

C-5044

**South Coast
Air Quality Management District**

Contract No. **ML11045A**
Modification

MODIFICATION TO CONTRACT

This modification consists of 3 pages.

1. RECITALS

- A. The South Coast Air Quality Management District (hereinafter "AQMD") and the City of Newport Beach (hereinafter "CONTRACTOR") have previously executed a Contract No. ML11045 for the purchase of one natural gas heavy-duty vehicle.
- B. CONTRACTOR has requested and the AQMD has approved an extension to the Contract term due to city funding issues. Therefore, a modification to this Contract is necessary to extend the date by which performance must be completed.

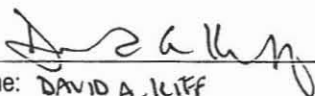

2. MODIFICATION - The parties therefore agree to modify the existing Contract, at no additional cost to AQMD, as follows:

- A. The term of this Contract is extended for an additional period commencing August 3, 2018 and terminating August 2, 2019.
- B. Attachment 1A - Statement of Work, attached hereto and included herein by this reference, supersedes the original Statement of Work.
- C. All other provisions of the above-referenced Contract shall remain in full force and effect.

Contract Number ML11045A**

Project Description

CONTRACTOR will purchase one (1) natural gas heavy-duty vehicle as specified below.

Statement of Work

Vehicles

CONTRACTOR shall purchase one (1) natural gas heavy-duty vehicle, with gross vehicle weight rating greater than 14,000 pounds and equipped with a dedicated compressed natural gas-fueled (CNG) engine. Vehicle is required to operate for a minimum of five years, but it is expected that the vehicle will continue to operate for its entire life expectancy.

Vehicles	Life Expectancy
(1) CNG Vacuum Sewer Cleaning Truck	12 years

Each engine must be certified by the California Air Resources Board (CARB) at, or cleaner than, the 2010 heavy-duty engine emission standards of 0.2 g/bhp-hr for oxides of nitrogen (NOx) and 0.01 g/bhp-hr for particulate matter (PM).

CONTRACTOR shall be reimbursed for vehicle according to the costs stated in Attachment 2 – Payment Schedule.

Promotion

CONTRACTOR shall prepare and submit a proposed Public Outreach Plan to promote the acquisition of the MSRC co-funded vehicle. Acceptable outreach may include, but is not limited to, notices in CONTRACTOR mailings to residents, newspaper notices, flyers, and information items at CONTRACTOR Board meetings and community events. The Public Outreach Plan shall automatically be deemed approved 30 days following receipt by AQMD staff, unless AQMD staff notify CONTRACTOR in writing of a Public Outreach Plan deficiency. CONTRACTOR shall implement the approved Public Outreach Plan in accordance with the Project Schedule below.

Contract Number ML11045A**

Project Schedule (based on date of Contract execution)

Task	Completion
Order vehicle	Month 416
Submit Public Outreach Plan	Month 719
Take delivery and place vehicle in service	Month 426
Implement Public Outreach Plan	Month 4628
Quarterly reports	Months 4, 7, 10, and 13, 16, 19, and 22
Final Report	Month 48 30

Hardware: Natural gas-fueled vehicle as listed above.

Reports

Quarterly Reports: Until subject vehicle is entered into service, CONTRACTOR shall provide quarterly progress reports that summarize the project results to date including, but not limited to: tasks completed, issues or problems encountered, resolutions implemented, and progress to date. Progress reports that do not comply will be returned to the CONTRACTOR as inadequate.

Final Report: A Final Report shall be submitted by the CONTRACTOR in the format provided by AQMD staff. Report shall include, at a minimum: a) an executive summary; and b) a detailed discussion of the results and conclusions at this project. CONTRACTOR will identify any barriers encountered and solutions developed to overcome the barriers, and impact of project on future alternative fuel projects.
