SUBMITTAL OF 2008-2009 ONE-YEAR ACTION PLAN

Dear Mr. Vasquez:

On behalf of the City of Newport Beach, I am pleased to submit the 2008-2009 One-Year Action Plan. Through the development of the One-Year Action Plan, the City of Newport Beach has evaluated the Housing and Community Development needs and corresponding priorities established in the 2005-2009 Consolidated Plan. This evaluation shall enable the City to fully capitalize on the current funding sources as well as future opportunities and financing resources, as they become available. To that end, the City will be aggressively implementing the projects, programs and activities contained within this One-Year Action Plan.

With your help and partnership, we can improve our lower-income neighborhoods and make all of Newport Beach an outstanding place to live and work. We look forward to your consideration of our 2008-2009 One-Year Action Plan.

Should you require additional information or clarification regarding this plan submittal, please do not hesitate to contact me at (909) 476-6006 extension 103.

Sincerely,

Rudy E. Muñoz
Program Consultant

c: Patricia Brown, CPD Representative, U.S. HUD

CITY OF NEWPORT BEACH ANNUAL ACTION PLAN
FOR PROGRAM YEAR 2008-2009

Chapter 1. EXECUTIVE SUMMARY

1. EXECUTIVE SUMMARY

Overview of Consolidated Plan Process

Each year, the City of Newport Beach receives Community Development Block Grant (CDBG) funds from the U.S. Department of Housing and Urban Development (HUD). These funds are used to benefit the low- and moderate-income residents of the City in three (3) ways:

- By providing decent housing;
- By providing a suitable living environment; and
- By expanding economic opportunities.

To ensure that the funds are used to meet the most urgent needs in the community, the City develops a community needs assessment. The needs assessment includes quantitative and statistical research, resident survey results, and input from local non-profits and service agencies. Based on the needs assessment, the City compiles a list of goals and objectives to meet the community's needs in a Strategic Plan. The objectives address housing, homeless, and other community development needs. A summary of the current strategic plan is included in this Plan. Together, the community needs assessment and the Strategic Plan form the Consolidated Plan. The Consolidated Plan is developed every five (5) years.

In accordance with HUD requirements, the One-Year Action Plan will be submitted to HUD at least 45 days prior to the beginning of the 2008-2009 Program Year.

One-Year Action Plan for 2008-2009 Program Year

The City's Economic Development Division is responsible for developing the annual action plan and administering the programs included in the plan. This department made the following efforts to include all community stakeholders in the development of the action plan. This appendix has copies of the public notices and a summary of public comments received.

This is the One-Year Action Plan for program year 2008-2009, a component of the 2005-2009 Consolidated Plan. It describes how the City will utilize the new HUD grant funds and other available resources to undertake programs and projects that will help the City meet the goals and objectives outlined in its Consolidated Plan.

In the 2008-2009 Program Year, which starts July 1st, 2008 and ends June 30th, 2009, the City of Newport Beach will receive \$355,659 in CDBG Funds. The City will allocate these funds to the following programs:

Request for Proposals

The City published a Notice of Funding Availability (NOFA) on December 13, 2007 in the Daily Pilot newspaper. The City also made the application available on the City’s website and mailed applications to agencies receiving funds in the current year as well as those that had expressed interest. Agencies were given until February 5, 2008 to submit proposals. In response, four (4) public service providers and two (2) City Departments/Sections submitted applications for CDBG grants for Fiscal Year 2008-2009. The following organizations were involved in this process:

- Fair Housing Council of Orange County
- Human Options
- Families Forward
- Serving People In Need
- South County Senior Services, Inc.
- City of Newport Beach – Public Works Department
- City of Newport Beach – Economic Development Division

Citizen Participation

The draft One-Year Action Plan was made available to the general public for a period of 30 days prior to holding the City Council public hearing in order to provide residents or agencies the opportunity to review the recommendation for funding. In compliance with the City’s approved Citizen’s Participation Plan and CDBG implementing regulation 24 CFR 92-105, a Public Notice was published to solicit public comments from interested citizens and to consider and approve the City’s 2008 One-Year Action Plan. The public hearing comment period ran from March 7, 2008 to April 8, 2008. No comments were received from the public.

