Buck Gully Upper Loop Evening Hike

Led by Irvine Ranch Conservancy Staff

Explore the richness of Newport Beach’s Buck Gully Reserve as we hike during the beautiful early evening hours. The stream is running and the rich plant and animal life are enjoying the cool, shady canyon, making for a fantastic evening hike in a natural oasis amid the suburban surroundings. We’ll walk along San Joaquin Hills Road, which overlooks Buck Gully, for the first mile and then drops down into the canyon on the Bobcat Trail, hikers will loop back through the upper end of the gully along the Buck Gully Trail.

- Walking pace, approximately 3 mph.
- **Distance:** 4 miles
- **Duration:** 2.5 hours
- **Difficulty:** Moderate

Bridges of Buck Gully Hike

Led by Irvine Ranch Conservancy Staff

Buck Gully is a natural, coastal canyon which opened to the public in 2012 with the installation of four bridges to allow for safe public access. These bridges facilitate exploration of the Buck Gully Reserve, and also provide viewing platforms from which to pause and observe the abundant life in and around the stream. The guided program starts with a short walk from the OASIS Senior Center to the beginning of the Buck Gully trail, offering a visually dramatic entrance into this special canyon.

- Walking pace, approximately 3 mph.
- **Distance:** 5 miles
- **Duration:** 3.5 hours
- **Difficulty:** Moderate

DID YOU KNOW?

The Crystal Cove State Marine Conservation Area is one of 146 Marine Protected Areas in the state of California. The protected area ranges from Corona Del Mar State Beach all the way to the border of Laguna Beach. During peak summer months, it is essential to minimize human impacts on these sensitive areas, remembering the 4 rules of the tidepools: don't remove anything (even shells!), observe animals where they are, walk gently and avoid stepping in pools of water, and never turn over rocks. With your help, we can continue to maintain the tidepools as a rich ecosystem of unique and beautiful organisms. We hope to see you at Little Corona this summer, you might get lucky and see something cool, like the navanax!

Special Needs Classes

The City of Newport Beach is proud to serve participants with special needs. Patrons are encouraged to enjoy an assortment of activities through our recreation classes and programs as well as specialized adaptive recreation programs.

See our *Natural Resources* section for field trips that can be adapted for participants with special needs.

Beach & Bay

15th Street Beach Camp

Ocean Adventure Programs

PROFESSIONAL – EDUCATIONAL – EXPERIENCED

Enjoy the best of the Beach and the Bay with Erik Nelsen's Ocean Adventure Program! Our location on the peninsula offers campers access to a variety of beach activities, including an introduction to surfing, body boarding, and fun beach games, as well as stand-up paddle boarding, kayaking and much more on the bay side! Safety is our #1 priority.

Erik Nelsen's 34 years of youth camp experience started in 1986 with Ocean Adventure Programs and has continued with Erik Nelsen Surf Camps. Erik brings structure, organization, ocean safety and years of experience to 15th Street Beach Sports.

We have a 6:1 student to instructor ratio. Our staff is CPR and First-Aid Certified. Sunscreen reapplication breaks are scheduled multiple times throughout the day. Tents are provided for shade on the beach and the bay.

Camp activities include: surfing, body boarding & body surfing, age appropriate and inclusive beach games, beach volleyball, ocean safety lessons on rip tides, currents and waves and ecology lessons. Each day students will learn something new about the beach. Pizza party is provided on Friday. Come join the fun!

- **Please bring:** backpack with snack, lunch, bottle of water, sunscreen, bathing suit, shorts, flip flops, towel, sweatshirt, and hat.
- **Notice:** simple and easy carpool-style pick-up and drop-off for parents is provided.
- **More info:** located at 15th Street in Newport Beach on the bayside.

NEW LOCATION Newport Elementary. Join Ocean Adventure Program's amazing staff and 45 years experience as we make learning a "Whale of an Adventure!" Mornings are spent at Newport Elementary, where campers will dissect a variety of creatures including a shark and a starfish, examine plankton under a microscope, test for density, watch chemical reactions, grow crystals, make fish prints, do ocean related arts and crafts, and conduct hands-on experiments. We are a 1-minute walk to the beach at 14th Street and a 3-minute walk to the bay.

Afternoons, campers go to the beach or the bay to explore the tide pools, learn about ocean safety and swim under the watchful eyes of our CPR and First Aid certified teachers and camp counselors. We have a 4 to 1 student to teacher ratio. New this year, we are adding a chance to experience surfing, kayaking and standup paddle boarding. Come one week, two weeks or more; there is always something new to learn each week! Pizza party is provided on last day. No camp 7/3, fee adjusted for that week.

- **Please bring:** backpack with lunch, snack, water, bathing suit, sunscreen, and sandals.

Kids Care

Our summer camps are packed with gymnastics, dance, games, and arts & crafts. Whether beginner, intermediate or advanced, gymnasts will improve skills and learn some new ones! Our gymnastics and dance instructors help kids collaborate and focus on creating their own routines to be showcased each Friday. Every kid deserves a fun and exciting week of gymnastics and dance, making new friends, and learning new skills in a safe and happy environment.

ChemKids & Building Scientist

Parker-Anderson Enrichment

ChemKidz

Chemistry is amazing! In this class students will discover the mystery of science and increase their understanding experimenting with cool physical and chemical reactions. Make your own bouncy balls, grow crystals, create extreme bubbles, and perform experiments with dry ice. These are just a few of the many exciting hands-on experiments students will perform in this electrifying class! All reactions are done outdoors and students wear protective goggles and gloves.

Building Scientist

Have you ever wondered what it means to think like a scientist? In this class, students will explore a wide variety of scientific fields including biology, astronomy, engineering, and chemistry. Students will conduct hands on projects and experiments including building rockets, exploring magnetism, exploring chemical reactions and physical changes, and more as they practice the Scientific Method. Science is all around us so let's jump in and have some fun.

Mindful Movement

BBY is a blend of traditional forms of yoga, like Hatha and Vinyasa, with a modern exercise science approach. Each class we work on facilitating better movement and awareness, strengthening our mind and body, and integrating everything into balancing our lives both on and off our mats. Every session focuses on different regions of the body and is synchronized into fundamental movement concepts (i.e. arms integrated with core, hips/feet and their relationship with balance, etc.). **No class 7/4**

Tai Chi - Sun Style

Diana Wong

The Sun-style tai chi chuan is well known for its smooth and flowing movements which omit the more physically vigorous crouching and leaping of some other styles. With its unique footwork and small circular movements with the hand, Sun-style tai chi improves the flow of energy inside one's body, leading to greater awareness, calmness and overall sense of wellness. This low-impact, weight bearing, relaxing exercise will improve strength and balance, and also reduce pain and stiffness. Its gentle postures and high stances make it very suitable for geriatric exercise and martial arts therapy.

ART AT THE LIBRARY

Fairy Tales by Lauren Mendelsohn-Bass

MAR 9 - MAY 8, CENTRAL LIBRARY GALLERY

Inspired by 1950's era advertising, Lauren Mendelsohn-Bass' exhibit of oils on canvas, titles *Fairy Tales*, evokes a classic Film Noir feel and its emotive German Expressionist roots. Mixing pop imagery and classic noir iconography, she draws the viewer into an enticing world, only to find all is not as it appears. Her work takes the viewer on a journey through the word of superficial reality where artificially alluring and nostalgically innocent context marks darker thoughts, ideas and actions. The mystery and drama of noir is retained while swapping the dark urban landscape of Hollywood classic films for bright colors and a façade of beautiful perfection.
