DeltaCare® USA

Dental benefits made easy!

When you enroll in a DeltaCare USA¹ plan, you'll choose a primary care dentist from our network of carefully screened, private-practice dentists. You must visit your primary care dentist to receive benefits.2

- No restrictions on pre-existing conditions (except work in progress)
- Access to specialty care and out-of-area emergency care

A partner in oral health

Your DeltaCare USA plan encourages regular dental care with an extensive list of covered services to help you stay healthy.

• Low or no copayments for services like cleanings and exams

Budget-friendly costs

With your DeltaCare USA plan, there are no surprises. You'll know your copayments, and your out-of-pocket costs are clearly defined before treatment begins.

- No deductibles or maximums³ for covered services
- Pay only your copayment (if any) at the time of treatment

Convenient services

We make it easy for you — there are no claim forms to complete, and no plan ID card is required to receive treatment.

- Access plan information online
- Change your primary care dentist by phone or online

LEGAL NOTICES: Access federal and state legal notices related to your plan: deltadentalins.com/about/legal/index-enrollee.html

³ Plans with an Accidental Injury Rider have a \$1,600 annual maximum for accidental injury. Consult your Evidence/Certificate of Coverage.

Frequently asked questions

What you need to know about your DeltaCare® USA plan

Getting started

1. How do I enroll in a DeltaCare USA plan?
Simply complete the enrollment process as directed by your benefits administrator. Be sure to select a primary care network dentist for yourself or your dependents, and indicate this dentist and the name of your group when you enroll.

2. How do I get started using my DeltaCare USA plan?

Once we process your enrollment, we'll mail you welcome materials that will include:

- The name, address and phone number of your selected primary care dentist. Simply call the dental facility to make an appointment. Important note: In order to receive benefits under your plan, you must visit your primary care network dentist for all services. If you require treatment from a specialist, your primary care dentist will coordinate a referral for you. You can change your primary care dentist by contacting us.
- Your Evidence/Certificate of Coverage (plan booklet). This useful document provides a thorough description of how to use your benefits, including covered services, copayments and any limitations and exclusions of your plan.
- An ID card. This card is for your records only you do not need to present it in order to receive treatment.

3. How long will it take to get an appointment with my primary care dentist?

Two to four weeks¹ is a reasonable amount of time to wait for a routine, non-urgent appointment. If you require a specific time slot, you may need to wait longer. Most DeltaCare USA dentists are in private group practices, which generally offer greater appointment availability and extended office hours.

4. How much will my dental treatments cost? How do I pay?

With your DeltaCare USA plan, some services are covered at no cost, while others have a copayment (amount you pay) for certain services. To find out how much a treatment will cost, refer to the "Description of Benefits and Copayments" in this brochure for a list of covered services and copayments. It's a good idea to bring your Evidence/Certificate of Coverage to your appointment in case you need to discuss your copayment for a service with your dentist. If you have any questions about the charges for a service, please contact Customer Service. If you receive treatment that requires a copayment, simply pay the dental facility at the time of service.

Choosing a dentist

5. How do I select my primary care dentist? When you enroll, you must select a primary care

dentist from the DeltaCare USA network². To search for a dentist, use the **Find a dentist** tool at **deltadentalins.com** and select the DeltaCare USA network. You must visit your selected primary care dentist to use plan benefits. Important: Dental services provided by a dentist other than your selected primary care dentist will be denied. Your primary care dentist will refer you to a specialist if any specialty care is required.

6. Does everyone in my family have to choose the same primary care dentist?

No. Each family member can select his or her own primary care network dentist.³

7. Can I change my primary care dentist?

Yes. You can request to change your primary care dentist at any time. Simply visit our website and log on to your online account or contact Customer Service. Selections made by the 15th of the month are effective immediately. Selections made on or after the 16th of the month will be effective on the first day of the following month.

¹ In TX, three weeks is a reasonable amount of time to wait for a routine, non-urgent appointment. In TX, there is no limit on the number of miles or on the dollar amount per emergency.

² In AZ, MD, and TX, if you do not select a dentist when you enroll, we will choose one for you.

³ In MA, you cannot select more than three primary care dentist facilities per family.

- 8. My dentist says she is a Delta Dental dentist, but she isn't listed in the DeltaCare USA directory. Can I still visit her for services?

 No. Delta Dental has many networks, and participation may vary not all Delta Dental dentists are DeltaCare USA dentists. You must visit your selected primary care network dentist to receive benefits under this plan.
- 9. What should I do if I need to see a specialist?

 If you require specialty dental care such as oral surgery, endodontics, periodontics or pediatric dentistry contact your primary care dentist to request a referral. Specialty dental services not performed by your selected primary care dentist must be authorized by us. You are responsible for any applicable copayments.

