	1	NEWPORT BEACH, CALIFORNIA; WEDNESDAY, MAY 20, 2009	
۲	2	4:00 P.M 5:47 P.M.	
	3		
	4	MR. ALLEN: Then let's commence the proceedings	
0	5	for today, Wednesday, May 20, 2009, 4 p.m. Are we fairly	
	6	bound by the 6 p.m. time limit to	
	7	MR. KIFF: That's a hope-for goal. I don't	
D	8	know that I have any conflict afterwards, but we hope to	
	9	meet that.	
	10	MR. ALLEN: We should be able to move through	
w ²	11	rapidly. First item is signing of Resolutions of	
	12	Approval for 1115 West Balboa and then 204 21st Street.	
D	13	Do you want to do do we want to do these now	
	14	or	
	15	MR. KIFF: I think it's fair to do them now.	
>	16	I'll present the Resolutions to you, at least	
	17	electronically, with the and then if you had any type	
	18	of suggestion as to changes, and I'll summarize some of	
•	19	the changes that you had directed after you saw the draft	
	20	version that you saw on the Web site. So let's see if it	
	21	will start up here. So I'm going to jump right down to	
	22	the conditions.	
	23	MR. ALLEN: That's fine.	
*	24	MR. KIFF: One thing we did at your urging was	
)	25	to move one of the more operative sections of the	
			4
	1		

1000

Γ

1 conditions up to the top, where it speaks to the number one condition would be to grant the Use Permit for a 2 limited occupancy of 18 resident client beds, and that no 3 more than 18 folks can live there at any one time. 4 Continuing down through -- I'm just going to 5 focus on things that may have been changed. 6 7 The quiet hours are unchanged, 9 p.m. to 8 a.m. At the last hearing, we talked about changing 8 9 the nuisance language to say that the violations had to 10 be corrected within seven days, or that the City would be contacted to implement a plan in accordance with the 11 12 Code, instead of a mutually agreed-upon time line. 13 We added a Section 26, "Confirmation of Resident Disability," that all clients of the facility 14 15 shall be classified as disabled. We did modify upon your recommendation, 16 17 Mr. Allen, a little bit of 27, and say that "an increase 18 or decrease in on-site staffing and an increase in physical capacity of the facility could charge -- could 19 cause a review of the amendment or issuance of a new Use 20 21 Permit." And then we have proposed language in Section 22 23 H, which speaks to how ownership may change, and basically that "the Planning Director could determine 24

PRECISE REPORTING SERVICE (800) 647-9099

5

that a change in facility management or facility

1 ownership or a change in the population served would 2 require a new Use Permit or an amendment." 3 Again, reflecting the concept that this Use Permit does run with the land, and that they can change 4 5 ownership as long as the new owner is an entity competent -- with a demonstrated competence in operating 6 7 such a facility. And again, this is a licensed facility, so that requires a review by the State. 8 9 In the side property wall, a pony wall, 10 we -- staff agreed -- I agreed with Ocean Recovery's concern that they'd make a good faith effort to complete 11 12 that within 60 days. They are concerned that they may 13 not get a Building Permit out of our Building Department 14 within that time line. 15 And then that summarizes the proposed changes 16 to that Resolution. 17 MR. ALLEN: I think you also added a "Whereas" 18 that addressed the City Council's determination on appeal that misrepresentations or misleading testimony be 19 20 considered. 21 MR. KIFF: Yes. I have that close to being up on the board now. It discusses -- involves a little bit 22 23 of the section "Whereas," and then the operative section that we're referring to, Mr. Allen, is the third 24 25 "Whereas," where they state that,

2

3

4

5

6

7

8

9

10

11

"the Hearing Officer has evaluated and weighed the testimony from the February/May hearings. While differences of opinion were expressed, and on occasion the Applicant responded to specific allegations by saying the Applicant was not aware of the circumstances, those differences did not constitute grounds to change the decision to grant the permit, particularly in view of the fact that the conditions of approval addressed the issues." MR. ALLEN: It's my determination it's very

12 difficult to make determinations on the veracity of 13 statements made by people that come up to the microphone, 14 when they are not under oath, and when there's no ability 15 to cross-examine.

And so, I felt that the best position the Hearing Officer can take is to weigh the credibility of the individual as he or she sees them there, and if there's direct controverted testimony, then somehow that has to be weighed, and that's essentially what I did here.

And I think there was as much miscommunication as there was actual misleading or falsehoods stated in the testimony at that -- particularly at that February hearing. So that's why I drafted that "Whereas" the way

1 I did. And I appreciate you inserting it, so that way, 2 that Resolution is fine with me, and I'll sign it at the conclusion of the hearing. 3 4 MR. KIFF: Okay. Let's move to the next one, 5 then. б MS. CURRAN: Is there any public comments? 7 MR. ALLEN: Is there --MR. KIFF: This is not a public hearing item. 8 MS. CURRAN: When will public comment be, then? 9 10 MR. KIFF: At the end. 11 Let's move to the 204 21st Street Ordinance. 12 This is now on the screen before you. So just as a 13 reminder to the folks in the room, the Hearing Officer 14 directed that an application for reasonable accommodation 15 be approved, and a Resolution in accordance with that 16 application with conditions be prepared and presented 17 back. 18 So I'm going to jump down to the conditions. Again, in this case, remember, reasonable accommodation 19 tests are different from the Use Permit tests. The one 20 21 that we just looked at was a Use Permit hearing. This is 22 a reasonable accommodation. 23 Highlighted in yellow, Mr. Allen, are the 24 variations from the one posted on the Web site. So you 25 corrected a typo there in Section 1.

8

We're getting in the conditions of approval. The first item is a "Grant of Reasonable Accommodation to occupy the building inclusive of both units for six disabled persons and one on-site resident manager. The Operator shall execute an affidavit declaring that the clients are disabled persons."

1

2

3

4

5

6

16

17

18

19

7 Continuing down, you and the Applicant at the last hearing discussed vehicles and parking. There are 8 9 no changes to this draft, but just for the audience's 10 benefit, "the facility can have a maximum of three 11 vehicles associated with the use, keeping two of the spaces clear and available for parking for staff and 12 13 resident clients. And then one space shall be designated 14 for use by the manager. At most, one other client in the 15 facility may have a vehicle and park on the street."

We did add a section that is in the draft. "The client move-in and move-out should be accomplished in such a manner that traffic on 21st Street is not blocked, nor can area driveways or alleys be blocked."

20 Continuing down, in 16, I corrected the problem 21 we had with our nuisance language. This is similar to 22 the language now in the Ocean Recovery one that says that 23 if they can't correct it within seven days, they can 24 contact the City to discuss an alternative time line 25 consistent with our Codes.

	1	We reflected in condition 21 that the physical
٥	2	capacity of the building, if it went up or down, would
	3	require an amendment or a new Use Permit. That was a
٥	4	suggestion of the Hearing Officer.
	5	And then again, if it changed in the client
	6	base such that persons living there are no longer
	7	classified as disabled or verified to be disabled,
	8	because that's the essence of reasonable accommodation.
	9	So with that, Mr. Allen, these the proposed
D	10	Resolutions presented to you by staff.
	11	MR. ALLEN: All right. And that one, as
	12	modified, is now ready for my signature as well, so we'll
	13	do that at the end
	14	MR. KIFF: Okay.
	15	MR. ALLEN: of the hearing.
)	16	All right. So that takes care of agenda item
	17	number one.
	18	Item number two, Reasonable Accommodation for
)	19	Balboa Recovery at 124 30th Street. Staff report on that
	20	one, please.
	21	MR. KIFF: Mr. Allen, agenda item two is a
	22	Reasonable Accommodation Hearing for Balboa Recovery's
	23	facility at 124 30th Street. As we have in the past
)	24	hearings, I'll provide a brief background on the
	25	Ordinance, and then we'll discuss briefly the

0

Ì

applications. Actually, we'll focus on the 124 30th Street application.

The Applicant is invited to make remarks. Public hearing is opened. Comments there are limited to three minutes. Hearing Officer closes the hearing. The Applicant can return. Question-and-answer time. The Hearing Officer can approve reasonable accommodation, can deny it, or can continue the reasonable accommodation to a date certain.

10 And then immediately after that, we'll move to 11 the -- with time available, we'll move to the Balboa 12 Recovery facility at 3206 West Balboa.

13 So again, this is a Reasonable Accommodation 14 Hearing under our Municipal Code, which is Chapter 20.91. 15 And I should say this is more specific to Chapter 20.98, 16 but it's related to Use Permits in residential districts, 17 so -- because the Applicant had asked for a reasonable 18 accommodation from the Use Permit requirement.

