSLETTER

FIRE OPERATIONS DIVISION

Working Structure Fire

On Sunday, June 4 at 3:42 p.m., Newport Beach Fire Department personnel responded to a working structure fire at 3034 E. Coast Highway in Corona del Mar. The two-alarm fire was located within a one-story multi-unit building. The first in units made an aggressive interior attack of the fire combined with vertical ventilation to contain the fire to the unit of origin. Due to the crew's quick actions, surrounding units did not sustain any damage. During the response, a portion of Pacific Coast Highway was temporarily closed. The fire was contained within 15 minutes from the initial 911 call. There were no injuries reported from the fire.

The cause of the fire is currently under investigation by Newport Beach Fire Department Investigators. Costa Mesa Fire Department, Orange County Fire Authority, and the Newport Beach Police Department also assisted with the call.

Public Safety Day

On May 20, in partnership with Newport Beach Police and Newport Beach Lifeguards, we hosted a Public Safety Day. The event took place behind Fire Station 3 and it was a collaborative event to display the public safety agencies operating in Newport Beach. The turnout from the community was good, with many multi-generational families in attendance.

Fire prevention and disaster preparedness booths were set up so that the crowd could engage with our first responders and CERT Volunteers to learn about public safety. Among the many activities, the community was able to tour a fire station. Our firefighters demonstrated a vehicle extraction and even impressed the audience with a mini-combat challenge showing how quickly they can move in an emergency. On display was a new fire truck and an antique fire truck (normally housed at Balboa Island-Station 4), illustrating advancements in fire apparatus. The public had access to view the inner workings of an ambulance and speak with our Paramedics. On exhibit were the vehicles and wave runners used by our Lifeguards to assist visitors at the beach. It was a great opportunity for the attendees to learn about Fire Operations, Emergency Medical Services, and Marine Operations.

Many enjoyed hot dogs and hamburgers, courtesy of the Firefighter Association's BBQ1!

A huge THANK YOU goes out to all Fire and Police personnel, CERT Volunteers, and especially the community for its support to help make this a successful event. We hope that we armed them with invaluable knowledge on how to be safe and help others in the community.

Please join us in October for our annual Fire Safety Day!

Every 15 Minutes

On Wednesday, May 31, the Newport Beach Fire and Police Departments participated in the "Every 15 Minutes" program at Newport Harbor High School. This is the 14th year in a row that both departments have participated. Each year the program alternates between Newport Harbor and Corona del Mar high schools. "Every 15 Minutes" is a two-day program focusing on high school juniors and seniors in Newport Beach that challenges them to think about drinking and personal safety. The title of the program comes from the fact that every 15 minutes, someone in the United States dies in an alcohol-related traffic collision.

Newport Beach Fire and Police departments worked with the Newport-Mesa school district to set up a realistic scenario to show students prior to their prom and grad-night activities. Knott's Berry Farm make-up artists volunteered their time to create realistic injuries on a simulated fatal drunk driving accident. The program has been extremely successful in underscoring the dangers and consequences of drinking alcohol and driving.

(Note: All crash victims are student actors in this simulated event)

COMMUNITY EMERGENCY RESPONSE TEAM

AED Class for Newport Lawn Bowling Club

On Saturday, May 20, the Fire Department's Life Safety Specialist Raymi Wun and CERT Volunteer Evalie DuMars taught an AED (Automated External Defibrillator) class to members of the Newport Lawn Bowling Club. Over 70 club members participated in the training that covered how to use an AED and reviewed "hands-only" CPR techniques.

Corona del Mar Scenic 5K

On Saturday, June 3, Fire Department CERT volunteers participated in the Corona del Mar Scenic 5K. CERT volunteers set up a community preparedness booth and staffed a water station on the course to help keep the participants hydrated.

Balboa Island Parade

On Sunday, June 4, the Fire Department participated in the 24th annual Balboa Island Parade. We set up a community preparedness booth staffed by both CERT volunteers and fire personnel. Lifeguards had fun waving to the parade goers. The fire department also drove our antique fire engine in the parade with Acting Assistant Fire Chief Jeff Boyles.

CERT Mandatory Re-certification Training Classes

On Wednesday, June 7, the fire department held another mandatory re-certification class for volunteers in our Community Emergency Response Team (CERT) program at fire station 7. Thus far, the fire department has held six mandatory training recertification classes; 285 CERT volunteers have participated in the classes.

EMERGENCY MEDICAL SERVICES (EMS) DIVISION

CUSTOMER SATISFACTION SURVEYS

Magnificent Mentions:

“We deeply appreciate the care and help of these fine men. Thank you so very much. NB paramedics are A+.”

“It is an honor to fill out this survey. Three paramedic trips in five days was an experience and my care and compassion from all the gentlemen was comforting!! Love & hugs to you all, thanks.”

MAY STATS

Total Dispatches of All Types.....	949
Medical Aid Dispatches.....	741 = 78% of 949
Total Medic Transports to Hospital.....	493

Teamwork Saves a Life

On March 14, our fire personnel responded to the scene of a medical aid. Crews from NE63 arrived with Captain Lazar, Engineers Matt Anderson and Jason Fernandez, Paramedics Megan Smith, Aaron Reed, and Matt Johnston, and found the patient sitting on the ground in the parking garage. The patient felt dizzy, complained of chest pain, and was nauseated. Our paramedics transported the patient to the hospital where he received an emergency heart procedure to treat his life-threatening heart attack. Due to the efforts of all involved, the patient made a full recovery. The patient was so grateful for the care given by our crew that he invited them to his “celebration of life” event to show his appreciation.

