Newport Beach Honors the Centennial of President Ronald Reagan

Be Part of It !

February 6, 2011 marks the 100th anniversary of the birth of President Ronald Reagan. This great American statesman served Newport Beach and the greater Orange County community as our Governor and President. He expanded freedom throughout the world, brought economic growth to our country and restored America's confidence at a difficult time in our history.

A life-sized statue of President Reagan by nationally renowned sculpture Stan Watts is being commissioned for display in the City of Newport Beach. This effort will be paid for by private donations and you can leave a lasting legacy to your children and grand children to remind them of this heroic American leader.

All contributions are tax-deductable and those giving $1,000 or more will be recognized in a plaque affixed to the statue. Donors of more than $5,000 will receive larger recognition and all donors will be invited to a special unveiling event later this year.

We remember our history by the memorials we create to our great leaders. You can be a part of this effort to ensure the memory of President Reagan is not forgotten. Please join with us!
