HARBOR RESOURCES

PUBLIC NOTICE

201 - 207 Carnation Avenue *Dock Replacement Project*

The project proponent at 201 – 207 Carnation Avenue is proposing a project which includes replacement of an existing two slip dock system with a system capable of berthing nine vessels as described in the enclosed attachment.

This dock replacement project will be considered by the Harbor Commission on:

Wednesday, March 12, 2008
6:00 PM
City Hall Council Chambers
3300 Newport Blvd.

The Harbor Commission will be requested to advise the City's Harbor Resources Division on the Approval in Concept necessary for this dock replacement project to be considered by the City's Building Department and federal and state regulatory agencies. The Harbor Commission will also be requested to advise Harbor Resources on any proposed special conditions that may be placed on this dock replacement project. The public is invited to provide comments at this meeting.