TRAINING

- We are moving forward with our Peer Support program with lifeguards, fire, and police personnel, as well as a countywide program. Advanced training will be provided this month.
- Our paramedics completed training on a new medication for diabetics (D-10) and a medication to treat shock states. These are the same medications used in Emergency Rooms and Intensive Care Units.

MARINE OPERATIONS DIVISION

Newport Beach has been experiencing “June Gloom” for the first seven days of the month. There has been occasional sunshine, but mostly drizzle. The weather and water temperatures have been in the low to mid 60s.

Lifeguard Stats, June 1-7

Animal Calls/Enforcements	817
Public Assists/Preventatives	2,620
Boat Calls	52
Medical Aids	86
Rescues	21
Total Number of Calls	3,632
Beach Population	198,633

Drone

Newport Beach lifeguards recently purchased a drone for observations of marine animals, such as sharks. The Federal Aviation Administration (FAA) has certified Lifeguard Captains George Leeper and Adam Yacenda as drone operators.

Boat Runs Aground

On Monday June 5, at approximately 6:15 a.m., Newport Beach Fire Department Marine Operations responded to a boat on the beach at 12th Street. The 24-foot sport fishing boat had ran aground the previous night. The boat was in danger of breaking apart in the surf line with a 3-5 foot south swell and high tide.

Lifeguard Captain John Moore boarded the boat to investigate. The boat was leaking diesel fuel into the ocean and it was determined that an environmental hazard existed. The City of Newport Beach Municipal Operations personnel assisted by pulling the boat onto the beach with a Skiploader. The boat was secured and turned over to Towboat US for salvage.

Orange County Drowning Prevention Task Force

On June 1, Newport Beach lifeguards hosted the Orange County Drowning Prevention Task Force with a media event. The event was to help promote water safety and drowning prevention for the upcoming summer season. Orange County Supervisor Todd Spitzer, Council Member Diane Dixon, Julie Lopiccolo, Kaleigh Gilchrist (2016 Olympian and Gold Medalist), and several other members from surrounding cities attended.

JUNIOR LIFEGUARDS

This year's uniform was once again manufactured by Quicksilver. Participants picked up their uniforms from June 3-8. Each participant received a backpack, towel, hat, board shorts, and T-shirt.

Our Junior Lifeguards are ready for the summer crowd!

EMPLOYEE SERVICE AWARDS AND APPRECIATION LUNCHEON **LAST CALL FOR RSVP'S!**

If you have not RSVP'd for the Employee Service Awards and Appreciation Luncheon on Thursday, June 15, don't wait another minute! Space is limited and there are only a few seats left! Raffle prizes are only awarded to those who have RSVP'd (you do not need to be present to win). Remember to wear your patriotic duds (red, white and blue)! Lunch will be served from 11:30 a.m. – 1 p.m. so be sure to plan your time accordingly so you don't miss out on the many tasty options that will be available thanks to Steve Rosansky, Jeff Parker and the Newport Beach Chamber of Commerce. The awards presentation will begin promptly at 12:15 p.m.

GOOOOOOOOOOOOOOOOOO EMPLOYEES!

COMMUNITY DEVELOPMENT DIRECTOR **Recruitment Ends Monday, June 12**

The recruitment for the position of [Community Development Director](#) will close on Monday, June 12 at 5 p.m. This recruitment is to fill the vacancy due to the retirement of Kim Brandt on July 28, 2017. Kim has been an exceptional leader for the City since 2007. She will be missed and we wish her all the best in her retirement!

To apply, please visit the City's [website](#).

THE CIVIL SERVICE BOARD **CHAIRPERSON MAIQUAL TALBOT SAYS GOODBYE**

Pictured: Rebecca Redyk, Traci Mackinen, Sarah Rodriguez, Barbara Salvini, Chairperson Mike Talbot, Sheri Anderson, Board Member Doug Wood, Maggie Williams-Dalgart, Jill Camille Ortiz, Marissa Sur, Tosha Sanchez, Board Member Robyn Grant

Monday, June 5, marked the last meeting for Chairperson Maiqual (Mike) Talbot as his term comes to an end as of June 30, 2017. Mike has served on the Civil Service Board since 2009 and held the position of Chairperson in 2013-2014 and 2016-2017. He has been a Newport Beach resident since 1975 and selflessly committed his time and served the community and the City on many committees, boards, associations and mentoring programs throughout the years. Thank you Mike for your dedication to the City and to the Civil Service Board!

TRAINING FOR MANAGERS AND SUPERVISORS

On May 31, Human Resources offered two sessions of *Reasonable Suspicion Training for Managers and Supervisors*. Speakers from Liebert Cassidy Whitmore and Mental Health Network (MHN), the City's Employee Assistance Program, provided insightful information for staff. Attendees reviewed the City's Drug and Alcohol Policy, testing procedures and the signs and symptoms of drug and alcohol use. Supervisors play a key role maintaining a safe and drug free workplace. The goal of the training was to provide supervisors with the knowledge and tools necessary to ensure compliance with our City policies.

2017 SCHOLARSHIP RECIPIENTS

Human Resources recently notified six students that they were selected to receive a \$700 scholarship through the 2017 City of Newport Beach Scholarship Program. The scholarship fund was established in 1981 by a generous donation from the Carl Ackerman Family Trust to assist deserving, qualified students in funding their higher education. It is open to children residing in Newport Beach and children of regular, full-time Newport Beach City employees, and assists qualified students in obtaining a higher education.