As a prerequisite to submitting its Annual Action Plan, the City’s Citizen Participation Plan and CDBG implementing regulation require that a public hearing be held to allow citizens and public service agencies an opportunity to express their views concerning the use of said funds. Said public hearing was held on April 8, 2008 before the City

1. EXECUTIVE SUMMARY

Council. A total of three (3) public service agencies and two (2) City Departments were present. Agencies in attendance were given an opportunity to present their program and make a formal request for the funding of their program. Representatives from Families Forward and Serving People in Need spoke at the Council meeting on behalf of their programs. There was no additional written or oral comment or views from the public on the 2008 Action Plan.

The City is committed to participation of minorities, non-English speaking persons, and persons with disabilities in the Consolidated Plan process. Wherever a significant number of extremely low- and low-income persons speak and read a primary language other than English, translation services at all public hearings are provided in such language if translation services are available and are requested in advance at least 72 hours prior to the public meeting.

Consultation

In addition to the NOFA and the mailed applications, the City met with the Department of Public Works to determine needs and strategies within the City's organization.

2008-2009 CDBG Allocations

The table below illustrates how the City will use the 2008- 2009 CDBG allocation to meet the HUD-mandated priority need categories:

| HUD PRIORITY NEED CATEGORIES | 2008-09 FUNDING | 2008-09 PERCENTAGE |
|-----------------------------------|-----------------|--------------------|
| Homeless/HIV/AIDS | 25,000 | 7% |
| Non Homeless Special Needs | 73,274 | 21% |
| Housing | 14,000 | 4% |
| Non-housing Community Development | - | - |
| Public Facilities | - | - |
| Infrastructure | \$ 34,926 | 10% |
| Economic Development | \$ 196,254 | 55% |
| Public Services | \$ 53,348 | 15% |
| Administration | \$ 71,131 | 20% |

The anticipated program accomplishments for each HUD priority need category are detailed in Local Objectives and HUD-Specified Objectives sections of this document. The following table compares the goals of activities of 2008-09 program year funds with those identified in the 2005-09 Consolidated Plan.

1. EXECUTIVE SUMMARY

| ACTIVITY | ACCOMPLISHMENT UNIT | 2005-2009 FIVE YEAR GOAL | 2008-09 PROGRAM YEAR GOALS |
|---|---------------------|--------------------------|----------------------------|
| HOUSING | | | |
| New construction - Rental | Households | 120 | 0 |
| Public Housing - Section 8 | Households | 133 | 97 |
| Fair Housing | Households | 1,525 | 190 |
| SPECIAL NEEDS POPULATIONS | | | |
| Accessibility for Persons with Disabilities | Public Facilities | 3 | 1 Facility |
| Supportive Services - Elderly | Persons | 350 | 110 |
| Supportive Services - Substance Abuse | Persons | 25 | 7 |
| Supportive Services - HIV/AIDS | Persons | 200 | 7 |
| HOMELESS | | | |
| Emergency & Transitional Housing | Persons | 1,250 | 120 |
| Homeless Prevention | Persons | 300 | 127 |
| Victims of Domestic Violence | Persons | 250 | 40 |
| COMMUNITY DEVELOPMENT | | | |
| Eliminate Blight | Households | 2,500 | 500 |
| Rehabilitate Community Facilities | Public Facilities | 3 | 1 |
| Preserve Community Infrastructure | Public Facilities | 3 | 1 |

CDBG funds for the 2008-09 program year will be allocated among the following national HUD outcomes for the three HUD objectives:

| HUD OBJECTIVES | HUD OUTCOMES | | |
|-------------------------------------|------------------------------|---------------|----------------|
| | AVAILABILITY / ACCESSIBILITY | AFFORDABILITY | SUSTAINABILITY |
| Provide Decent Affordable Housing | 7% | - | - |
| Create Suitable Living Environments | 41% | - | - |
| Create Economic Opportunities | 52% | - | - |

Improve the Availability and/or Accessibility of Decent Affordable Housing is achieved through the City's CDBG investment in fair housing activities such as education, landlord/tenant counseling, and legal action with the Fair Housing Council. The City increases the accessibility of decent affordable housing for its elderly and disabled residents through installation of ramps and providing curb cuts in many neighborhoods, specifically in low-moderate areas within the City limits. Two funded project in the 2008 – 09 program year will result in an increase in the accessibility of 190 low/moderate-income households and 8,386 low/moderate income persons:

- “To Be Determined” – Fair Housing Services
- City of Newport Beach – ADA Sidewalk Improvements

Increase Availability and/or Accessibility of Suitable Living Environments is accomplished as the City contributes CDBG funds to five programs that provide an array of services from emergency and transitional services to home-delivered nutritious meals to homebound seniors. These programs will increase the suitable living environment of 237 low/moderate income persons:

1. EXECUTIVE SUMMARY

- Families Forward – Transitional Housing Program
- Serving People in Need (SPIN) – Substance Abuse Treatment
- Human Options – Community Resource Center
- South County Senior Services – Home Delivered Meals
- City of Newport Beach – CDBG Administration

Increase the Availability and/or Accessibility of Economic Opportunities is an on-going endeavor as the City continues to eliminate blight, improve deteriorated properties and preserve the community infrastructure in order to provide economic empowerment in Balboa Village. The improvements in Balboa village will ultimately improve economic opportunities for low-income persons and increase the range of housing options and related services for persons with special needs. During the 2008-09 program year, the City will use a portion of the CDBG funds to pay the debt on a prior CDBG loan that was the catalyst to improve the Balboa Village area:

- City of Newport Beach – Section 108 Loan Repayment

FOR PROGRAM YEAR 2008-2009

Chapter 2. STRATEGIC PLAN

2. STRATEGIC PLAN

Overview

The following is a summary of the Five-Year Strategic Plan and how the activities proposed for the upcoming program year will work toward achieving the goals included in the Strategic Plan. The full version of the Strategic Plan is in the City's 2005-2009 Consolidated Plan and can be obtained from the City's Economic Development Division.

The strategic plan goals are divided between Newport Beach program objectives and HUD-specified objectives. The Newport Beach program goals were developed based on the specific needs found within the community. The HUD-specified goals are mandated by the federal government and designed to meet common needs found in communities throughout the country. An activity may appear more than once given that some local and federal goals overlap. All activities proposed for the 2008-2009 program year will strive to serve low- and moderate-income persons. No activities will seek eligibility under the "urgent need" eligibility.

Newport Beach Program Objectives

Housing Funding Priorities and Strategies:

1. Increase supply of housing units affordable to moderate-income households through new construction.
2. Maintain existing level of Section 8 housing vouchers and rent-restricted units within the City.
3. Ensure universal access to fair housing choice within the city.

Special Needs Funding Priorities and Strategies:

1. Increase accessibility of persons with disabilities to public facilities.
2. Improve supportive services for elderly residents.
3. Increase supportive services for persons suffering from substance abuse.
4. Increase supportive services for persons living with HIV/AIDS.

2. STRATEGIC PLAN

Homeless Funding Priorities and Strategies:

1. Preserve the supply of emergency and transitional housing.
2. Improve services for homeless persons and prevent those at-risk of becoming homeless from losing their housing.
3. Improve services for women and children who are homeless because of domestic violence.

Non-Housing Community Development

1. Eliminate blight, blighting influences, and prevent the deterioration of property.
2. Improve health and safety through rehabilitation of community facilities.
3. Preserve community infrastructure in order to provide economic empowerment in targeted neighborhoods.

HUD-Specified Objectives

1. Address Obstacles to Meeting Needs
2. Foster and Maintain Affordable Housing
3. Remove Barriers to Affordable Housing
4. Reduce Poverty
5. Develop Institutional Structure
6. Enhance Service Delivery
7. Address Threat of Lead Paint
8. Improve Public Housing

2. STRATEGIC PLAN

Newport Beach Program Objectives: Housing

1. Increase the supply of newly constructed affordable housing units to moderate-income households

As stated in the Newport Beach Housing Element, the City's goal is to preserve and increase housing affordability. The City set a target of adding 120 senior housing units in the Consolidated Plan. This goal has been met with the completion of 120 units of senior housing at the Newport Seniors project at Lower Bayview. The City provided \$1,000,000 in subsidies and waived an additional \$250,000 in fees. The project was completed in 2006.

2. Maintain current level of Section 8 Voucher supply

Section 8 vouchers are rental assistance payments to owners of private market rate units on behalf of very low-income tenants. This program allows the users to find their own housing which best suits their needs. Currently, the County has 97 vouchers within the Newport Beach City boundary. The City will continue to support this county administered program and promote the increase of vouchers in the City.

3. Ensure universal access to fair housing

The City is committed to ensuring the right to housing for all of its residents. Fair housing activities undertaken this year will be carried out by the "To Be Determined" and will include conflict resolution, code enforcement, legal aid, and investigation into discrimination complaints. The City will also partner with other local jurisdictions and the "To Be Determined" to update the regional Analysis of Impediments to Fair Housing (AI).