And again, most residential care facilities in the community had to apply by May 22nd of 2008 for a Use Permit. A reasonable accommodation may be requested to that, and that's what Mr. Cullen has done. And those requests go before a Hearing Officer at a public hearing and can be appealed to the City Council. This is the public hearing.

1	Let us speak briefly and maybe Gilbert and I
2	will tag team a little bit about the application.
3	Gilbert, if you'd like to briefly summarize what is
4	proposed for 124 30th Street?
5	MR. GILBERT: Absolutely, Mr. Kiff.
6	Your Honor, the item before you now is a
7	Reasonable Accommodation Application specifically for
8	relief from the requirements of the Newport Beach
9	Municipal Code section 20.10.020, which is to allow the
10	continued operation of existing sober living homes for up
11	to 10 female resident adults and two resident managers,
12	both units of the duplex.
13	The facility is located in the R2 zone where
14	such uses are not permitted, and the Applicant is
15	requesting an accommodation from the requirements that
16	sober living facilities are only permitted in the MFR
17	districts with the approval of the Use Permit.
18	A little description of the facility is that
19	the subject site is situated on the south side of 30th
20	Street, approximately 50 feet from the intersection of
21	30th Street and West Balboa Boulevard. As I mentioned,
22	the property is zoned R2, which is two-family
23	residential, and is developed with a two-story duplex
24	with an attached two-car garage. Surrounding properties
25	including single single-family and two-residential
1	

uses and that are primarily rental and owner-occupied properties.

1

2

3

4

5

6

7

8

9

10

11

12

There is a group residential use that began operations without complying with Ordinance 2008-05, and that's located at 127 29th Street, which is in close proximity to this particular operation, and that particular operation is subject to abatement.

The property at 124 30th Street is owned by Ocean Number One, LLC, Balboa Recovery, Incorporated. And its ownership operates a sober living facility for adults in recovery from alcohol and/or drug abuse and, again, in both of the units.

The facility houses up to 10 resident clients and two resident managers. And again, it's restricted to females only. There are five residents and one resident manager in each of the units. In addition, there's no one under the age of 18 permitted to reside in the facility.

19 The Applicant has stated that the residents are 20 referred to the facility through Ocean Recovery, although 21 there is no official affiliation between Balboa Recovery 22 and Ocean Recovery. Balboa Recovery also operates two 23 similar facilities. One will be of the subject matter 24 today -- actually both of them were done today. One is 25 at 3206 West Balboa and then 204 21st Street.

The Applicant has stated that both units have been utilized as a sober living facility since October of 2006. To date, City Code Enforcement has received no complaints about the facility; however, included in the staff report are exhibits -- are exhibits that include complaints from nearby property owners. The complaints are general. Others are very specific to smoking, profanity and parking problems.

1

2

3

4

5

6

7

8

9 At the previous hearing for 204 21st Street, an 10 adjacent resident or nearby resident alleged -- brought 11 to the staff's attention that a fight occurred involving 12 residents at 124 30th Street. Staff had asked for the 13 police report, and discovered that the fight that 14 occurred had actually involved occupants of 125 30th 15 Street, and that no clients of this facility were involved in the fight, and that was indicated in the 16 17 report.

18 One more to the description of the operation 19 itself. I think these matters are, at times, redundant 20 but very important to framework the project itself or to 21 the facility itself.

There's two units. Unit A is an upstairs unit and contains three bedrooms and accommodates two beds in each room. Unit B is a ground level unit, which has three bedrooms and accommodates six beds, two beds in

1 each room. And that's illustrated in Exhibit 4 of the 2 staff report. There's a resident manager, and each one 3 shares a bedroom with a resident client. 4 Individual clients themselves reside at the 5 facility under the written agreement with the Operator, 6 and are subject to a set of house rules, which include 7 abstinence from alcohol and drugs, drug testing as 8 requested by the resident manager, and attendance at 9 12-Step meetings. 10 Under the house rules, residents are also 11 required to abide by curfews and quiet hours established by the facility, to refrain from smoking in the house, 12 refrain from racist, sexist or foul language, maintain 13 14 and clean the dwelling unit, and complete assigned 15 chores. 16 Residents are required to be employed, actively seeking employment, or attending school full time. All 17 18 residents are required to be out of the dwelling between 19 the hours of 8:30 in the morning until 5 p.m. in the 20 afternoon. Exceptions can be made for residents who are sick, work nights, or have permission from the house 21 22 manager of any circumstances.

Parking itself is provided in the building in a
two-car enclosed garage. That's two spaces.

Staffing. There's one resident manager in each

15

2

2

3

4

5

25

of the units.

Clients' stays range from 90 days to 545 days, with an average typical stay of about 300 days, or 10 months. And again, clients' stays are truly dependent on the individual's progress.

6 Curfew and quiet hours for residents are 10 7 p.m., Sunday through Thursday, and 12 a.m. to 8 a.m. on 8 Friday and Saturday. These are hours that are typical to 9 these uses that have been heard before you.

10 TV's and stereos can only be played at 11 reasonable levels. And after 9 p.m., headphones must be 12 used. So it's built in to the operations of the facility 13 of these quiet hours for adjacent uses.

14 Treatment services. There are no treatment 15 services provided on-site. However, in the application, 16 the Applicant has stated that for the first 90 days after 17 admission, residents are required to -- at least to 18 attend at least one 12-Step meeting every day.

And after 90 days, residents are required to attend at least four 12-Step meetings a week. In addition to the 12-Step program, residents are also required to attend daily house meetings, as well as attend required meetings that organization sets up with Balboa Recovery.

Transportation. Residents are permitted to

have personal vehicles while residing at the facilities or use public transportation; however, the facility having only two spaces, those spaces would need to be shared by resident clients.

1

2

3

4

5

6

7

8

9

10

11

12

13

There's no overall transportation provided by the facility Operator. The use and parking arrangement of vehicles must receive approval by the corporation as well as the resident manager. And again, that will be one of the items for discussion during this public hearing as well.

Deliveries, the only delivery that comes to the facility is bottled water. Residents are required to be responsible for their own groceries and supplies.

Medical waste is disposed and complies withNewport Beach Municipal Code requirements.

Now, I'd like to turn over this part of the presentation to Catherine Wolcott, who will go more into the technical analysis of the application.

MS. WOLCOTT: Thank you. Catherine Wolcott,Deputy City Attorney.

If it's all right with Mr. Kiff and with the Hearing Officer, I've combined the PowerPoint presentation of the reasonable accommodation portion of it to address both 124 30th Street and 3206 West Balboa Street.

1 So don't want to confuse any of the issues, but 2 for the members of the public who have already -- and 3 staff who have already heard this, it is going to be long as it is. The only thing more painful than having to sit 4 through a 30-page PowerPoint presentation is having to 5 6 give it twice. Thank you. 7 For those of you who have attended these hearings before, you already know the definition of 8 reasonable accommodation and the requirement under the 9 Federal Fair Housing Act. 10 11 The requirement under the Federal Fair Housing 12 Act that cities and housing providers make reasonable 13 accommodations from their standard rules, policies and practices when the accommodations are necessary to afford 14 15 a handicapped person equal opportunity to use and enjoy a 16 dwelling. 17 And in the case of McGary V. Portland, the 18 Court emphasized that "the Court had repeatedly 19 interpreted this language as imposing an affirmative duty on landlords and public agencies." Therefore, this is 20 not something that the City has the option of 21 22 considering. If a request is reasonable and necessary, 23 the City has an affirmative duty to grant it. 24 The FHA requires cities to make exceptions from

25

PRECISE REPORTING SERVICE (800) 647-9099

the usual rules, policies and practices when a request

meets three requirements: 1 2 One, the request is made on behalf of the disabled individual; 3 Two, the request is reasonable; 4 And three, the request -- the exception that is 5 requested or the accommodation is necessary to afford a 6 disabled individual an equal opportunity to use and enjoy 7 the dwelling. And that's codified in 42 U.S. Code 8 Section 3604(f)(3)(B). 9 So we look at whether or not a request is made 10 by disabled individual, whether the request is 11 reasonable, and whether the request is necessary. 12 The cases that have interpreted the 13 reasonableness prong of the analysis have stated that 14 requests are to be considered unreasonable if granting 15 the request would either impose an undue administrative 16 or financial burden on the City or if it would result in 17 a fundamental alteration in the nature of a City's 18 19 program. A fundamental alteration has been described in 20 court cases as undermining the basic purpose which the 21 requirement seeks to achieve. 22 Therefore, when we are looking at whether or 23 not an accommodation request is reasonable, we look at 24 what specifically are they asking for an exception from. 25

19

And if that exception is granted, does it undermine the purpose that that program was put in place to achieve in the first place? And as established in case law, all reasonable accommodation requests are analyzed on a case-by-case basis.