General plan information

10. If I'm traveling, is emergency treatment covered under my plan?

You and your eligible dependents have out-of-area coverage for dental emergencies.³ Your out-of-area emergency benefit (typically limited to \$100 per person) is for services to relieve pain until you can return to your primary care network dentist.⁴ Standard plan limitations, exclusions and copayments may apply.

11. Can I access my plan online?

Yes. Visit **deltadentalins.com** to create a free, secure online account. You can access your plan benefits and ID card, select (or change) your primary care dentist and more.

12. Does my plan cover pre-existing conditions? What about treatments that are in progress?

Treatment for pre-existing conditions (except work in progress⁵), including missing or extracted teeth, is covered under your plan. Treatment in progress includes services such as preparations for crowns or root canals, or impressions for dentures. If you started treatment before your plan's effective date, you and your prior dental carrier are responsible for any costs. Some DeltaCare USA plans may cover inprogress orthodontic treatment.

13. Does my plan cover teeth whitening?

Yes. External bleaching is a benefit under your DeltaCare USA plan. Review your plan booklet for more information and talk to your dentist about your options.

14. Does my plan cover tooth-colored fillings and crowns?

Yes. Porcelain and other tooth-colored materials are included in this plan.

15. What if I have additional questions about my plan?

Please contact us for additional support. Our Customer Service representatives can answer benefits questions as well as help you change your primary care dentist or arrange for urgent care referrals. See the back page of this brochure for our contact information.

⁵ In TX, there is no exception for work in progress for covered DeltaCare USA benefits.

³ State-specific minimum distance requirements may apply.

⁴ In TX, there is no limit on the number of miles or on the dollar amount per emergency.

If services for a listed procedure are performed by the Contract Dentist, You pay the specified Copayment. Listed procedures which require a Dentist to provide Specialized Services, and are referred by the Contract Dentist, must be authorized by Us. You pay the Copayment specified for such services.

Procedures with age restrictions will be subject to exceptions based on medical necessity.

SCHEDULE B

Limitations of Benefits

Limitations and Exclusions below with age restrictions will be subject to exceptions based on medical necessity.

- 1. The frequency of certain Benefits is limited. All frequency limitations are listed in *Schedule A, Description of Benefits and Copayments.*
- 2. If You accept a treatment plan from the Dentist that includes any combination of more than six crowns, bridge pontics and/or bridge retainers, You may be charged an additional \$100.00 above the listed Copayment for each of these services after the sixth unit has been provided.
- 3. General anesthesia and/or intravenous sedation/analgesia is limited to treatment by a contracted oral surgeon and in conjunction with an approved referral for the removal of one or more partial or full bony impactions (Procedures D7230, D7240, and D7241).
- 4. When recommending covered crown(s), bridge pontic(s) and/or bridge retainers, which are supported either by a natural tooth or dental implant, Contract Dentists may offer services that utilize brand or trade names at an additional fee. You must be offered the Plan Benefits of a high quality laboratory processed crown/pontic that may include: porcelain/ceramic; porcelain with base, noble or high-noble metal. If You choose the alternative of a material upgrade (name brand laboratory processed or in-office processed crowns/pontics produced through specialized technique or materials, including but not limited to: Captek, Procera, Lava, Empress and Cerec) the Contract Dentist may charge an additional fee not to exceed \$150.00 in addition to the listed Copayment. Contact the Customer Service Center at 800-422-4234 if you have questions regarding the additional fee or name brand services.
- 5. Benefits provided by a pediatric Dentist are limited to children through age seven following an attempt by the assigned Contract Dentist to treat the child and upon prior authorization by US less applicable Copayments. Exceptions for medical conditions, regardless of age limitation, will be considered on an individual basis.
- 6. The cost to an Enrollee receiving orthodontic treatment whose coverage is cancelled or terminated for any reason will be based on the Contract Orthodontist's submitted fee for the treatment plan. The Contract Orthodontist will prorate the amount for the number of months remaining to complete treatment. The Enrollee makes payment directly to the Contract Orthodontist as arranged.
- 7. Orthodontic treatment in progress is available to You, if at the time of Your original effective date, You are in active treatment started under Your previous employer sponsored dental plan, as long as You continue to be eligible under the DeltaCare USA Plan. Active treatment means tooth movement has begun. You are responsible for all Copayments and fees subject to the provisions of Your prior dental plan. We are financially responsible only for amounts unpaid by the prior dental plan for qualifying orthodontic case
- 8. Fabrication of athletic mouthguard is limited to once every 24 months for patients 18 and younger.