The Fair Housing Council provides services above and beyond what is typically considered housing discrimination. In the coming year, the organization will address discrimination in the following areas:

- Lending Practices: While data and study has not shown discrimination in lending, efforts have not been proactive.
- Insuring Practices: Some insurance companies may be targeting certain zip codes for higher rates of denial or different terms and conditions for insurance coverage.
- Outreach and Education: A lack of a standard in the fair housing education system may leave gaps in communities. In addition, some immigrant populations may not be aware of the right to fair housing.
- Public Policies/Programs: A lack of coordination among cities in the region in regards to their planning activities may have an adverse effect on fair housing efforts on a regional basis.

2. STRATEGIC PLAN

Newport Beach Program Objectives: Special Needs

The City's Consolidated Plan must describe the needs of persons who are not homeless but who require supportive housing. These "special need" populations include elderly, frail elderly, persons with disabilities (mental, physical, developmental), persons with alcohol or other drug addiction, persons with HIV/AIDS and their families, and public housing residents.

1. Increase accessibility to public facilities

The City will continue to provide funding for ADA Sidewalk Improvements to public facilities throughout the City to ensure accessibility to residents with disabilities. In the upcoming program year, the City will provide \$34,926 for such improvements.

2. Improve support services to elderly residents

Seniors are the largest and fastest growing "special need" population in Newport Beach. The City will provide support to seniors to enable them to remain independent. In the upcoming program year, the City will provide \$28,348 of CDBG funding to South County Senior Services, Inc. to manage and administer the Hoag Hospital Mobile Meals Program. This program delivers nutritious meals to Newport Beach residents who are homebound due to age, disability, or illness. This service allows seniors who may otherwise become institutionalized remain in their homes and maintain their self-sufficiency.

3. Improve support services to those with substance addictions

Persons suffering from substance addictions are a target population of the City's Anti-Poverty Strategy. Once a person has begun the recovery process, there is a higher chance they will become self-sufficient. In the upcoming program year, the City will continue to support the efforts of Serving People In Need (SPIN) by funding their Substance Abuse Rehabilitation Program with \$10,000 of CDBG funding. This program provides access to recovery programs to homeless and low-income individuals whom otherwise could not afford such services. The program includes one month of room and board, counseling, and supplemental services focused on employment, medical assistance, and legal assistance.

4. Improve support services to HIV/AIDS population.

In prior years, the City has worked with Mercy House's transitional housing program for adults living with HIV or AIDS, the only project of its kind in Orange County. Mercy House administers the project. In prior years, the City has provided funding to provide staff salaries and program supplies at Emmanuel House, Joseph House, and Regina House. While the City will not be providing CDBG funds to support this public service, it will continue to partner with Mercy house in assuring Newport Beach adults living with HIV or AIDS are being served.

2. STRATEGIC PLAN

Newport Beach Program Objectives: Homeless

1. Preserve the supply of emergency and transitional housing

While no emergency shelter or transitional housing facilities are located within Newport Beach, the provision of shelter is a priority for the City. The City will work with agencies in surrounding areas address homelessness. In FY 2008-2009 the City will fund the following activities to meet this goal:

- Human Options Community Resources Center \$5,000
- Families Forward Transitional Housing Program \$10,000
- Serving People In Need Substance Abuse Rehabilitation Program \$10,000

2. Assist homeless and prevent those "at-risk" of becoming homeless

Part of the City's Anti-Poverty Strategy is to assist those "at-risk" of losing their self-sufficiency and becoming more dependent on public services. The City will fund the following projects in FY 2008-2009 to meet this goal:

- Human Options Community Resources Center \$5,000
- Serving People In Need Substance Abuse Rehabilitation Program \$10,000

3. Assist homeless battered women and children

Homelessness may not be as visible in Newport Beach as in surrounding communities, but the City still views homelessness as an important issue that is a high priority to be addressed. The City will continue to work with its partner agencies within the Orange County Continuum of Care to best meet the needs of homeless persons and those at risk of homelessness.

In the 2008-2009 program year, the City has recommended funding for the following activities to help address the public service needs of homeless persons in and around Newport Beach:

- Human Options Community Resources Center \$5,000
- Families Forward Transitional Housing Program \$10,000

2. STRATEGIC PLAN

Newport Beach Program Objectives: Community Development

1. Eliminate blight, blighting influences, and prevent the deterioration of property.

The City has completed the work detailed in the Balboa Village Pedestrian and Streetscape Improvement Plan. CDBG funds were used to secure a Section 108 loan, which was used in conjunction with City parking funds to fund the improvements. The City expects the project to stimulate private economic investment in the area. In other CDBG Target areas, the City will rely on code enforcement activities to identify signs of deterioration in its early stages.