6 When the request is not reasonable, our 7 analysis is not permitted to stop there. The Department 8 of Justice/Department of Housing and Urban Development has issued a joint statement and has reiterated with the 9 10 City directly that when a government entity refuses to 11 grant a requested accommodation because it is, under their determination, that request is not reasonable, that 12 13 request would undermine some fundamental purpose of the 14Code, then they have to get engaged in an interactive 15 process with the Applicant and discuss whether there are alternate accommodations that could meet the requester's 16 17 disability-related needs.

We focus on the needs of the disabled individuals residing in the house. If the alternative accommodation should meet the needs and it is reasonable, then the government entity is required to grant it.

22 On the necessity prong of the analysis, we look 23 at whether the accommodation is necessary. And the very 24 simplest part of the analysis begins with, would the 25 accommodation allow a disabled individual to live in the

20

1

2

3

4

dwelling? Does it have anything to do with the disabled 1 individual's ability to live in the dwelling? Would a 2 3 disabled individual be unable to live in the dwelling if 4 the accommodation is not granted? And then you get into a more complex analysis. 5 Is there a direct link between the accommodation and the 6 7 requirement equal opportunity, which the Federal law specified is required? 8 The cases that have interpreted the direct link 9 10 between the accommodation and equal opportunity have focused on two specific areas where, if an Applicant 11 12 proves them, he can demonstrate necessity. First is whether or not the required 13 accommodation is necessary to make the facility 14 financially viable, or the financial viability prong of 15 16 the analysis; 17 And two, does the required accommodation provide a therapeutic benefit for the disabled residents? 18 19 In this case, the Applicant has requested 20 exemption from the restrictions of the Municipal Code which requires that residential care general unlicensed 21 and residential care small unlicensed facilities be 22 23 located in MFR zones with the Use Permit only. 24 At 124 30th Street, the Applicant requested to

continue operating their facility in its current R2

21

location where the Applicant reports they have been established since 2006 with current 10 residents and two staff members.

At 3206 West Balboa, they request to continue operating the facility at their current R2 location with eight residents and two staff. Currently, the Applicant is operating -- is occupying both units of both of the duplex. 8

For both of these facilities, the Use Permit 9 application deadlines have passed. They would have been 10 qualified to apply for a Use Permit had they done so 11 within the period of time specified by the Ordinance, but 12 they did not do so. 13

Staff recommendations were -- for 124 30th 14 Street, our initial recommendation, which we discussed 15 with the Applicant, is in the second half of that first 16 paragraph in the PowerPoint, which is to grant the 17 accommodation with conditions. 18

And those conditions included no more than six 19 female clients, plus one manager, either operating both 20 units of the duplex or occupying one unit of the duplex 21 with a single housekeeping unit in the other duplex -- in 22 the other unit, excuse me. 23

The Applicant indicated that this was not going to be financially feasible; however, the Applicant was 25

22

24

1

2

3

4

5

6

willing to consider an alternate accommodation, which was to enter an abatement agreement with the City, close that particular location within a certain period of time, and then the Applicant would be likely to apply for a reasonable accommodation for six residents in an alternate location.

7 The City staff report -- because of the 8 Applicant's position, the City report was drafted for 9 denial of the accommodation, with the one-year abatement 10 period, which the staff discussed with the Applicant. 11 However, for purposes of the analysis, just to make it 12 clear on the record, that the staff's initial 13 recommendation was not denial.

We will also do the analysis -- since the analysis for 124 30th Street and the analysis for 3206 West Balboa would be the same if we -- with the recommendation of six in -- a limitation of six clients at those locations. I went ahead and did the analysis for that in this presentation as well.

For 3206 West Balboa, the staff recommendation is to grant the accommodation with conditions. And those conditions include no more than six male clients, with one resident on-site manager, either occupying two units of the building, or occupying one unit of the building with a single housekeeping unit in the other.

8

9

17

18

19

25

The first portion of the analysis is, is the Applicant's request necessary? Is it necessary to afford a disabled individual an equal opportunity to use and enjoy a dwelling?

One of the Ninth Circuit cases that reviewed this issue framed the question as, does the facility require the requested accommodation at the requested population level to achieve financial viability and a supportive recovery environment?

The Applicant has not -- because of the staff's recommendation was a limitation of six, we would consider the Applicant's request for anything more than six to be requesting a larger population. And in that instance, we would require evidence of, you know, financial need or therapeutic benefit in order to consider granting at the higher population level.

The Newport Beach Municipal Code in the reasonable accommodation section sets forth four factors which the City must consider to determine necessity.

20 One is whether an accommodation will 21 affirmatively enhance the quality of life of individuals 22 with a disability. This goes directly to whether or not 23 granting the accommodation would confer a therapeutic 24 benefit on the individuals.

Two, whether the disabled individual would be

denied an equal opportunity to enjoy the housing type of 1 their choice without the accommodation; 2 Whether the accommodation is necessary for 3 financial viability; 4 And whether the existing supply of facilities 5 of a similar nature and operation is sufficient to 6 provide individuals with an equal opportunity to live in 7 a residential setting in the community. 8 The staff analyzed the reasonableness and the 9 necessity of this request with regard to the following 10 11 categories: Current residents of the City -- excuse me, 12 facility; 13 Prospective residents of the facility. And the 14 prospective residents we analyzed at the requested 15 population, which is 10 residents, two staff at 124 30th 16 Street, and six residents -- oh, and eight residents and 17 two staff at 3206 West Balboa, and at the staff's 18 recommended population level, which is six residents in 19 one dwelling unit or three residents in each dwelling 20 unit. 21 The determination of staff as to the current 22 residents, the request was necessary and it was 23 There are people, individuals, in recovery reasonable. 24 currently living in both units of both of these 25

25

facilities. And they -- because the facility is currently subject to abatement, they would -- if the facility were abated, they would lose their current housing, and that answered the necessity prong.

As far as reasonableness was concerned, the City does not want to unreasonable -- does not want to undermine some fundamental purpose of the Ordinance to allow the individuals who are there in recovery currently to finish their current stay, their planned stay, and to allow the facility to become smaller with attrition of residents as they graduated.

12 The Applicant has not submitted evidence that 13 it required more than six residents to be financially 14 viable at 3206.

The Applicant did not submitted evidence as to 16 124 30th Street, but he had stated that they need more 17 than six for financial viability and has stated his 18 willingness to close that facility as a result, rather 19 than try for a larger size.

20 The Applicant has not submitted evidence that 21 it requires more than six residents for therapeutic 22 benefit.

On the portion of the Municipal Code that
allows us to consider alternate housing opportunities,
I've provided an update on the availability of alternate

26

۶

1

2

3

1 facilities of a similar nature.

2

3

4

5

6

7

8

9

As of yesterday, that list on the PowerPoint slide before you is the currently approved sober living beds that are currently available within the City. And this does not mean that they are subject to abatement, and this does not mean that they are licensed facilities. These are beds in sober living that have either been grouped under a development agreement or approved through reasonable accommodation.

10 When we are considering facility size, we also 11 look at the case of Bryant Woods Inn, which we've 12 discussed in hearings before. Bryant Woods Inn was a 13 facility operator, I believe, in an Alzheimer's home. It 14 was established in the county that permitted eight by 15 right -- eight residents by right and wished to expand 16 its facility to 15 residents.

The County denied the request. And the primary reason they denied that was that there no evidence presented that increasing from eight to 15 was necessary to allow disabled individuals an opportunity to reside in the community in similar facilities, and they did carry their burden of showing that the accommodation was necessary to provide a therapeutic benefit either.

24 Some of the significant factors the court 25 considered were that there were 30 similar facilities

operating in the jurisdiction with vacancies, and the plaintiff failed to present evidence that expansion was necessary for its financial viability or for the therapeutic benefit discussed.

And the final quote from Bryant Woods Inn before you is that "If the position were taken to its limit, it would be entitled to construct a 10-story building housing 75 residents, on the rationale that the residents had handicaps."

10 Obviously, that's not what the Applicant is 11 requesting today, but that is the reasoning that we 12 consider when we look at the size of the facility 13 requested versus the size recommended.

Other considerations. As we've said as to current residents, current residents would lose housing upon abatement.

As to prospective residents -- these are considerations with relation to size as well -- future residents would lose their ability to live in this duplex but not in other existing duplex facilities that offer sober living.

As to prospective residents as the level proposed by staff of six, that is -- there are limited but possibly available alternate opportunities to live in a small sober living environment.

