* D	Comments:			
(1) Federal law requires that a flood insurance policy be obtained as a condition of a federally backed mortgage or loan that is secured by the building located within a special flood hazard area. (2) This determination is based on the Flood Insurance Rate Map for the City of Newport Beach. This letter does not imply that the referenced property will or will not be free from flooding or damage. A property not in a Special Flood Hazard Area may be damaged by a flood greater than that predicted on the FIRM or from a local drainage problem not shown on the map. This information does not create liability on the part of the City, or any officer or employee thereof, for any damage that results from reliance on this determination.
