

INCREASED OPPORTUNITY TO ADVERTISE YOUR BUSINESS -

The City Council, to assist businesses during difficult economic times, adopted a resolution on January 10, 2010 that implements a temporary relaxation of the zoning standard regulating the frequency and length of time that promotional temporary banners are permitted to be display. **From now until January 1, 2011, businesses may utilize on-site promotional temporary banners up to eight (8) times per year for a cumulative maximum of one hundred twenty (120) days.**

All other regulations remain the same and you must apply for a permit to display. Promotional temporary banner permits are approved over the counter at City Hall and cost \$38.50 per occurrence.