Γ

1	We discussed the California Building Code
2	considerations when an Applicant exceeds the size of six
3	in a building. As we've discussed before, when we're
4	looking at the Building Code, there are designations that
5	sound similar to the Zoning Code designations, but they
6	mean very different things.
7	An RF3 in the Zoning Code might mean
8	multi-family.
9	An R3 in the California Building Code means
10	single- and two-family occupancies. So single family
11	only or a duplex.
12	An R4 is a recovery facility occupancy that has
13	seven or more in a building.
14	And R3.1 is a licensed recovery facility
15	occupancy that has six or less in a building.
16	But I would emphasize that State law
17	establishes the construction standards on life safety
18	requirements for these different occupancy types based on
19	their operating characteristics and the needs of their
20	residents.
21	And the State has liked at the particular use
22	patterns of the particular occupancies and the needs of
23	the residents who would be likely being one of those
24	occupancies, and they have adopted life
25	safety construction life safety requirements for the

protection of those particular types of occupancies which 1 2 the State believes is appropriate. Moving to the analysis of the reasonableness 3 When we look at whether a request is reasonable, 4 pronq. there are a number of factors which Newport Beach 5 Municipal Code allows us to consider. 6 Whether the accommodation would fundamental 7 alter the character of the neighborhood; 8 Whether the accommodation would result in a 9 substantial increase in traffic or insufficient parking; 10 Whether granting the accommodation would 11 substantially undermine any expressed purpose for the 12 General Plan or Specific Plan, 13 And whether the accommodation would create an 14 institutionalized environment. 15 The required findings in the Municipal Code. 16 If you look at whether or not the granting the request 17 would impose an undue financial or administrative burden 18 on the City. 19 And in this case, in the case of both 20 facilities, the answer was no, it would not, because we 21 have not received -- prior to noticing this facility, we 22 had not received any complaints regarding the facility 23 from members of the public. So we had no indication that 24 there has ever been any administrative burden in the 25

۲

past.

1

2

3

4

5

6

7

13

14

15

16

17

In our dealings with the Applicant in the Use Permit or, excuse me, the reasonable accommodation application process, the Applicant has been forthcoming and cooperative, and has not -- we have no reason to believe that that pattern will change; therefore, we do not believe that continuing to deal with the Applicant will create an undue administrative burden or financial 8 burden. 9

Would granting the request result in a 10 fundamental alteration in the nature of the City's 11 program? This is a little more complex analysis. 12

First, we look at two aspects of what the Applicant was asking for. They have requested to be allowed to continue a use in an R2 zone, and they have requested the ability to continue to use in that zone without the Use Permit which would be required.

So would allowing the use to continue in the R2 18 zone undermine the basic purpose the R2 zoning seeks to 19 achieve? 20

And two, would allowing the use to continue 21 without a Use Permit undermine the basic purpose which 22 the Use Permit requirement seeks to achieve? 23

To look at the purpose of the R2 zoning first 24 and see whether or not that is undermined, we look at 25

purposes stated in the Municipal Code. 1 Municipal Code said that for R2 uses, the 2 3 purpose is to provide areas for single- and two-family residential use. And the Planning Department reports 4 that these are medium to high density uses, depending on 5 6 the location. I believe that in the Newport Peninsula area, it's medium. 7 MFR, to provide for single-, two- and 8 multi-family residential uses, medium to high density. 9 At the staff's proposed level of density, which 10 would be six residents in one or two duplex units, a 11 medium level of density would be achieved; therefore, it 12 was staff's determination that conditioned -- under the 13 condition of having six residents in recovery at the 14 facility, there would not be an undermining of the R2 15 16 Zoning Code. Purpose of the Use Permit. We look at Use 17 Permit factors, not because the Applicant is applying for 18 the Use Permit, but because we have to look for the 19 20 purposes of the Use Permit and whether or not allowing an Applicant to continue, even with conditions, would 21 undermine the purposes of that Use Permit requirement. 22 23 Use Permits are required for uses with operating characteristics that require certain special 24 consideration because of operational characteristics 25

which would enable them to operate compatibly with other uses in the area and control secondary impacts on surrounding uses.

1

2

3

Ordinance 2008-05 requires a Use Permit for non-conforming uses in residential areas. The purpose of that is to ensure that the purposes of the Zoning Code are achieved, and that adverse secondary impacts from the non-conforming uses are mitigated.

9 Section 20.91A.010 states that the purpose of 10 the Use Permit is to promote public health, safety and 11 welfare, and implement goals of the General Plan by 12 ensuring that the conditional uses do not change the 13 character of the residential neighborhoods.

And then it gives the second purpose, which is equally important, which is to protect and implement the recovery and reintegration of disabled individuals, in part by avoiding the overconcentration that could lead to an institutionalization of the area.

Both the joint statement of the HUD Department of Justice and the American Planning Association has also stated that they feel it is not in the best interest of the recovery of individuals to be placed in an area where it's institutionalized.

24 So we look at whether or not the Use Permit 25 purposes would be undermined and consider several

factors.

1

2

3

4

5

6

7

8

18

19

20

21

22

One is that any reasonable control a Hearing Officer can impose on a Use Permit can also be imposed through a reasonable accommodation. Therefore, under staff's opinion, conditions appropriate for a Use Permit which could control secondary impacts can also control secondary impacts from a facilities seeking a reasonable accommodation.

9 Chapter 20.98 of our Municipal Code states that 10 all required findings must be made for a reasonable 11 accommodation to be granted.

What -- although, looking at the facilities and the population levels requested by the Applicant, staff was not able to make the finding -- all the required findings. At the population levels suggested by staff, the alternate conditions would meet the needs of the disability, and we could still make the findings.

We discussed the current residents, and the staff's belief that no basic purpose of the Zoning Code is undermined by allowing current residents to complete their stay, and that the facility grows smaller through attrition.

For the prospective residents, at the Applicant's requested population level, the required findings could not be made. But they could be made at

the staff's requested population level.

1

4

5

6

7

18

19

20

25

2 We proposed bed caps at 124 30th Street and 3 3206 West Balboa.

Our alternate accommodation, which we discussed with the Applicant, was to enter an abatement agreement with the City at 124 30th Street. It is staff's opinion that granting a reasonable accommodation to remain in the current location for an additional year did not undermine 8 the fundamental purpose which the Use Permit requirement 9 was put in place to achieve. 10

There will still be conditions during the 11 abatement period. The Applicant will still be required 12 to abide by those conditions and control the secondary 13 impacts, and, therefore, the neighbors surrounding the 14 facilities should have the same protection that a Use 15 Permit would grant during that period, and then the 16 facility would be abated. 17

We discussed the other post-conditions.

Ouiet hours.

Ouiet hours for television.

Control secondhand smoke so it's not detectable 21 off the property. 22

24-hour contact for addressing neighbor 23 24 concerns.

Garages clear for parking.

2

3

4

5

And a parking plan for residents with personal vehicles. Although, the Applicant originally stated that personal residents were allowed to have cars, he also stated that it is a limited number who have personal vehicles.

And proposed conditions -- conditions proposed 6 by staff would be that those vehicles be further limited 7 probably to something similar to what was proposed at 204 8 21st Street, because these are areas were parking is at a 9 premium. And with only -- if there were only two on-site 10 parking permit -- only two on-site places available, if 11 they had more than six, the facility would not comply 12 with the parking standards. 13

We also put conditions that the Applicant obtain the six-or-under license from ADP; that that licensed facility would substitute for the sober living use, and the reasonable accommodation for the sober living use would end. The Applicant has stated that he does not intend to apply for ADP licenses at these locations, but we'd include that condition anyway.

So with those conditions, we look at whether or not the facility would be able to conform with the operational requirements, the operational standards which are set forth for a Use Permit. And again, we emphasize that we're not -- the Applicant is not applying for a Use
Permit. We are just ensuring that none of the 1 2 protections the Use Permit requirement sets forth are undermined by granting a reasonable accommodation. 3 The conditions address secondhand smoke. 4 We have no evidence that the Applicant has not 5 operated the facility in compliance with state and local 6 I'm aware that there's some factual disagreement laws. 7 on when one of the Applicant's facilities at 124 30th 8 Street opened, but Mr. Gilbert, you correct me if I'm 9 wrong, I believe the Applicant gave you leases indicating 10 that both units were leased by the facility in December 11 of 2006. 12 MR. GILBERT: Yes. 13 MS. WOLCOTT: And that is prior to the 14 moratorium. So that would indicate that those facilities 15 were lawfully established under the laws in place at the 16 time of the establishment. 17 It complies with the occupancy standards for 18 19 bedrooms. Names of managers and owners provided. And 20 we've not seen any pattern or practice of operating 21 22 similar facilities in violation of the state and local 23 law. And we had discussed on-site parking needs of 24 the facility and the reasoning for limiting the numbers 25

37

there.

