Re: Meeting to Share Information about Newport Beach's Aviation-
Related Activities

Dear Representative Rouda:

Working together, we believe there's an opportunity for us to make a significant difference in the quality of life for the thousands of Newport Beach residents living under the John Wayne Airport departure corridor. We realize ours is one of hundreds, if not thousands, of communities across the United States adversely impacted by aircraft noise and clamoring for relief. And, we greatly appreciate your efforts and those of the Quiet Skies Caucus toward expediting the noise-related provisions in the FAA Reauthorization Act and by advancing related legislation. We have been working hard locally as well to actively and vigorously identify, study and pursue solutions – both short and long term – to mitigate the impact of overflight noise on our community. We believe the time is right to update you on our activities and ask for your support for our plan of action.

We would appreciate the opportunity to meet, in person, when you are in the district later this month to thoroughly explain to you our history with this issue and Newport Beach's plan of action.

Sincerely,

Jeff Herdman
Council Member
Chair, Newport Beach Aviation
Committee

Diane Dixon
Council Member
Vice Chair, Newport Beach Aviation
Committee
