

FREE School Assembly!

The Municipal Water District of Orange County (MWDOC) and Discovery Science Center are excited to offer **FREE Water Education Assemblies** to Orange County Schools! These assemblies are grade-specific and align with the **California State Science Content Standards**.

Based on grade level, students will explore topics such as:

- The importance & scarcity of water in Southern California
- The water cycle
- The three sources of water
- Water storage, filtration, treatment, recycling and conservation

Students will role play water molecules, investigate human impacts on water and learn how to control pollution.

**Call (714) 542-2823 ext. 5106
to reserve a date for a
FREE School Assembly!**

*Programs are available to Orange County
Schools - Dates are limited!*

Teachers will receive FREE sets of classroom materials to use in conjunction with grade-specific programs!