1

2

3

4

5

6

7

8

25

A bed count of six, with one on-site parking space. So that considers the option that we discussed of a facility with six residents in one unit and a single housekeeping unit in the other. That would not be in compliance with the parking requirements stated in Municipal Code. It does comply if six residents occupy both units.

9 As with other facilities, we look at the 10 average daily trips generated for a duplex unit with two 11 single housekeeping units, it would be 13.44 average 12 daily trips estimated.

For a residential care facility, average daily trips with six clients, plus one on-site manager, would be 19.19, if there were six residents, plus one manager in the entire building.

And if you have six clients and one manager in one unit and a single housekeeping unit in the other, it rises to nearly 30, which is significant higher.

The reasonable accommodation standard for parking. Because reasonable accommodation has its own parking and traffic standards, which is different from that in the Use Permit requirement. Use Permit says mitigated to an insignificant level.

The reasonable accommodation standard is

whether they create a substantial increase in traffic or 1 parking impacts. We believe with conditions, we could 2 3 prevent substantial parking impacts, and we have received no complaints about traffic impacts from the facility. 4 And other required findings in a permit which 5 we believe can be made is the property is physically 6 suited to accommodate the use; 7 That it will not change the character of 8 surrounding residential neighborhood; 9 And it does not create an overconcentration 10 under the APA standard of one or two such uses per block. 11 12 And I should add that the facility mentioned earlier at -- I believe it was 127 29th Street, we are informed 13 has been abated. There is no longer a group residential 14 15 use or sober living use. 16 We have not had traffic impacts reported. 17 No deliveries. As far as I can tell, the Sparkletts deliveries for the residents have been 18 received. 19 20 And we have had no complaints on regular trash collection since the facility has been in operation. 21 Τ did check with Code Enforcement as to whether there has 22 23 been complaints to this facility prior to this hearing, 24 and the only trash complaint was prior to this Applicant taking control of the building. 25

That concludes my presentation, unless you have 1 2 questions. MR. ALLEN: I just wanted to ask you one 3 questions, and you probably answered this before or 4 pointed it. 5 It's certainly very important to the City that 6 in these reasonable accommodation approvals that the 7 conditions that are imposed on them be abided by and, 8 more importantly, be enforceable. 9 Where is the authority, the underlying 10 authority, for the City to impose conditions on a 11 reasonable accommodation application? We know clearly 12 that in the Use Permit context, State law authorizes 13 conditions to be imposed as a condition of a grant of a 14 discretionary permit. We have a different situation 15 16 here. I take it you feel confident that there's 17 authority to enforce those conditions, and you'd win if 18 somebody challenged? 19 MS. WOLCOTT: Are you asking whether we have 20 authority to enforce conditions that we place on the 21 Operator, or are you asking whether the Hearing Officer 22 has the authority to impose the conditions? 23 MR. ALLEN: No, whether we can enforce -- the 24 City can enforce the conditions that are imposed on the 25

Operator? They're not consenting to them, you know.
 They are being imposed.

MS. WOLCOTT: Well, one, it is a discretionary permit, and discretionary permits -- cities are permitted -- government agencies are permitted to impose conditions. We're trying to impose conditions that we believe are reasonable.

And when the Applicant -- if the Applicant has 8 objections, we do listen to those objections and discuss 9 them, you know. As you've seen in past hearings, if an 10 Applicant feels that a particular condition is not going 11 to work with their facility, they bring it to our 12 attention. We discuss that with them. And frequently, 13 propose on alternate condition that can meet the same 14 need but allow the Operator to continue their operation. 15

As far as your authority to impose, the Municipal Code expressly allows you authority to grant or conditionally grant reasonable accommodations, and I can cite chapter and verse if you want me to grab my Code.

THE COURT: Does it actually authority the authority with the grant -- with the imposition of conditions as well?

MS. WOLCOTT: I'll grab that, yes.

24 MR. ALLEN: As long as you tell me that, that's 25 sufficient. I was just interested, because I couldn't

41

۲

3

4

5

6

7

16

17

18

19

1	remember having read it before. And it came to my mind
2	that it's very important to be able to do it. And as
3	long as we can do it, that's fine.
4	MS. WOLCOTT: It says Chapter 28 states that
5	"The Hearing Officer may grant, conditional grant, or
6	deny a request for reasonable accommodation."
7	MR. ALLEN: That's right. "Conditionally
8	grant" is the key. Okay. Thanks.
9	MS. WOLCOTT: Thank you.
10	MR. ALLEN: I don't have any other questions.
11	Let's see. Where do we go next? Applicant is going to
12	make a presentation at this point?
13	Do you have anything else, Mr. Kiff.
14	MR. KIFF: I might jump in since Cathy combined
15	the two, and I'll briefly summarize.
16	And respecting Gilbert's comments earlier about
17	124 30th Street, as Cathy noted, we're making a
18	recommendation of approval on the other one, 3206 West
19	Balboa, and those conditions in part, as Cathy
20	summarized, of the six bed cap, no assembly uses,
21	complies with the secondhand smoke requirements,
22	qualified supervision, cars and limited on cars, and et
23	cetera.
24	But just to put up on the board behind us, the
25	proximity issue that we've been showing on each one, and
	42

AND

۵

٥

þ

maybe you're amenable to it, Mr. Allen, open the public 1 hearing for -- and allow people, including the Applicant, 2 to speak about both facilities. 3 MR. ALLEN: In other words, conducting the two 4 hearings simultaneously? 5 MR. KIFF: I think that makes more sense in 6 light of what Ms. Wolcott has presented, and they're 7 fairly similar uses. 8 MS. WOLCOTT: Sorry. 9 Mr. KIFF: It's fine. 10 MR. ALLEN: Then if we conduct it in that 11 fashion, the audience may want six units instead of 12 three, and so forth. I don't know whether it's more 13 expedient. Are we likely to get confusion if we do it 14 that way? I would be concerned about that, frankly. 15 MR. KIFF: You could also ask that the audience 16 members speak, and the Applicant speak first on 124 30th 17 and then on 3206 West Balboa. Again, I'm cognizant of 18 not wanting the Applicant nor the audience to have to go 19 through the same --20 That's a legitimate point. MR. ALLEN: 21 Ms. Wolcott's presentation is lengthy and equally 22 applicable to both of them, and it's important, 23 whereas -- okay. We'll give it a try. 24 MS. WOLCOTT: You could also, if you'd like to, 25 43

take notice of the presentation for the reasonable 1 accommodation. You could do 124 30th Street hearing 3 first, close that, and take notice of the reasonable accommodation presentation which was given for 124 30th 4 Street, so we don't have to repeat it. 5

MR. ALLEN: That's certainly -- look, I think 6 7 that was what was essentially articulated. I certainly agree to that. We will just take note of it as the 8 Why don't we do the two together and see if it 9 second. works smoothly. 10

11 As you say, there's similar uses. There are 12 similar issues. And the only difference is the different locations with different unique circumstances to each 13 one. But we only have an hour, and so let's get moving 14 with that. Let's see. The next would be the 15 16 presentation by the Applicant.

17 MR. CULLEN: Kevin Cullen, C-u-l-l-e-n, and I'm the Applicant for 124 30th Street and for 3206 West 18 19 Balboa.

20 I guess start with 30th Street location, actually for both of them, I'd read both of the staff 21 They are accurate. I have no complaints with 22 reports. either one of -- you know, there's nothing I disagree 23 24 with, quite honestly.

The one on 30th Street is an all women's

44

facility. We went over the bed count already. They point out that there have been no complaints with the Code Enforcement.

There are no complaints with the -- you know, I read there was a fight of residents that were drug dealing with people getting arrested. These are untrue statements, by the way. And I'm happy to address that later if we need to, but I don't have much to say.

9 The girls we have there, they are fantastic. 10 I'd like to point out that I did put letters of support 11 from the neighbors that live on either side of the 12 building stating that these girls have been wonderful and 13 fine and no complaints.

14I don't know either of the owners of the15properties. It's actually pretty good, quite honestly,16because I'm not getting any complaints from them. And17it's my understanding that I'm doing a good job for them.18I haven't had any complaints. So that's pretty much all19I have to say about that. I don't really want to take up20too much of your time.

21 MR. ALLEN: Well, feel free to take time to 22 make sure that --

MR. CULLEN: No, that's fine.

