

## Project Facts

The **Marina Park** project encompasses a 10.5-acre site and involves new construction of a public park; a 24,000-square-foot Community and Sailing Center building; a 23-slip marina; a reconstructed 19<sup>th</sup> Street restroom building; a freestanding playground lighthouse feature; themed playground; outdoor fitness circuit; parking lots; and frontage street improvements. The buildings in this project are designed to meet LEED Silver rating requirements.

The park will also be home to the new 6,100-square-foot Girl Scouts Leadership Center, which is being funded entirely by the Girl Scouts of Orange County.