This year's 2017 scholarship recipients are:

Travis C.
Samuel N.
Melissa W.

Micaela W.
Kellie W.
Jordan Y.

From: Rob Houston, Deputy City Manager

Date: June 9, 2017

With smartphones now in 80 percent of U.S. homes we are now living in a mobile digital age. As we spend more time living in a mobile environment, it is good to take a bit of time to think about how to stay secure in this new environment. Here are a few Mobile security tips to help make sure you are safe.

Mobile Security Simple Tips

1. Use strong passwords. Change any default passwords on your mobile device to ones that would be difficult for someone to guess. Use different passwords for different programs and devices. Do not choose options that allow your device to remember your passwords.
2. Keep software up to date. Install updates for apps and your device's operating system as soon as they are available. Keeping the software on your mobile device up to date will prevent attackers from being able to take advantage of known vulnerabilities.
3. Disable remote connectivity. Some mobile devices are equipped with wireless technologies, such as Bluetooth, that can connect to other devices. Disable these features when they are not in use.
4. Be careful what you post and when. Wait to post pictures from trips and events so that people do not know where to find you. Posting where you are also reminds others that your house is empty.
5. Guard your mobile device. In order to prevent theft and unauthorized access, never leave your mobile device unattended in a public place and lock your device when it is not in use.
6. Know your apps. Be sure to review and understand the details of an app before downloading and installing it. Be aware that apps may request access to your location and personal information. Delete any apps that you do not use regularly to increase your security.
7. Know the available resources. Use the Federal Communications Commission's Smartphone Security Checker at www.fcc.gov/smartphone-security

Your IT Professional – Spotlight

We are very fortunate to have great IT staff at the City. They work often “behind the curtain” and below the radar but make important contributions to support our increasingly technology dependent workplace. We will be highlighting our staff over the next number of months to let you know a bit more about these secret experts.

Name: Micheal Wojciechowski

Favorite Hobby: Before the birth of our twins, my favorite hobby was mountain biking. I love anything to do with the outdoors like surfing or riding through the desert on a motorcycle. Since the birth of our twins, sorry, I don’t have time for hobbies yet, but hope to have some hobbies that include my kids.

Favorite High School Song: Siouxsie and the Banshees – Once Upon a Time The Singles (The entire album)

Family/Friend Highlights: I have been married to my incredible wife for almost 16 years and currently she is a stay-at-home Mom. We have three kids, Dax who turned 4 last month, and 2 year old fraternal twins, Sia and Orin. There is never a dull moment in my house right now and every day is different; it’s pretty exciting to say the least.

How long have you worked for the City? I have worked for the City for 23 great years and my co-workers are my second family.

What did you do before that? Before getting the job here at the City, I worked for a short time at a private computer consulting firm and before that I was working on my degree in Computer Science and Engineering at CSULB.

Current Role: I am currently the IT Operations Supervisor

What you like about working here: The city of Newport Beach is a beautiful City to work in, sun, beach and fun. Working in IT allows me to interact with all of my co-workers and they are a great bunch of people to work with. I have always been a problem solver when it comes to electronic equipment and this is the perfect environment for me. Each day there is a new problem to solve and we all have fun doing it. I couldn’t ask for anything more.

Interesting Fact about you: I grew up in a flower shop. My Mom worked at my Grandma's flower shop until she was able to open her own and I worked there off and on, especially the holidays, until I graduated college. My Mom still owns and works in her flower shop. It was a nice environment to be in; it smelled great all the time.

LIBRARY SERVICES DEPARTMENT

Library – Cultural Arts

Library Services

Friends of the Library

The Friends of the Library held their annual luncheon and installation of new officers on Tuesday, June 6. President Amy Hunt presented me with a very large check made out to Newport Beach Public Library for \$250,000. The Friends' generous donation will fund "wish list" items for library collections and programs. The luncheon honored the past and ongoing contributions of many individuals who have worked at the book sales and in the Friends bookstore throughout the year. Receiving special recognition were retiring bookstore manager Nancy Acone and retiring publicity chair Virginia Hayter who have both contributed thousands of hours of hard work in support of the Library.

The new officers installed for the 2017-18 year include: Amy Hunt, President; Pam Crook, First VP/Programs; Elena Yuasa, Second VP/Membership, Susan Caine, Treasurer; Catherine Wallach, Secretary; Pam Furry, Historian; Lynn Brown, Publicist; Wendy Frankel, Bookstore Manager; Ita Vandenbroek, Third VP/Quarterly Book Sales.

#NBPLreads

The Library is launching a social media campaign aimed at encouraging reading and letting the public know about all the great resources at the Library. In conjunction with the beginning of the Summer Reading Program, we are encouraging staff and customers to post photos of themselves with favorite books on social media using the hashtag #nbplreads and #checkoutnbpl. Show your support and send us a pic!

Mariners Branch

Mariners Branch Library will be closed to the public on June 29 in order to facilitate slurry sealing of the parking lot. The library will reopen on the 30th.