24 MR. ALLEN: -- you understand what's being 25 asked of you here, and that you're receptive to it or you

23

1

2

3

4

5

6

7

8

PUBLIC HEARING - 5/20/2009

	1	
	1	aren't, and then we can handle it accordingly.
)	2	MR. CULLEN: I've agree with everything I've
	3	heard so far on the 3206 and 30th Street location. I
	4	will let the thanks for coming out everybody, by the
	5	way. Any complaints or that the residents have, I'm
	6	happy to address at the end of the time.
•	7	For the moving on
)	8	MR. ALLEN: With respect to 30th Street?
	9	MR. CULLEN: Yeah.
)	10	MR. ALLEN: The staff recommendation in the
	11	staff report is to deny that, and then but allow it to
	12	operate for a period of 12 months
•	13	MR. CULLEN: Correct.
	14	THE COURT: and then to terminate at that
	15	time?
D	16	MR. CULLEN: Correct. Actually, I believe the
	17	staff report was to approve it at a lesser bed count. I
	18	think that was actually what the staff report said
D	19	originally, because but at any rate, I'm more than
	20	happy to close the place down.
	21	That's six people. We can't get continue to
D	22	operate in the same way. I could probably move everyone
	23	to one unit, you know, upstairs or down. We kind of look
\$	24	at different ways of making it work, and it's not really
0	25	financially viable to do.

46

۲

PUBLIC HEARING - 5/20/2009

1

2

3

4

5

Quite honestly, that was the only place we did get some complaints. I'm not -- from some residents. And quite honestly, I don't agree with a lot of the complaints, but I'm not really interested in fighting anybody.

I think there's other opportunities to be 6 somewhere else. And I'm willing to work with the City. 7 I am willing to work with the residents. I have not been 8 contacted personally by any of the residents. I'll make 9 myself available. I'm really not that difficult to find, 10 but I'm willing to work with them to move the location 11 just, quite honestly, for ease, you know. It's just 12 easier to do that than to --13

And, quite honestly, a year is very generous and I appreciate that. I don't foresee it taking that long, but I kind of appreciate the ability to take something that wouldn't be appropriate and make sure I do my due diligence and check with the City and check with the residents to make sure it's an appropriate place to reopen at a smaller location somewhere.

I don't want to -- I don't want to be in the same -- I don't want to make anyone more uncomfortable or make life any more difficult for anybody. I just want to make sure I have the proper amount of time to make it work out. That's pretty much all I have really got

47

there.

1

2

3

4

5

6

Any other questions?

MR. ALLEN: Mr. Kiff, it seems like there was some misunderstanding here between what the Applicant felt the staff recommendation is and what the staff report says.

7 MR. KIFF: Actually, I think, Mr. Allen,
8 Mr. Cullen characterized it correctly; that we would have
9 approved -- we would have recommended approval of a
10 having at most six people in recovery in this facility,
11 and in the building, both the A and the B unit.

We don't feel that we can make the same recommendation in the bed count is 10 in the whole building, and that relates in part to the Fire Code issues that we discussed.

16 So Mr. Cullen has said that, because of financial considerations, he can't have six there. 17 And again, in the interest of making this a pure reasonable 18 accommodation process where it is a discussion, and we, 19 20 the City, errs on the side of caution when accommodating people who are disabled, we'd recommended allowing him up 21 to 12 months to find a facility where he could house six 22 people in an economic environment that is more favorable 23 24 to his operation.

,

3

25

I would make one note, too. Mr. Wetherholt has

submitted evidence to the record saying that my 1 2 characterization of his statement about a fight at 30th Street was incorrect, and that he didn't bring that to my 3 attention, and I apologize to Mr. Wetherholt, for the 4 record, that that confusion exists. It seems like maybe 5 I had forgotten the context of that fight. But clearly 6 from the police reports, it didn't effect Mr. Cullen's 7 clients, and Mr. Wetherholt says it's not something he 8 brought to us either. 9 MR. ALLEN: All right. So then the staff 10 11 recommendation in the conditions is that the use abates no later than 12 months from the date of the execution of 12 the Resolution, and that the occupants would remain at 10 13 occupants through that one-year period of time; correct? 14 15 MR. CULLEN: Yeah -- yes. I mean, I'd like that option. 16 MR. KIFF: That's correct on the staff's 17 understanding, too, yes. 18 MR. ALLEN: With respect to number two, how 19 many -- you have two resident managers there; is that 20 21 correct? MR. CULLEN: One for the upstairs and one for 22 the downstairs, yes. 23 MR. ALLEN: And I just saw a minor ambiguity 24 here. Are they both qualified recovery specialists? 25

MR. CULLEN: Absolutely, the finest recovery 1 2 specialists. 3 MR. ALLEN: Okay. I just thought only one had to be, and so I was wanting to see clarity there. Thank 4 5 you. 6 MR. CULLEN: Something I would like to add just about the 30th Street location. I love the property. I 7 love the building. I love the location. I got a couple 8 9 of letters saying it's not a great area, that there's excessive partying and whatnot. 10 And -- but there's also -- there are a lot of 11 rental units. There are a lot of families that come down 12 for the summer, and it's a pretty high traffic area. 13 But my experience down there, and the same for the girls, and 14 the residents that live there have been pretty awesome to 15 16 us, quite honestly. And there hasn't been a lot of excessive anything. 17 You know, I like it a lot. I'm sorry to see it 18 19 go, but if we can't work it out, I understand. I'm not 20 getting exactly what I want here, by any means. But I think it's fair and just. And I'm willing to work with 21 it. So that's all I really have to say on 30th Street. 22 MR. ALLEN: Okay. 23 MR. CULLEN: Moving on? 24 THE COURT: 3206? 25

50

D

1	MR. CULLEN; 3206, same type of use, except
2	this is an all male facility. It's a duplex as well.
3	You know, the only thing there was actually two
4	resident managers in that one, too. I think it was
5	stated as one, but we have one in each unit, just because
6	it's for it's just easier that way, quite honestly.
7	It's a little bit smaller location. It's right
8	on Balboa Boulevard. It's an awesome location as well.
9	It's a block well, it's a block from here. It's a
10	block from the Newport Harbor Club, a block from the
11	beach. It's right across the street from Albertsons.
12	There's a laundry it has a laundry facility on-site,
13	but there's also a laundromat a block away. Guys can
14	walk anywhere. Right downstairs, right below us, is the
15	bus stop. Takes guys right up to Orange Coast College.
16	And only smoking area on that thing is the
17	patio there's no patio the upstairs balcony for
18	both units that they smoke on that's facing Newport
19	Boulevard or, excuse me, Balboa Boulevard, which is a
20	really high traffic area. The only thing below is a bus
21	stop. And, you know, secondhand smoke I don't believe is
22	an issue, you know, unless you're going to have traffic
23	as an issue, cars as an issue, the bus out front as an
24	issue.
25	MR. ALLEN: We'll find out if it's an issue

۶

.

Γ

	1	during the public hearing, I'm sure.
)	2	MR. CULLEN: Fantastic. I believe you're
	3	right, actually.
	4	But anyway, it's we haven't had any
Ď	5	complaints about it, let me put it that way. We haven't
	6	had any complaints from the City that I'm aware of. The
	7	police hasn't been there because anybody's upset or
D	8	there's any turmoil in the community that I'm aware of.
	9	It's been a great location for us. I've been
•	10	there since 2005, I think, and without any complaints.
	11	Quite honestly, I don't think anyone even realized we
	12	were there in any of these locations until they got
	13	something in the mail. We're because we're a quiet
	14	type little ship, you know.
	15	And anyway, that's what I've got there. I'm
D	16	happy to answer any questions.
	17	MR. ALLEN: Okay, thanks.
	18	MR. CULLEN: That's it.
D	19	THE COURT: Does staff have any questions of
	20	the Applicant while he's here?
-	21	MR. KIFF: No, sir.
D	22	MR. ALLEN: All right. Thanks.
	23	MR. CULLEN: All right. Thank you.
	24	MR. ALLEN: All right. Let's open the public
20°'	25	hearing and get that started. You heard the comments

PUBLIC HEARING - 5/20/2009

	1	earlier. I would want everybody to have the opportunity
0	2	to say what they need to say. And so, let's not stick
	3	tight with the three-minute rule, but, on the other hand,
0	4	let's have some degree of control over conversation.
	5	Please state your name and spell it.
	6	MR. REISS: My name is Joe Reiss, R-e-i-s-s. I
_	7	live on 30th Street.
D	8	And I agree with staff report. I'm speaking
	9	specifically on 124 30th Street. That's the one I have
)	10	the main certain with. I agree with the staff report. I
	11	support the staff report. I hope you do also. I'm glad
	12	to hear that this gentleman is also in agreement and is
>	13	willing to abate the property and to close the facility.
	14	One thing I did note when I read the staff
	15	report, I sent an e-mail to Mr. Kiff, and it wasn't
	16	included within the staff report. I'd like to provide a
	17	copy of that so it can be included in there. It's my
	18	observations that I have had on the property.
•	19	There have been some good clients that have
	20	been in the property. I've talked to some of those
	21	clients. But there's also been some bad clients in the
	22	property that we haven't really been happy with.
	23	And I do want to address one issue, and that
	24	issue is this with regard to the complaints. Not maybe
)	25	specifically at this location, but for three years, this

PRECISE REPORTING SERVICE (800) 647-9099

53

community has been complaining about the overconcentration of these sober facilities and has been complaining about a variety of different issues that go with them.