- City of Newport Beach 108 Loan Repayment \$196,254

2. Improve health and safety through rehabilitation of community facilities.

The City will continue to provide funding for ADA Improvements to public facilities throughout the City to ensure accessibility to residents with disabilities. In addition, the City will fund the Code Enforcement program to ensure the health and safety of its residents. The City will also use general fund monies to pay for code enforcement staff and building to conduct housing inspections in designated low- and moderate-income areas of the City.

- City of Newport Beach ADA Sidewalk Improvements \$34,926

3. Preserve community infrastructure to provide economic empowerment in targeted neighborhoods

In FY 2008-2009, the City will use CDBG to repay the loan used for the Balboa Village Pedestrian and Streetscape improvements, provide other funding sources to fund code enforcement officers to identify deterioration in its early stages, and fund programs that help persons gain a higher degree of self-sufficiency.

- City of Newport Beach 108 Loan Repayment \$196,254
- Serving People In Need Substance Abuse Rehabilitation \$10,000

2. STRATEGIC PLAN

HUD-Specified Objectives

1. Address Obstacles to Meeting Needs

The development process in housing and community development is lengthy and complex. A wide range of obstacles often hampers it. HUD asks local governments to strategize a plan to mitigate these obstacles. The City has identified the lack of developable sites, high land costs and limited funding as obstacles to affordable housing. Other obstacles in non-housing community development include NIMBY-ism (Not in My Backyard), lack of organizational capacity, and lack of available funding.

In response, the City has adopted policies to overcome some of these obstacles. In regard to affordable housing, the City encourages affordable housing production by providing density bonuses to interested developers and through the inclusionary zoning requirements. The City will work closely with affordable housing developers to expedite the permitting process in order to cut costs.

In regard to non-housing obstacles, the City will facilitate community involvement to increase understanding of community needs and the possible solutions to meet those needs. The City will maintain close partnerships with service providers and other community development professionals to identify and correct issues such as lack of capacity and resources.

2. Foster and Maintain Affordable Housing

As stated above, the City has identified the lack of developable sites, high land costs and limited funding as obstacles to producing affordable housing. However, within the Newport Beach Sphere of Influence, there may be additional options for future residential development. The Bay Knolls and Santa Ana Heights areas were annexed by the City in 2006. As a result of the annexation, the City will explore opportunities for increasing the City's affordable housing supply in these areas.

The City continues to monitor and enforce affordability covenants on affordable housing projects throughout the City. This includes not only housing units developed with federal funds, but also all units with an affordability covenant in place.

3. Remove Barriers to Affordable Housing

The City will continue to implement the following procedures and programs:

- Monitor all regulations, ordinances, departmental processing procedures, and residential development fees to ensure these requirements do not excessively constrain affordable residential development.
- Continue to offer density bonus incentives for the development of affordable housing pursuant to state density bonus requirements and the City's General Plan Housing Element.

2. STRATEGIC PLAN

- Partner with the “To Be Determined” to provide tenant and landlord counseling to provide fair housing opportunities for Newport Beach residents.

4. Reduce Poverty

Almost all of the City’s funded programs are aimed at helping a family or individual increase or maintain their self-sufficiency. For example, the South County Senior Services, Inc.’s Mobile Meals Project supports self-sufficiency of seniors and persons with disabilities.

In the 2008-2009 program year, the City will fund the following activities that will directly contribute to reduction of poverty levels in Newport Beach:

| | | |
|---------------------------------|--------------------------------|----------|
| • South County Senior Services | Mobile Meals | \$28,348 |
| • Human Options | Community Resources Center | \$5,000 |
| • Serving People In Need (SPIN) | Substance Abuse Rehabilitation | \$10,000 |
| • Families Forward | Transitional Housing Program | \$10,000 |

5. Develop Institutional Structure

The City relies heavily on its community partners in order to provide needed services to area residents. Unfortunately, the City receives a relatively small allocation of federal funds, of which only 15 percent can be provided to social service organizations for the provision of services. City staff will work with organizations that do not receive federal funds and provide a Certification of Consistency if the proposed project reflects the goals and objectives of the City’s adopted Consolidated Plan.

6. Enhance Service Delivery (including Monitoring)

The City continues to refine its internal procedures and build its relationships with partner agencies in order to provide the highest level of service to the targeted populations.