Cultural Arts Services

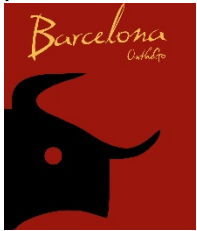

Newport Beach Art Exhibition

The Call for Entries for the Newport Beach Art Exhibition closed on June 2 with around 250 pieces of artwork. The one-day juried exhibition on Saturday, June 17 will include a variety of art, including watercolors, oils, acrylics, mixed media, sculpture and photography. Artists will drop off their artwork on Friday afternoon and Saturday morning before final judging for awards. The Art Exhibition will run from 1 p.m. to 6 p.m. with music, wine and cheese in the outdoor patio area. Mayor Muldoon will present awards at 4:30 p.m.

Food Trucks at Concerts

The Civic Center Green is a great venue for enjoying a picnic meal before and after the concert. This year concertgoers will also have an option of purchasing food from *Barcelona on the Go* and the *Bakery Truck*. Check out the menu at www.barcelonaonthego.com. The Bakery Truck has cookies, cupcakes, fresh cream puffs and other temptations.

Flashback Heart Attack

The first concert of the 2017 Concerts on the Green series will feature the super popular group, Flashback Heart Attack. Voted OC Weekly's choice for "best live band/best rock band" seven years in a row, Flashback Heart Attack brings the authentic 80's cover band experience to the Newport Beach Civic Center in this outdoor Concert on the Green. The local Orange County band that has made it big, nationally and internationally, will fire up the summer with a playlist that includes all the smash hits from the 80's. See you on the Green on July 9!

Pacific Symphony Concert

The Newport Beach City Arts Commission will host the kick off concert in Pacific Symphony's popular Symphony in the Cities summer series this year on Sunday, July 16.

Similar to last year, the evening will begin with the Symphony's "Musical Playground" starting at 5:30 p.m. which features many interactive and hands-on activities for children, including instrument making, a drum circle, an instrument petting zoo, and an opportunity to meet the musicians. Kids will have the chance to learn how to conduct with Maestro Carl St.Clair and later help lead the orchestra in Sousa's "Hands Across the Sea" during the concert. The concert, featuring Pacific Symphony playing popular classics, pop music and patriotic tunes, will begin at 7 p.m. and end promptly at 8:30 p.m. Classical KUSC's radio host Rich Capparella will serve as the emcee, and the audience is invited to participate in a sing-along of patriotic favorites.

Special Tree Planted

Last month, a Kentia Palm was planted at West Newport Park in honor of Chairperson Marie Marston's 11 years of service with the Parks, Beaches and Recreation (PB&R) Commission. The Commission and staff presented her with the announcement at the May 2, 2017 PB&R Commission meeting.

Chairperson Marie Marston has termed out, and this Tuesday's meeting was her last meeting as a Commissioner. She has already driven by the tree location and is very appreciative, and will be watching the tree as it grows.

Thank you, Marie Marston, for your service!

Complement Received and Appreciated: Civic Center Grounds

From: Lynda Adams
Sent: Friday, April 21, 2017 2:52 PM
To: Kiff, Dave <DKiff@newportbeachca.gov>
Subject: Re: Newport Beach Insider's Guide - Tuesday, April 25, 2017

Hi Dave, Just wanted to share with you my amazement and enjoyment of the Library and Civic Center grounds. My husband and I were there last weekend to see Ron Yeo's exhibit. Ernie worked with Ron when both were real live architects, many moons ago. Ron's whimsical pieces hit the spot. But the grounds were spectacular! The wisteria on the front of the Library, the ceanothus on the walkways, the pines, the sages and the dry garden on Avocado, just fabulous! The M&O folks who keep up the grounds are to be congratulated for nurturing a great design. Such a feast for the eye and the soul. Please pass on our joy to all who make this possible.

Balboa Island Parade

Public Works and Municipal Operations Departments were a HIT!

John Wayne Park Dedication Preparation

In preparation for the dedication ceremony at John Wayne Park, the Landscape Division coordinated a new park sign. In addition to the sign, the trees were trimmed, the lawn was fertilized, sprinkler heads were replaced, a new flagpole was installed, and new decomposed granite was placed around the Special Coral tree.

The Concrete Crew poured a new concrete walkway and fixed the base around the new flagpole, and the existing plaques were refurbished.

Newport Aquatic Center Entrance Improvements

City staff had received complaints from local residents of loud, disruptive noise coming from vehicles entering the Newport Aquatic Center (NAC) after hours. The dirt and parking areas are being utilized without permission for car racing and as a place for loitering activities, leaving a lot of trash on the ground. In order to stop the flow of traffic into the NAC after

closing, the Public Works and Municipal Operations Departments worked together to install spike strips and signage. The exit gate remains open to allow vehicles to leave the premises, while preventing vehicles from entering once the center is closed.

Fishing Out a Boat

This week, MOD Field crew members assisted with a 30-foot boat that had washed ashore at the beach on 13th Street. Caught up in the surf, the boat crew had to abandon ship. Field Maintenance crew utilized heavy equipment to drag the boat out of the water and a private company hauled the boat out of the beach.

Finley Tract Flooding

On Wednesday May 24 at 8 p.m. crews responded to calls about flooding at 36th and Short Street in the Finley Tract. When crews arrived, police and fire units were already on scene and had blocked several flooded streets where some areas were two feet deep in water.

A contractor that recently demolished a home had removed a concrete planter that was also serving as an extension of the seawall. City crews immediately placed sand bags to minimize flooding and began pumping the water back into the bay. Fire crews went door to door checking on residents and offering sandbags. In combination with

pumping and the tide level declining, the water subsided within a short time. Approximately 12 garages were flooded, as well as one home and a couple of cars.

