Email address:

Date of Intended Use:

Time (not to exceed 4 hours):

1. Any use of the wharf, **including docking**, requires this application. This permit must be signed by the Harbor Department and posted at the worksite. Email to the Harbor Department for signature at [Harbormaster@newportbeachca.gov](mailto:Harbormaster@newportbeachca.gov).
2. If the scope of the job requires a full sidewalk closure or closes any portion of the street, an application for a temporary street or sidewalk closure must be obtained from the **Public Works Department** (see attached form). All applicable fees shall be paid.
3. A minimum 4-foot wide pedestrian path shall be provided to accommodate pedestrian activity along the Wharf.
4. No work on weekends, holidays, or before 7:00 am or after 6:00 pm.
5. No work to exceed 4 hours.
6. All debris must be picked up on street, sidewalk, and in bay.

## REGULATIONS COVERING USE OF THIS *TEMPORARY STREET CLOSURE PERMIT*

This permit authorizes the permittee to use a portion of the public right-of-way as detailed on the front of this permit. Additional restrictions of this permit include, but are not limited to, the following:

1. Access must be maintained for emergency vehicles at all times.
2. Dumpsters and materials in the public right-of-way may not block or impede access to fire hydrants.
3. Portable restroom facilities and storage containers may not be placed in the public right-of-way. They must remain on private property at all times.
4. In parking sensitive areas 20-yard dumpsters are permitted during the demolition process only. Thereafter, small dumpsters are to be utilized during the construction period.
5. Loose dirt and/or gravel needs to have Visqueen or heavy plastic underneath and surrounded with sandbags to prevent material entering the storm drain.
6. All dumpsters, 20-yard or otherwise, shall have the company identification on each dumpster including the company name, address, phone number, and dumpster number. Reflective material is required on all sides of the dumpster.
7. All permitted dumpsters, materials, and/or vehicles shall be located adjacent to the job site only, unless otherwise noted on the front of the permit, and lawfully parked.

Any violation of the above and permitted conditions will render the permit null and void and the permittee will be subject to citations, penalties, back charges, and any other remedies deemed appropriate by the Office of the City Attorney.
