SCULPTURE EXHIBITION IN CIVIC CENTER PARK

Phase IX on display June 2024

The Sculpture Exhibition in Civic Center Park is an integral feature of the Newport Beach Civic Center. The Park, which turned nearly half a million square feet of undeveloped land into a new public park, was designed by renowned landscape architectural firm Peter Walker and Partners (PWP). The City Arts Commission determined that a rotating exhibition, in which pieces are loaned for a 2-year period, was an optimal approach to bring sculpture to the City in a cost-efficient manner.

Admission is free, and the exhibition continues to be enjoyed by residents and guests of all ages. The rotational nature of the exhibit ensures that residents and guests are exposed to a variety of work. Selected sculptures will be on loan to the City of Newport Beach for two years.