And I don't think it's really proper for 5 6 anyone, really, to come in and say that the community 7 hasn't been complaining. Maybe not specifically where we called Code Enforcement on this location, but it's quite 8 evident from the showing that you've had at all of these 9 that the community is upset. And this is just an 10 example, and some of the e-mails and responses and 11 12 letters that you got indicate some of those concerns and those are shared by many throughout the community. 13

14

15

Thank you.

MR. ALLEN: Thank you.

MR. GARRETT: Good afternoon. My name is Bill Garrett, G-a-r-r-e-t-t. I've been a resident of Balboa Peninsula for 35 years.

I also support staff's recommendation on this.
I think six months would have been a better timeframe to
abate the use there. But again, I appreciate staff's
recommendations, and I do support it.

Also, I'd like to say this is -- I think we all
know this is a perfect example of government completely
run amuck in allowing these uses in residential

-

1

2

3

4

9

	1	neighbors. So anything you can do in the future to help
)	2	us in that regard, we'd appreciate it.
	3	Thank you.
	4	MS. MARTIN: My name is Brenda Martin,
	5	M-a-r-t-i-n. I've been a resident of Newport Beach or
	6	the Peninsula for about 15 years.
	7	I do support the staff recommendation. I
94	8	appreciate the fact that we are going do something about
	9	this finally, but I would like to reiterate that there
•	10	have been a lot of complaints. A lot of us have made,
10-1 1	11	complaints and had problems from the overconcentration of
	12	the facilities.
•	13	MR. ALLEN: Where do you live in proximity to
	14	this, I'm sorry?
	15	MS. MARTIN: I am about I'm in the 200 block
	16	across the street, basically, from Mr. Wetherholt. In
	17	that area, that block in there.
	18	MR. KIFF: I'm sorry. 200 block of
	19	MS. MARTIN: 30th. Oh, I'm sorry, yes.
	20	And we have seen quite a bit. The girls have
	21	been pretty reasonable with their behavior, I will say.
D	22	But we do see a lot of wondering around with cigarettes
	23	and all that from the others.
	24	I have a question as to the authority to
	25	enforce the conditions. What does that mean to us? Are

AUSSI

1	we going to just call the police when we see violations
2	that have been outlined, or how is that going to be
3	effected? Do we have any idea?
4	MR. KIFF: Your discretion, Mr. Allen. I can
5	answer questions at the end or individually.
6	MS. MARTIN: Sorry.
7	MR. ALLEN: That's a good question, though, and
8	Mr. Kiff has an answer for it that we all need to hear
9	from time to time, because it's going to be important as
10	time go on. He'll do that after everyone gets done.
11	MS. MARTIN: All right. Thank you.
12	MR. MATHENA: Larry Mathena. Good to see you.
13	Couple of different points. Good to see you.
14	On 124 30th Street, I guess my only observation
15	is I observe that, for instance, the PowerPoint
16	demonstration refers to this as an abatement agreement,
17	which I think is fine and a good thing. I would believe
18	that in the absence of such an agreement, that, unlike
19	the base law which provides for one year, that basically
20	this should have been abated the end of February.
21	I think in many respects, you're being overly
22	generous with the year, but excepting that you do have
23	a responsible Operator, I can accept potentially that
24	entire year.
25	I would observe, though, because this is an

abatement agreement as opposed to merely an abatement 1 enforcement action, that from my perspective, in this 2 3 hazy interim land use agreement context, that it would be very appropriate to have your Applicant, who appears to 4 be accepting all this in a forthright and direct manner, 5 6 to agree to the terms proposed, to agree that if they are 7 not complied with, that there will be an acceleration of abatement, and basically to agree, in terms of providing 8 9 certainty and comfort to the folks that have struggled with this overconcentration, that he will not be pursuing 10 11 a change in what's otherwise been agreed to at this moment, despite the fact that -- and I do understand why 12 it's there and what it means -- that basically the City's 13 position is tomorrow afternoon, the Applicant could say, 14 "Oh, I came up with a better reasonable accommodation 15 16 argument."

I would argue if you're going to give him the 17 year, that it's an appropriate right for him to waive. 18 Otherwise, I would suggest that the City simply take the 19 position that it has an abatement that should have 20 21 started in February and just start it now. So that's my 2.2 observations on 124 30th. I think you are being 23 generous. I can accept the context. But if you're getting that generosity, I think for certainty --24 25 And also the other point I want to make, if I

PUBLIC HEARING - 5/20/2009

9

1	were the City, administratively, God knows, you don't
2	want somebody coming up tomorrow and saying, "I changed
3	my mind." I don't think it's inappropriate for you
4	folks, just for your own sanity and to save costs, which
5	is one of the conditions to be considered in all this,
6	that if you are being so accommodating, that you do
7	condition that accommodation during this abatement
8	period. Those are my thoughts on 124.
9	On the other facility I appreciate this
10	drawing of lines. Just want to remind you, and the thing
11	that everybody seems to be ignoring, just because for a
12	Use Permit you came up with this very rigid, mechanical,
13	in many respects unrealistic APA standard, that for 3206,
14	and reasonable accommodation generally, it's a supply
15	test.
16	It's not directly an overconcentration test
17	that you can turn to, and that you have a huge supply,
18	and that based on that huge supply and, for instance,
19	we had 900 West Balboa that, "Oh, it was a
20	four-and-under, and we don't have any four-and-unders, so
21	that's a unique supply we're providing." There are
22	six-and-unders. There are a whole bunch of different
23	ones.
2.4	And just to guoto the standards you sould apply

And just to quote the standards you could applyto 3206, "In the case of a residential care facility,

1	whether the existing supply of facilities of a similar
2	nature and operation in the community is sufficient to
3	provide individuals with a disability and equal
4	opportunity to live in a residential setting," and the
5	answer is there is a ton of other choices. So no, you
6	don't have to give them reasonable accommodation at 3206
7	either.
8	And to go back, to the extent you have the law
9	to enforce, it would be nice to see it enforced.
10	Thank you.
11	MR. ALLEN: Thank you.
12	MS. HYATT: Hello. My name is Mary Hyatt,
13	H-y-a-t-t. I have lived on 30th Street since 1977.
14	And I don't have a specific complaint to 124
15	30th Street. I would say that if you want to put the
16	lion in the lion's den, that's it. Because there's a lot
17	of alcohol and drug abuse going on on that street on a
18	daily basis. So if you want to test them and see if they
19	are strong against that, that's a good place to put them.
20	But my concern would be also the amount of
21	people in there, because that's kind of a summer
22	concentration to have have that many people in one
23	duplex at a time. It happens during the summer for a
24	week here and there, but not on a, you know, yearly
25	basis.

D

)

Γ

	1	And also, I might have missed it, but the	
D	2	questions I would have would be, why wasn't a for all	
	3	these locations, a Use Permit applied for? Because it	
	4	was, I mean, everybody knew that that was the standard	
	5	put in place. And is there a reason that that wasn't	
	6	applied for?	
	7	And when we make an accommodation, it's	
U	8	not is it one exception, or is it going to be 10	
	9	exceptions? I mean, I guess I don't understand the	
ħ	10	rationale in making exceptions when you've already been	
	11	really clear on the rules, and that you have to apply,	
	12	and that's my question.	
þ	13	Thank you.	
	14	MR. ALLEN: Next?	
	15	MS. MARTIN: I think I'll take another minute,	
D	16	if you don't mind? Brenda Martin, M-a-r-t-i-n.	
	17	On reflection a little bit, I think some of the	
	18	concerns that I noted was that there were no complaints	
D	19	from the nearby neighbors, and I know that that's not	
	20	really true. Because some of the female neighbors around	
	21	there have been in fear of retaliation if they made their	
)	22	complaints obvious or had some of the people know who	
	23	they were. And I know several of the neighbors directly	
	24	around that 30th Street property, as a matter of fact.	
)	25	The other concerns has neighbors we have had is	
			e

	1	the property value situation, and that's pretty
>	2	substantial, I think, with the rate of concentration that
		we have around there.
	3	
D	4	The other thing I'm wondering, because this
V	5	building the 30th Street building is owned by a
	6	recovery company?
)	7	No, it isn't? Did I misunderstand? It's not
<i>w</i>	8	owned by the one that's occupying it, but it's owned by
	9	another Ocean or something?
)	10	MR. ALLEN: They will explain that.
	11	MS. MARTIN: Oh, all right. I just was
	12	wondering if we were going to be put back in the same
)	13	position.
	14	All right. Thank you.
	15	MR. ALLEN: All right. Anyone else want to
	16	talk about either one of these applications?
	17	All right. Let's close the public hearing
	18	then. And first of all, we can give Mr. Kiff an
D	19	opportunity to respond to those questions that were
	20	raised.
~	21	MR. KIFF: Thank you, Mr. Allen.
D	22	I didn't note a lot of questions, but
	23	Ms. Martin raised a few. We've talked about it in the
•	24	past, but I'll say it again. The authority to enforce
D	25	the conditions is with our Code Enforcement Unit.

