

CITY OF NEWPORT BEACH

HARDY FRAMES AND SHEAR WALLS

April 21, 2015 / 1:00 PM – 4:00 PM

Civic Center Community Room

100 Civic Center Drive

Dear Design Professional and Contractor:

You are invited to attend a public information workshop offered by the City of Newport Beach coordination with Hardy Frame. The purpose of the workshop is to help the design professional and contractor on **design and installation of HFX shear panel system**. The following topics will be discussed:

- *Designing with Hardy Frame shear walls and moment frames*
- *Design engineer's responsibilities for designing the load path to the shear wall system (including collectors) and away from the shear wall system (including floor systems & foundation design)*
- *Back to back installations*
- *Proportioning loads*
- *Checking cumulative loading*
- *Detailing anchorage, bottom and top connections with HF typical installation detail sheets*
- *Provide an outline of foundation design requirements*
- *Plan submittal and when HF calculation packages are required*

Workshop Date: Tuesday, April 21, 2015

Location: Civic Center Community Room
(adjacent to the Civic Center Council Chambers)
100 Civic Center Drive, Newport Beach

Time: 1:00 PM to 4:00 PM

Please RSVP that you will be attending the workshop to Debi Schank at:
dschank@newportbeachca.gov or (949) 644-3284.

Regards,

Seimone Jurjis, PE, CBO