On Thursday May 25, City crews worked with the property owner's contractor to build a temporary sandbag wall as the tides were expected to be even higher than the night before. By 9:30 p.m. it was noticed that the temporary sandbag wall was not holding. With the assistance of the community residents, crews again moved sandbags and began pumping. Efforts were successful and no further homes were affected.

A big thank you goes to our Police, Fire, community members and the Municipal Operations crews for responding so quickly and reducing property damage. We would also like to thank Seimone Jurjis and his staff of the Community Development Department for working with the property owner and contractors to install a better temporary seawall, which held during the third high tide on May 26. Plans are in the works for a permanent seawall in the coming months.

NEWPORT BEACH POLICE DEPARTMENT OFFICE OF THE CHIEF OF POLICE

TO: Dave Kiff, City Manager

FROM: Jon T. Lewis, Chief of Police

DATE: June 9, 2017

SUBJECT: CITY MANAGER'S NEWSLETTER

PUBLIC SAFETY DAY - RECAP

On Saturday, May 20, the Newport Beach Police and Fire Departments hosted Public Safety Day—a family-friendly event held at the Police Department and Fire Station.

Aside from delicious refreshments, the event was filled with activities, Police and Fire Station Tours, Lifeguard displays, fire engines, police vehicles and live demonstrations. Please click [here](#) to view additional photos of the event on our Facebook page.

An attendee at the event commented that they were "...proud to see such fine quality members of both departments." I agree with this sentiment, and I would like to say thank you to the Police and Fire Department members who organized and worked during this event.

FIELD OF HONOR

On Saturday, May 20, Lieutenants Cartwright and Fischbacher attended the 8th Annual Field of Honor ceremony hosted by the Exchange Club of Newport Harbor. Officers Farris and Olivas also represented the Police Department as members of our Honor Guard. This event recognizes military service members by flying 1,776 flags in Castaways Park from Armed Forces Day through Memorial Day.

PREVENTION THROUGH EDUCATION

On May 24, the Newport Beach Police Department hosted a Licensee Education on Alcohol and Drugs (LEADs) training seminar, put on by the Department of Alcoholic Beverage Control. Forty-seven servers, bartenders and managers attended the class, most from local bars and restaurants. The 4-hour seminar was taught by a retired ABC Supervising Agent, and it provided attendees with

practical information on serving alcoholic beverages safely, responsibly and legally as well as preventing illicit drug activity at licensed establishments.

At the conclusion of the class, attendees were required to pass an exam on the material that was covered. Each person who fulfilled all of the training requirements received a certificate, via email, certifying they successfully completed a LEADs training seminar.

The Newport Beach Police Department expects and encourages establishments to act responsibly relative to their alcoholic beverage license privileges. Our goal is to provide them with the tools and support where appropriate.

We will be hosting another class on June 12 in order to prepare our alcohol establishments for summer. I would like to thank Civilian Investigator Wendy Joe for coordinating this important training seminar for our community.

EVERY 15 MINUTES AT NEWPORT HARBOR HIGH SCHOOL

On Wednesday and Thursday, May 31 and June 1, the juniors and seniors at Newport Harbor High School participated in the “Every 15 Minutes” program. This program is designed to show high school students the dangers of drinking and driving.

On the first day (Wednesday), an NBPD volunteer in the guise of the “Grim Reaper” roams from classroom to classroom, collecting students who have been pre-selected to participate in the event. As each teen is excused from class, a uniformed Police Officer reads an “obituary” to his or her classmates. These students represent the statistic that gave the program its name: every 15 minutes, someone in the United States dies as a result of an alcohol-related traffic collision. These students are then given an unsettling makeover: their faces are painted with black-and-white makeup, signifying that they are the “living dead” who represent the nation-wide average of more than 20 DUI-related deaths that will occur over the course of the rest of the school day. A special effects artist from Knott’s Scary Farm also spent the morning creating realistic wounds and injuries on four other students, who will play a significant role in the next segment of the program.

Later that morning, the juniors and seniors hear the 9-1-1 call from the accident over the loud speaker. As they file out of their classes and take their seats in the bleachers, they are faced with a tragic scene. Four of their classmates are in damaged vehicles or on the asphalt nearby—victims of what appears to be a terrible traffic collision (as staged by the Police and Fire Departments). Emergency personnel respond to the scene and attempt to render aid. Medics transport two of the teens to Hoag Hospital with life-threatening injuries and, with heavy hearts, declare that both of the students have “died.” The fourth and only surviving student is “arrested” for Driving Under the Influence as staff from Pacific View Mortuary take the “deceased” student away in a hearse, followed by a somber train of the “living dead”. With this striking image fresh in their minds, the juniors and seniors return to their regular schedule for the rest of the day.

The 19 participants (18 students and one teacher), however, are not done. They participate in a number of activities under the supervision of Police Department staff and a teacher from Newport Harbor High School. After tours and talks at Pacific View Mortuary and Harbor Justice Center, the students are lodged at the Ayres Hotel in Costa Mesa overnight. There, guest speakers share personal stories of loss and tragedy from DUI-related accidents. Supported by their chaperones, the students begin to share their own experiences and feelings with the group. Before they go to bed for the night, each student writes a letter to his or her parents that begins with the words, "Dear Mom and Dad, today I died and I never had a chance to say..."