The City will also make efforts to ensure a high level of service from its sub-recipients to further the current Five-Year Consolidated Plan and the One Year Action Plan. These efforts start at the beginning of the program year with a technical assistance meeting that covers program requirements, such as record keeping, invoicing, and procurement. Throughout the program year, the City will review payment requests and progress reports to ensure program compliance and provide technical assistance when needed. It is the City’s goal to provide on-site monitoring to every sub-recipient at least once during the program year. The goal of the monitoring is to ensure program compliance and improve the level of service.

2. STRATEGIC PLAN

In regard to capital expenditures, the City will ensure that procurements and project administration comply with all federal, state, and local regulations, including environmental review, prevailing wage requirements, and Section 3 requirements. Long-term monitoring of capital expenditure projects is maintained through quarterly, semi-annual and annual sub-recipient reports. The reporting requirements are clearly defined in the applicable capital expenditure agreement and explained to sub-recipients prior to the implementation of the agreement. The reports vary according to the type of capital expenditure project such as housing and facilities. Included in the agreement are other conditions including property standards, on-site inspections, and funding requirements. Many of the capital expenditure agreements for housing related activities contain affordability covenants to ensure the units are made affordable through the period of affordability, made available to and occupied by the target population, and appropriate size/type for the respective households.

The City reviews the reports submitted by capital expenditure sub-recipients to ensure compliance of long-term capital expenditure projects. Additionally, the City has annual site-inspections to ascertain compliance with housing codes and other conditions of the capital expenditure agreement. Sub-recipients who are not in compliance are put on a work out plan and monitored more frequently until the project is in compliance with the applicable conditions and requirements specified in the agreement.

7. Address Threat of Lead-Based Paint

Most cities that administer a residential rehabilitation program can make great strides toward reducing the threat of lead-based paint in its housing stock. However, the City does have a residential rehabilitation program so it must find other ways to address lead-based paint hazards. In the upcoming year the City will take the following actions:

- Work with agencies in a collaborative effort to secure funding and provide low-cost training to testing and abatement contractors and workers.
- Monitor the lead-poisoning data maintained by the Orange County Department of Health Services.
- Educate residents on the health hazards of lead-based paint through the use of brochures and encourage screening children for elevated blood-lead levels.

8. Improve Public Housing

As stated in the fourth local housing goal in the above section, the City will assist the Orange County Housing Authority (OCHA) to maximize the use of Section 8 funds and other resources within Newport Beach. There are currently thirty-one (31) OCHA participating jurisdictions, including Newport Beach. Representatives from the

2. STRATEGIC PLAN

participating jurisdictions meet at a minimum quarterly, often times monthly, to form the Cities Advisory Committee to assist the Orange County Board of Supervisors and the OCHA staff in accomplishing public housing goals. Newport Beach attends the meetings regularly and provides input on the OCHA Annual Plan and Administrative Plans. Although there are currently no public housing units in Newport Beach, the City is committed to assisting OCHA in expanding affordable housing opportunities within the City limits for Section 8 Voucher recipients and ensuring OCHA goals are consistent with the City's Consolidated Plan and Housing Element.

9. Discharge Planning & Ending Chronic Homelessness

The Orange County Housing and Community Services Department (HCS) and the Orange County Partnership are two of three lead agencies that facilitate the year round Continuum of Care planning activities, including coordination of discharge planning services throughout Orange County and other actions steps to end chronic homelessness. Under the direction of HCS, the OC Partnership exists to develop a countywide system that nurtures and strengthens the emergency shelter network system by removing homeless persons from the streets to more viable living accommodations. It also aims to build a program that offers homeless persons the opportunity to reintegrate as contributing members of the community.

A major component of this effort is to coordinate how persons from various institutions are discharged so that people aren't released into homelessness or unsuitable living environments. HCS and the OC Partnership will work with hospitals, homeless service providers, mental health institutions, public safety, and others to develop discharge policies that help alleviate homelessness and not contribute to the problem. The City will participate in the development and implementation of the policies.

HUD defines a chronic homeless person as an unaccompanied homeless individual with a disabling condition who has either been continuously homeless for a year or more, or has had a least four episodes of homelessness in the past three years. The City will continue working with the OC Partnership and HCS to implement the following action steps, as part of the countywide effort to end chronic homelessness, including:

- *Singe point of entry application* which streamlines the entry process for homeless persons into the countywide continuum of care system. The common application makes it easier for homeless persons, especially the chronic homeless, to access services.
- *Homeless court program* which enables chronic homeless persons to resolve outstanding legal issues on the condition of enrollment in substance recovery programs, mental health treatment, supportive services, and/or shelter/housing programs.

