PUBLIC WORKS DEPARTMENT
CONSTRUCTION NOTICE

OCEAN BOULEVARD SIDEWALK
IMPROVEMENTS PROJECT (C-7623-1)

Dear Resident:

The City of Newport Beach has awarded a contract to Vido Samarzich, Inc. for the Ocean Boulevard Sidewalk Improvements project. The project scope calls for removal and reconstruction of concrete pavement, sidewalk, curb and access ramps, installing traffic striping and pavement markers, and constructing irrigation and landscaping on Ocean Boulevard between Carnation Avenue and Fernleaf as well as striping on the China Cove Ramp.

The Contractor or their subcontractor will begin work along Ocean Boulevard in two days.

Your area will be under construction during the following dates:

11/08/2021

To

3/10/2022

If inclement weather is encountered the contractor is allowed additional working days to complete the project.

Normal working hours are limited to 7:00 a.m. to 4:30 p.m. Monday through Friday.

In order to shorten the construction duration and minimize the impact to the community, traffic restrictions at and adjacent to the work locations will be required on days that work is to be performed. “No Parking, Tow-Away” signs will be posted warning that vehicles parked within the construction area will be towed away on work days. We request that you observe these restrictions and any other traffic controls in the area.

Exercise caution when driving and/or walking through the construction zones. Additionally, heavy equipment and construction materials tend to attract the interest of small children.
