THE NEWPORT DIVIDEND

Closing Thoughts

- The city is in good financial shape
- We lead a quality of life envied by many
- We are going to Celebrate our Successes
- We can't rest and must always be vigilant against those things that would weaken our quality of life
- We are going to Continue the Momentum

Closing Thoughts

- We are evolving into a smarter, faster, smaller local government
- We are proud of our staff and their ability to carry out Council policy
- We should use less of our harbor for boat storage and more for resident and visitor recreation
- We hope to play more golf
- Provide relief from many residential building fees