2. STRATEGIC PLAN

- *Discharge planning* as previously mentioned which ensures chronic homeless leaving County jails or approved medical centers are not released into non-suitable living situations. The discharge plan also links chronic homeless persons to appropriate substance abuse, mental health treatment and housing services.
- *Orange County client management information system (CMIS)*, a countywide database that enables providers to share information to coordinate services for chronic homeless and homeless who are dually diagnosed. CMIS also helps identify chronic homeless so that providers can tailor supportive services to meet individual needs. The system reduces intake and processing time for those homeless persons who frequently utilize services in the countywide continuum of care.
- *Society of Saint Vincent DePaul's Emergency Shelter Grant (ESG)* funds which provide case management and supportive services to hard to reach chronic homeless who utilize the Winter Amory Program. Homeless persons are linked to transitional housing, permanent supportive housing, and/or supportive services.
- *Development of a countywide single point of access to mainstream funding application forms* that will make it easier for homeless persons and providers to access financial resources to respond to homelessness.
- *Quarterly meetings of the Continuum of Care Forum* where providers and funders can maintain dialogue on ways to improve the continuum of care for homeless persons throughout Orange County.

Chapter 3. AVAILABLE RESOURCES

3. AVAILABLE RESOURCES

Federal Resources

The City received a total of \$355,659 in CDBG funds for the 2008-2009 program year. This year there are \$18,700 in carry over funds from prior years. In total, the City has \$355,659 for the 2008-2009 program year.

In addition, Section 8 Housing Vouchers and certificates will be available to Newport Beach residents through the Orange County Housing Authority.

State and Local Resources

The City will continue to provide support, such as subsidies, general funds and fee waivers, to activities that help meet the objectives specified in the Strategic Plan.

Other Resources

It is difficult to estimate the amount of other resources that are available for affordable housing and community development projects in Newport Beach. Over the next program year, the City may pursue the following available funding sources:

- Workforce Housing Grant
- BEGIN Funds
- California Housing Finance Agency (CHFA) Multi-Family Rental Housing Program
- CHFA Home Mortgage Purchase Program
- California Housing Rehabilitation Program-Owner Component
- Low Income Housing Tax Credits
- Local Housing Trust Fund Program
- Tax Exempt Housing Revenue Bond

Chapter 4. DISTRIBUTION OF RESOURCES

4. DISTRIBUTION OF RESOURCES

Distribution among Priority Needs

The funding available under the Consolidated Plan may be used to meet a wide variety of needs. The City established local priority needs based on the housing market analysis and other research conducted as part of the 2005-09 Consolidated Plan. The goals listed in the Strategic Plan section of this document are the result of that research. The City gives priority to projects and programs that will pursue the goals listed in the strategic plan.

Geographic Distribution

All CDBG-funded public service activities will be available to Newport Beach residents citywide based on income and other eligibility criteria. These activities cater specifically to low- and moderate-income residents or to groups presumed to be of low- and moderate- income instead of residents in a specific area.

Public Facility improvement activities will be targeted to the Balboa Peninsula area or to an area designated as an eligible CDBG Target Area (see CDBG Target Area Map). Projects that serve an identified geographic area, such as parks, facilities, community centers and street improvements, are eligible for CDBG funding based on the percentage of low- and moderate-income residents living in the service area. In most communities, the threshold is 51 percent. However, some communities, such as Newport Beach, have no or very few areas that meet this threshold. For these grantees, the CDBG law authorizes an alternate method to determine a lower threshold. The Balboa Peninsula is one of the few areas in Newport Beach that is eligible for CDBG assistance under this alternate calculation of eligibility. Please refer to the map on the following page for more details on the areas that will benefit from Public Facilities Improvements.

| 2 | | Fair Housing Council: Fair Housing | |
|---|---|---|----------|
| Description: This project will provide fair housing education, counseling, and enforcement services to current or potential Newport Beach residents, coupled with landlord/tenant counseling services. These services impact and benefit target CDBG areas and the City's extremely-low to moderate income population. They help counteract unlawful housing discrimination and assist CDBG target areas in reducing blight. We facilitate the opportunity for landlords and tenants to correct wrongful housing policies or behavior. It is estimated that, in Newport Beach, this program will address 3 allegations of housing discrimination that result in the opening of a case file, and address approximately 190 landlord/tenant disputes, issues or concerns | | | |

|--|---------------------------------------|---|-----------|
| <p>Description: Families Forward Transitional Program (THP) transits struggling families from crisis to stability and self sufficiency. THP has five primary goals, each of which supports the programs overarching goal of achieving familial self sufficiency. The target population is homeless families with children and they may stay up to two years and are required to pay up to 30 percent of their income for rent. Goals for the program include; families in need will be linked with appropriate supporting resources, anxiety and levels of depression will decrease, families will increase key life skills, families will increase their annual income, families will be able to secure and maintain housing. It is anticipated that 80Newport Beach residents will be served during the year.</p> | | | |