On Thursday morning, all of the junior and senior students file past a casket on their way to an assembly in the Auditorium. They are shown a video of the previous day's activities, including simulations of the Emergency Room scene at Hoag, the booking process at the NBPJ Jail, the bail hearing at Harbor Justice Center and the death notifications to the parents of the students involved in the accident. Two of the "living dead" share the letters that they wrote the night before, and the family of the "accident victims" share similar letters. A Guest Speaker from Mothers Against Drunk Driving then addresses the students, sharing personal testimony about the pain of losing her best friend to an alcohol-related fatal collision when she was in high school.

This dramatic and moving two-day event is the result of months of planning by our designated School Resource Officers, who put on an Every 15 Minutes event each year, alternating between Newport Harbor and Corona del Mar High Schools. Funding for the Every 15 Minutes Program was made possible by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration and by the generous support of local businesses and community members.

SPECIAL OLYMPICS TORCH RUN... AND TIP-A-COP EVENT

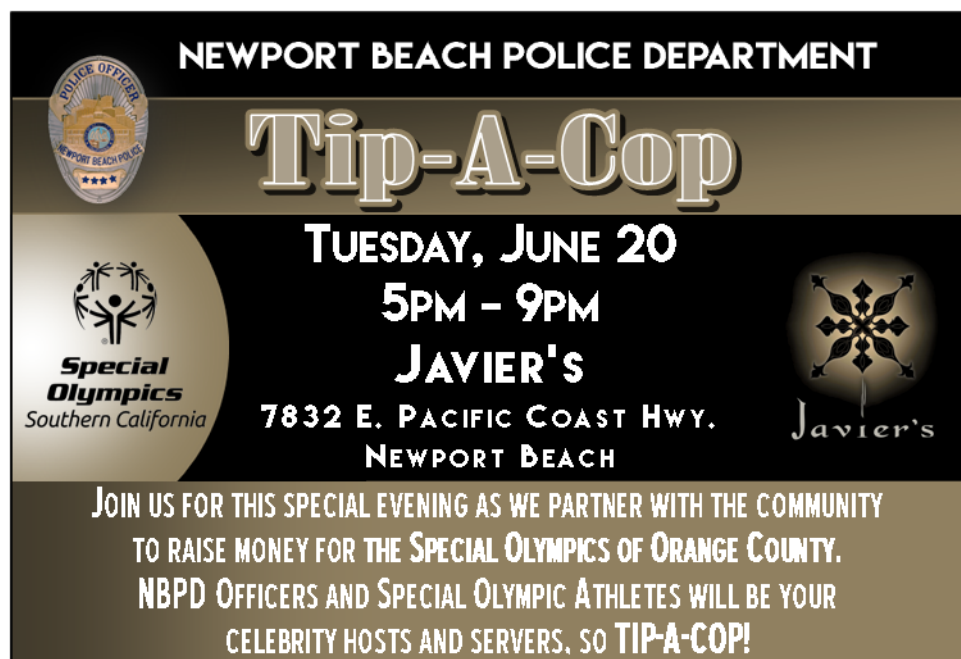

On Thursday, June 1, more than twenty sworn and civilian Police Department runners participated in the 2017 Special Olympics Law Enforcement Torch Run. We received the torch from California Highway Patrol at Pacific Coast Highway and Jamboree, and continued the relay to Mariners Park, where we passed the torch off to representatives of the Costa Mesa Police Department. This event serves as a fundraiser and provides awareness to the Special Olympics of Southern California. Our department is honored to participate in this worthy cause.

In a week, we are also participating in another event to support the Special Olympics:

On Tuesday, June 20, from 5 p.m. to 9 p.m., Newport Beach Police Department personnel will serve as celebrity hosts and servers at Javier's Restaurant at 7832 Pacific Coast Highway. All monies raised at this annual Tip-A-Cop event will go to support Special Olympics activities in Orange County. In past events, the Newport Beach Police Department has raised \$10,000 each year for Special Olympics Southern California—Orange County Region.

Special Olympics athletes are children and adults with intellectual disabilities who are like other athletes—they love to train and compete, whether they win or lose. The Special Olympics provides the athletes with the chance to develop physical fitness, sports and social skills, and self-esteem.

Come join us for a fun event, with great food, all to benefit a good cause! We hope to see you there.

Lido Village & West Newport Water Main Replacement

Construction for the Lido Village and West Newport Water Main Replacement project is finally underway. The contractor (Paulus Engineering, Inc.) began work on May 8 and has already completed water main improvements related to the Lido House Hotel development located on 32nd Street.

Currently, the contractor is busy installing valves along Balboa Boulevard in preparation for water main replacement work in the West Newport community.

The first order of work in this community will be to replace the old cast iron water main located in the alley between 44th and 43rd Street, and Balboa Boulevard and River Avenue. This work will begin June 8 and should be completed by June 30. After the July 4 holiday, the contractor will begin water main replacement in the next alley located between 43rd and 42nd Street.

New Water Main on 32nd Street

Central Library Restroom Rehabilitation Project

Peninsula Trolley Sign Unveiling

Headwaters To Oceans Conference (H2O)

Last week Public Works staff attended the University of California Irvine, Headwaters to Oceans Conference. This two-day event brought out the brightest minds in academia, governmental and non-governmental agencies, all working to preserve and restore what some folks call, “the earth’s lungs”. The ocean.

Topics included, water quality, sea level rise, coastal erosion, ocean acidification and pollutant reduction.

