IMPORTANT CONSTRUCTION NOTICE

2022 Slurry Seal Program
Contract No. 8710-1

Dear Resident:

In an effort to prolong the life and improve the appearance of your street pavement, the City of Newport Beach Public Works Department awarded a contract to American Asphalt South, Inc. to slurry seal streets within the Cliffhaven community. Please refer to the Location Map on the reverse side for limits of work.

The Contractor will begin preparing streets for slurry seal by crack sealing and edge grinding the streets starting on June 20, 2022. Crack sealing and edge grinding will be completed by July 6, 2022. Another door hanger will be given out 48 hours before slurry sealing your street. Normal working hours are limited to 8:00 a.m. to 4:30 p.m., Monday through Friday.

The slurry seal operation will require temporary closure of your street (including driving and parking) to all traffic for a maximum of one day. Temporary access, traffic, and/or parking restrictions at and adjacent to the project locations will be required while work is performed. “No Parking, Tow-Away” signs will be posted warning vehicles parked within the posted area will be towed away on work days.

The City also requests that you refrain from watering lawns, washing cars, etc. on the day of the slurry seal operation to allow proper curing. The work will be scheduled such that all streets will be opened to traffic at the end of each day. If inclement weather is encountered, the work will be postponed, and you will be re-notified.

Exercise caution when driving and/or walking through the construction zones. Most importantly, notify us of any problems so that we can respond accordingly.

Your cooperation in making this project successful will be greatly appreciated. Please contact Matt Bullman, City Project Inspector, at (949) 922-4155 or Patricia Carpenter, City Project Manager, at (949) 644-3344 if you have any questions.
2022 Slurry Seal Program
Contract No. 8710-1

Dear Resident:
In an effort to prolong the life and improve the appearance of your street pavement, the City of Newport Beach Public Works Department awarded a contract to American Asphalt South, Inc. to slurry seal streets within the Newport Heights community. Please refer to the Location Map on the reverse side for limits of work.

The Contractor will begin preparing streets for slurry seal by crack sealing and edge grinding the streets starting on June 20, 2022. Crack sealing and edge grinding will be completed by July 6, 2022. Another door hanger will be given out 48 hours before slurry sealing your street. Dear Resident:

The City of Newport Beach awarded a contract to Paulus Engineering, Inc. for the Water Transmission Main Valve Replacement-Phase 2 project. The project will replace older deteriorated large diameter valves throughout the City. Other work items include replacement of the existing deteriorated cast iron water main that services the Irvine Terrace Community.

The Contractor will begin this work in **two days**.

Your area will be under construction during the following dates:

<table>
<thead>
<tr>
<th>From</th>
<th>To</th>
</tr>
</thead>
<tbody>
<tr>
<td>6/13/22</td>
<td>7/15/22</td>
</tr>
</tbody>
</table>

If inclement weather is encountered the contractor is allowed additional working days to complete the project.

Normal working hours are limited to 7:00 a.m. to 4:30 p.m. Monday through Friday.

In order to shorten the construction duration and minimize the impact to the community, traffic restrictions at and adjacent to the work locations will be required on days that work is to be performed. “No Parking, Tow-Away” signs will be posted warning that vehicles parked within the construction area will be towed away on work days. We request that you observe these restrictions and any other traffic controls in the area.

You will receive advanced notice for all water shut-offs and crews will work quickly to minimize water service disruptions.

Exercise caution when driving and/or walking through the construction zones. Additionally, heavy equipment and construction materials tend to attract the interest of small children. Please instruct children to stay clear of all construction activities to avoid the potential for injury. Most importantly, notify us of any problems so that we can respond accordingly.

Your cooperation in making this project successful is greatly appreciated. Should you have any questions or concerns, please feel free to call:

Mike Whipple, Contractor  | (714) 742-7980
Kiel Wilcox, PW Project Inspector  | (949) 929-4538
Alfred Castanon, PW Project Manager  | (949) 644-3314

PUBLIC WORKS DEPARTMENT

IMPORTANT ADVANCED CONSTRUCTION NOTICE

Jamboree Road Pavement Rehabilitation & Reclaimed Water Conversion C-7885-2

Dear Resident/Business Owner:

The City awarded a construction contract to All American Asphalt for the rehabilitation of Jamboree Rd from Ford Rd to East Coast Hwy. Refer to the reverse side for a map of the project limits. The proposed improvements include cold milling and overlaying the asphalt pavement, reconstructing curb access ramps and median curb and gutter, extending a reclaimed water line, storm drain improvements, installing new median irrigation and landscaping, traffic signing and striping, utility adjustments, and other incidental items of work as required.

Starting on April 19, 2022, the contractor will begin constructing all necessary storm drain and reclaimed water line work. Upon completion of the storm drain and water line improvements, the contractor will begin the concrete improvements (sidewalks, curb access ramps & median curbs). Lastly, the contractor will complete the paving operation on Jamboree Road. The project is expected to be completed by mid-August 2022. If inclement weather is encountered, the contractor is allowed additional working days to complete the work.

Normal working hours are limited to 7:00 a.m. to 4:30 p.m., Monday through Friday.

Traffic restrictions at and adjacent to the work locations will be required. Traffic control devices and signs will be posted to guide vehicles around the construction area. Traffic lane closures will be required. We request that you observe these restrictions and any other traffic controls in the area.

Exercise caution when driving and/or walking through the construction zones. Additionally, heavy equipment and construction materials tend to attract the interest of small children. Please instruct children to stay clear of all construction activities to avoid the potential for injury. Most importantly, notify us of any problems so that we can respond accordingly.

The City's street sweeping will continue on its normal schedule.

Your cooperation in making this project successful is greatly appreciated. Should you have any questions or concerns, please feel free to call:

- Tom Legault, Project Inspector 949-677-0669
- Patricia Carpenter, Project Mgr 949-644-3344