NON-STATE GOVERNMENT CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing -- The jurisdiction will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential antidisplacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

Drug Free Workplace -- It will or will continue to provide a drug-free workplace by:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
2. Establishing an ongoing drug-free awareness program to inform employees about –
 - a. The dangers of drug abuse in the workplace;
 - b. The grantee's policy of maintaining a drug-free workplace;
 - c. Any available drug counseling, rehabilitation, and employee assistance programs; and
 - d. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph 1;
4. Notifying the employee in the statement required by paragraph 1 that, as a condition of employment under the grant, the employee will –
 - a. Abide by the terms of the statement; and
 - b. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 4(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 4(b), with respect to any employee who is so convicted –
 - a. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - b. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1, 2, 3, 4, 5 and 6.

Anti-Lobbying -- To the best of the jurisdiction's knowledge and belief:

8. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
9. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
10. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction -- The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan -- The housing activities to be undertaken with CDBG, HOME, ESG, and HOPWA funds are consistent with the strategic plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

Following a Plan -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

11. Maximum Feasible Priority - With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
12. Overall Benefit - The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2007, 2008, 2009, (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
13. Special Assessments - It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

14. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
15. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

Compliance With Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of part 35, subparts A, B, J, K and R, of title 24;

Compliance with Laws -- It will comply with applicable laws.

APPENDIX TO CERTIFICATIONS

Instructions Concerning Lobbying and Drug-Free Workplace Requirements

Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Drug-Free Workplace Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification.
2. The certification is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
4. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).
5. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph three).
6. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant: Place of Performance (Street address, city, county, state, zip code) Check if there are workplaces on file that are not identified here. The certification with regard to the drug-free workplace is required by 24 CFR part 21.

7. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules: "Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15); "Conviction" means a finding of guilt (including a plea of *nolo contendere*) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes; "Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any

controlled substance; "Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including:

- All "direct charge" employees;
- all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and
- a. temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Note that by signing these certifications, certain documents must be completed, in use, and on file for verification. These documents include:

1. Analysis of Impediments to Fair Housing
2. Citizen Participation Plan
3. Anti-displacement and Relocation Plan

| Description: IDIS Project #: 2008-0005 UOG Code: CA62454 NEWPORT BEACH | | | | | | | | | |
| South County Senior Services, Inc (SCSS) provides home-delivered meals to homebound senior citizens (ages 60 years or older) who are unable to prepare meals for themselves due to age, illness, or disability. Participants receive three (3) daily meals Monday through Friday. Funds were used to subsidize the cost of these meals. | | | | | | | | | |
| Location: South County Senior Services, Inc. (SCSS) 24300 El Toro Road, Suite 2000 Laguna Woods, CA 92637 | | | | | Priority Need Category Select one: Public Services | | | | |
| Expected Completion Date: 6/30/2009 | | | | | Explanation: Homebound seniors often have difficulty preparing nutritiously appropriate meals for themselves. Home delivered nutritious meals enables homebound seniors to remain in their homes, avoid being institutionalized, and creates a more suitable living environment. | | | | |

| Description: | | IDIS Project #: | 2008-0008 | UOG Code: | CA62454 NEWPORT BEACH | |
| Funds were used to repay the City's Section 108 Loan. The loan was used to partially fund public improvements to the Balboa Target Area totaling \$8 million. The scope of work includes the Balboa Village Pedestrian and Streetscape Plan, Street Improvements to Balboa Blvd., Pier Parking Lot, Pier Plaza, and Lot A connecting access to Main Street. | | | | | | |
| Location: | | Priority Need Category | | | | |
| Citywide | | Select one: | | Public Facilities | | |
| Explanation: | | | | | | |
| Expected Completion Date: | | Targeted areas within Balboa Village were deteriorating. To eliminate the blight, blighting influences and prevent further deterioration, the City used CDBG funds to make necessary improvements to the target areas. The improvements will stimulate future economic investment and provide a more suitable living environment. | | | | |