*One theme stood out during the sessions and keynote speaker presentations; **“IF YOU’RE PASSIONATE AT WHATEVER YOU DO, SOMEONE WILL LISTEN, OR STOP TO WATCH YOU”.***

Street Slurry Seal Program

Slurry Seal Program is underway and will continue for the next two weeks. Four million square feet of slurry seal will be applied to streets in the Dover Shores and Bay Knolls communities. This project also includes seal coating Castaways bike trail and Mariners Library parking lot.

National Bike Month

May is National Bike Month, which is intended to bring more awareness to cycling within our communities. In addition to the City's casual Bike at Work day, Brad Sommers was invited to join Caltrans and the Orange County Transportation Authority at their Bike Month rallies. Each rally "rolled" through different cities and provided a great opportunity to discuss the state and future of cycling with other agency professionals and advocates.

Fire Station #3 Roof Replacement Project

Fire Station #3 located next to Police Headquarters along Jamboree Road is receiving a new roof. The roof has not been replaced since the building was constructed in 1973. A similar roofing system will replace the aging product which will improve drainage and provide several improvements to the building. Although the roof was maintained very well it was showing its age and needed to be replaced.

Currently, the contractor is placing flashing and sealing the HVAC units; next week a few touchup

items. The last steps include spraying a roof sealant followed by placing gravel over the entire roof surface. Once replaced, the roof on Fire Station #3 will be good for the next three decades.

Bonita Canyon Sport Park Pickleball Courts

Pickleball?...Yes, after planning and design, pickleball is coming to Newport Beach, specifically Bonita Canyon Sports Park.

What is pickleball? According to Wikipedia, pickleball was invented during the summer of 1965 on Bainbridge Island, Washington, at the home of Joel Pritchard. He and two of his friends, Bill Bell and Barney McCallum, returned from golf and found their families bored one Saturday afternoon. They attempted to set up badminton, but no one could find the birdie. They improvised with a Wiffle ball, lowering the badminton net, and fabricating paddles from plywood. There are a few different accounts on how the game was named pickleball.

Construction started last week and the courts should be ready for play by September 2017. If you have any questions please do not hesitate to contact Peter Tauscher at 644-3316.

New Flashing Beacon at Via Lido Crosswalk

Installation of New Flashing Beacon System to improve pedestrian visibility at a highly used crossing on Via Lido at Via Oporto - just in time for the summer season.

Newport Terrace Storm Drain

Many folks may not know about Newport Terrace, a Newport Beach community located north of 19th Street close to the Santa Ana River. It is situated just downstream of Canyon Park, a local jewel located within the City of Costa Mesa.

A large storm drain under the Newport Terrace community conveys storm runoff that flows from Canyon Park. The Newport Terrace Community Association has made improvements to the storm drain inlet that falls just outside City of Newport Beach city limits and within City of Costa Mesa Right-of-Way. Based on successful completion of those improvements, the City of Newport Beach's Municipal Operations Department will take over responsibility for keeping the inlet free of accumulated debris. Engineers and maintenance staff from both cities will continue to meet annually before the rain season to confirm the stream in Canyon Park is free of large debris that could potentially block the storm drain inlet.

Poppy Avenue

Poppy Avenue is now substantially completed and the new trees are in bloom.

RECREATION & SENIOR SERVICES DEPARTMENT

OASIS FITNESS CENTER GETS MODERNIZED

Studies have shown that maintaining a healthy fitness regimen can help improve the quality of life for elderly adults. Physical activity can help instill balance and positivity to both the mind and body by alleviating anxiety, stress, and tension. The OASIS Fitness Center is a great resource for active seniors looking to improve their lives with some exercise. Last week was an exciting time for both the patrons and staff of the Center; as old equipment was replaced and new pieces were introduced. This is the first update to the equipment at the facility since its grand opening in 2010.

Special thanks go out to the Newport Beach Fire Department staff and the Recreation Leaders who assisted with the removal of two treadmills along with a piece of cardio equipment! The new equipment was installed the next day and the Fitness Center members were introduced to the new technology.

Happy and fit members makes the OASIS Fitness Center a great place!

AMERICAN RED CROSS CPR/FIRST AID/AED TRAINING

As part of the City's Bright Idea Award, OASIS staff members Leslie Hardy and Julie Anding, both American Red Cross instructors, provided two, 4 ½ hour certification classes to Human Resources, Public Works and Recreation staff in May. Participants received an American Red Cross certification that is valid for two years. One participant expressed their thanks by saying, *"Thank you for the informative and entertaining first aid training yesterday."*

We look forward to offering other learning and certification opportunities for staff in the future.

YOUTH PROGRAMS AT A GLANCE

Knowledge is key, so learn about some of the many youth programs run by the Department for the community.

Mayor's Youth Council (MYC)

A dedicated group of teens (52) who strive to improve the Newport Beach community through participation in local government and charitable works. The MYC primarily focuses on:

1. *Government Experience*
 - Participation in their own council debating on topics & voting issues.
 - Attending several City Council meetings and community meetings.
2. *Community Service*
 - MYC's goal this year is to volunteer over 500 hours.
3. *Youth & Government Day*
 - 21 teens participated in a one day in-service, with staff and council.

Active Kids

The most popular after school program within the city is Active Kids. This subsidized program is available at three different locations; Mariners VJC Room, Newport Elementary, and the Community Youth Center (CYC).

1. *Impact*
 - In the 2016-2017 school year, over 2,745 hours of affordable care were provided.
 - The programs serves up to 165 participants daily.
2. *Kids for Peace*
 - A curriculum introduced in Fall 2016 with the mission to empower our kids to be leaders in our community through acts of kindness.
 - CYC Active Kids collected and donated 105 pairs of socks to the Salvation Army.

Preschool 101

Preschool 101 is a fun and safe environment for participants to learn and socialize. This program is an introduction to toddlers to a classroom environment and follows the curriculum guidelines to prepare for kindergarten.

1. *Impact*
 - In the 2016-2017 school year, over 957 hours of childcare for pre-school age children.

Summer Programs on the horizon...

Ten weeks of staff-run full day camps are provided at two different locations for kids ages 6-12 yrs. Eight weeks of half day morning camps are provided for kids ages 3-5 yrs.

1. *Impact*
 - Out of 1,300 spots, 92% are already filled.
 - The Department will provide over 1,190 hours of quality childcare for ages 3-12 yrs.

OASIS HOSTS BACKHAUSDANCE WORKSHOP

Over 20 people participated in the one day, Backhausdance workshop on May 22 at OASIS. The contemporary dance company offered a 75 minute dance and movement class. Participants were introduced to the combined elements of modern ballet and creative movement dance.

Feedback for the class was positive and the participants enjoyed themselves during this free workshop.

SOUTHERN CALIFORNIA MUNICIPAL ATHLETIC FEDERATION (SCMAF) OC TRACK MEET 2017

On May 21, Recreation staff assisted with the annual SCMAF Orange County Meet at Estancia High School in Costa Mesa. The City of Newport Beach was well represented with over 120 athletes who registered for the county event, and competed against athletes from cities all over the county. Of those athletes who registered, 66 of them ran fast enough, jumped long enough, or threw far enough in a variety of events to qualify for the SCMAF Finals on Sunday, June 4 in Downey. The SCMAF Finals is the final track meet in 2017.

Good luck to all the athletes competing this Sunday, June 4!

Visit our website at www.newportbeachca.gov/sports for results from the City's track meet and links to more information about other youth sports offerings.

SUMMER CAMP FEATURES

Over 500 camps coming this summer to residents and visitors in Newport Beach!

- Fore! *Tee It Up* with SCGPA as they teach beginners the rules of golf, while giving the more advanced players tips and tricks to perfect their swings.
- *Painting, Sculpture and Clay* with Lisa Albert will guide campers to use a variety of mediums from paint or clay to metal embossing to explore creative outlets while making their own original pieces.
- Volley OC is back with *VolleyOC Sand Sports*, which will run fun volleyball drills and games on the beach. The day ends with time playing in the water!
- Does your child love sleeping in? Do you have summer vacations planned, but your child still wants to attend camp? Check out our new *Video Game Coding & Design* camp done entirely online! Campers work at their own pace to develop their very own video games from home or on the go!
- Are you looking for more of an extreme summer? Take a look at a *Skateboarding Camp* by Skatedogs. All levels are welcome and all levels will have a memorable time.
- Want to combine creativity with theatrics? Look out for *Theater Star* camps by Take the Stage Production. Different themes for different weeks, acting has never been more fun.

If you are interested in any of these camps or the many more that we have to offer, visit www.campnewport.com.

OCTA PRESENTATION

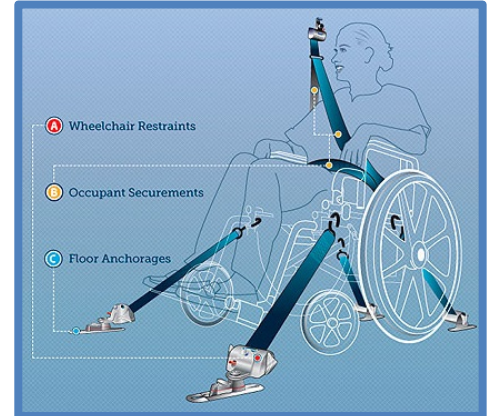

On Thursday, June 1, Jeremy Engle, Transportation Coordinator, gave a brilliant presentation at OCTA headquarters in Orange on the OASIS transportation program. This was the bi-annual meeting of Senior Mobility Program providers in Orange County. OCTA requested that we give a presentation on how our program operates since we have one of the most successful in-house senior transportation programs in the county.

Kudos go to our great staff and to Jeremy for his presentation!

OASIS TRANSPORTATION DRIVER TRAINING

On Tuesday, May 30, the drivers participated in a safety training on proper wheelchair securement, provided by Qstraint. The training detailed how to properly anchor wheelchairs to the floor of the vehicles and how to ensure passenger seatbelts are being utilized in the best way, to prevent injuries.

This training was informative and will help ensure seniors are safe while riding in our City vehicles.

MUCH ADO ABOUT FENCING

A few city parks and athletic fields had repairs and improvements completed on their fencing this spring.

Peninsula Park

The Municipal Operations Department's Parks Division in conjunction with the Recreation and Senior Services Department improved the fence and sod around the perimeter of Peninsula Park. We replaced over 400 feet of fencing with a powder-coated material to better withstand our marine environment and help to avoid rust. The contractor Park West replaced and leveled over 4000 feet of sod, in and around the perimeter of the park.

Before

After

Bob Henry Park

Eight foot high extensions on two backstops to block foul balls from traveling into residential areas, the playground and Dover St.

**Grant Howald Park**

One hundred sixty feet of replacement netting along the homerun fence at Grant Howald park to protect the adjacent neighborhood.