1 And if folks have a concern, the number is 2 644-3215. You can also call or log on to Web site and 3 file a complaint electronically using our -- it's called 4 the Quest System. And that allows you to put in the 5 address and your specific concern. We do follow up. We 6 have three to five Code Enforcement Officers at any one 7 time who work on this issue and others. 8 I'm going to ask Mr. Cullen in a bit to address 9 the ownership of the building. 10 I'm going to jump, then, to -- Mr. Mathena 11 stated some thoughts and hopes for this rather than 12 asking questions, so I won't address those. I will 13 address one issue that I think is worthy of at least 14 going in the record when you talk about maybe the City 15 has a huge supply of uses such as this. And over time, the more I've worked on this 16 17 issue, we need to realize, I think as I have and 18 hopefully correctly, that the majority of our recovery 19 facilities in Newport Beach are affiliated with a 20 treatment program directly. And in order to be in a so-called sober living house, for instance with Sober 21 22 Living By The Sea or Morningside, you have to be in their 23 program.

So arguably, a facility like Balboa Recovery,
which doesn't require affiliation with Ocean Recovery and

is intended to be after that type of service, that we don't have a lot of these in the community, rightly or wrongly.

1

2

3

11

12

13

14

15

16

17

But I think it's difficult for the City to make a finding beyond what we made in the staff report, that there is -- there are a number of opportunities for people in recovery to reside in a longer-term or medium-term sober environment where they are not affiliated with a treatment program, and those opportunities are listed.

Now, Mr. Mathena's point is well taken when he says, "Well, anybody could," as we note in the staff report, "get together and form a single family" -- I'm sorry -- "a single housekeeping unit and choose to live in recovery unaffiliated with anyone. They just enter onto one lease, they operate as a single housekeeping unit," et cetera.

And then finally, to try to address some of 18 Ms. Hyatt's concerns. There are a variety of reasons why 19 20 folks didn't apply for a Use Permit. I'll allow 21 Mr. Cullen to answer that directly. A number of folks 22 either didn't apply because they believed our Ordinance is illegal, and, indeed, they have sued on that basis, 23 24 and we have extensive litigation going on involving the 25 legality of the Ordinance.

PUBLIC HEARING - 5/20/2009

And some applied even while stating that they 1 2 believe that their application -- that the City's Ordinance was illegal, but they chose to apply at the 3 same time. So we had a variety of reactions from our 4 5 known facilities in the adoption of this Ordinance back 6 in February of 2008. And then Ms. Hyatt also asked about 7 accommodations. Do you issue one? Do you issue 10? 8 bottom line is, is the City's interpreting this is any 9

person who is disabled or who is representing a disabled person can apply for a reasonable accommodation at any time from any aspect of the City's codes, not just our group residential codes but any codes.

And that is what this hearing is about, to see whether or not that reasonable accommodation application is appropriate, whether they represent people who are disabled, and whether or not it does not make a fundamental alteration in our Zoning Code, and that's the analysis that Ms. Wolcott went through.

20 So the answer to that question is yes, you 21 could have literally thousands of requests for reasonable 22 application -- or reasonable accommodation, and each one 23 we'd have to analyze separately based on those prongs 24 that Ms. Wolcott mentioned.

And with that, I think that's my list of

64

The

۶

questions. And maybe Mr. Cullen could answer two
 questions, ownership, and why didn't Balboa Recovery
 apply for a Use Permit? And, of course, Mr. Cullen is
 welcomed, as you know, Mr. Allen, to comment on any other

aspects of testimony you heard.

6

5

MR. CULLEN: Again, Kevin Cullen, C-u-l-l-e-n.

I'll start with the ownership of the building.
Balboa Recovery leases the property at 30th Street. The
company that owns the building is called Ocean -- I don't
know what they call it. I happen to work for a company
called Ocean Recovery. But it's a total coincidence.
There is no affiliation between them. It's just that
that particular company's name is Ocean.

14 It's not owned by the same owners. No 15 affiliation whatsoever. Whoever owns the building, they 16 are a corporation. It just happens to be called Ocean. 17 We lease the building. We'v leased it since two and a 18 half, three years, whatever it is. So that's who owns 19 the building. We have got letter from them, too, by the 20 way, that I submitted into the record.

As far as why we didn't originally apply for the permits, quite honestly, I'm not sure it even applied to us. First, we were pretty sure it was, like Mr. Kiff said, that it was kind of the standard -- industry standard of what was kind of going on. However, it is

what it is, and it's in place, so we decide to play along and to do what we need to do make our facilities legal and do the right thing.

1

2

3

4

5

6

7

8

9

10

Quite honestly, we were pretty sure it didn't apply us, because we're not a treatment center. There's no treatment center offered there. And it was kind of -- we talked with the owner of the building, too, and they were pretty adamant about -- they were surprised that someone could tell them who they could and couldn't lease to.

You could lease to college guys who are, you know, summer rentals, or whatever, but I can't lease to people that are in recovery, that don't use drugs and alcohol? And it kind of seemed a little ridiculous, quite honestly.

And basically, since we're not a treatment center, we're not state licensed, I didn't think it really applied to us originally. And when it came down to it, we would make other arrangements.

20 Upon further investigation, you know, the 21 people that live in these places, it's really important 22 that they live there. It's real important to them. They 23 love where they live. They love this community. They 24 love being in -- they love the convenience of being at 25 Newport Harbor Club, being at the grocery store, being at

1 This is where they got sober. This is where the beach. 2 their lives begun. They are passionate about this place, you know. And to make them leave doesn't seem right. 3 So I'm kind of willing to do -- and it's been a 4 lot of work, man, trying to go through this whole process 5 so these people have the opportunity stay here and enjoy 6 it. I have the same opportunity, and I wouldn't want 7 anyone else to miss out on that. 8 I see people's lives change daily, and it's 9 10 pretty awesome. And I hope you guys get to check out some of these same experiences, maybe. But anyway, 11 that's why we didn't originally apply. And we ended up 12 doing -- my understanding is we've been up front and 13 14 legal about it, and do everything we're supposed to do, and we plan on continuing to do it. 15 16 Hoping that answers those questions. Anything 17 else? MR. KIFF: To me, yes. 18 MR. CULLEN: Okay. I'll go down the list. 19 I heard a lot about overconcentration and, 20 yeah, man, you're right. I don't argue that. I think 21 22 there's been a ton of places. But the citizens don't give themselves enough credit or the City doesn't take 23 enough credit either. It's not as bad or as much as it 24 was a couple years ago or even last year or in the 25

future.

1

2

I mean, there's a lot less where there were. 3 And quite honestly, there were a lot of places that were called sober living homes that are not sober living 4 homes. They have no rules. They have no regulations. 5 They have nothing, you know. They were fraternity 6 houses. At worse, crack houses, you know. It was a bad 7 scene and gave the industry a real bad name. 8

Ouite honestly, there are still a few, and I 9 think, you know, sober living is going to get closed down 10 11 in the future. And as far as an overabundance now, if you like a took at, you know, unlicensed sober living 12 homes that have even applied for this, you know, I don't 13 know of any, quite honestly. 14

And you mentioned about the bed availability. 15 With all due respect, there's 21st Street, and there's 16 900 Street, and that's it. Sober Living By The Sea, I 17 think they had 65 beds, actually -- and I talked to their 18 head of business development, and I talked to the 19 admissions director. They do no sober living. There is 20 no sober living. They are a treatment facility 21 22 exclusively.

So it's kind of like as I mentioned, sober 23 living beds, there are not a whole lot of them. I defy 24 you to name one all female facility on the Peninsula. 25

68

I've owned or administered, you know, for nine years, and 1 I don't know of any. I get calls all the time for 2 3 referrals, and I can't make them, because I don't know where else to send people. There's a couple off the 4 5 Peninsula, and in Costa Mesa, but that's it. But I do hear the residents. I think there has about a 6 7 lot -- there's been a lot of bad providers. I agree. However, I'm not one of them. 8 9 A lot of the other complaints I got from Joe 10 Reiss and Bill Garrett and Brenda Martin. They weren't 11 specific to my places. There was something about

12 property value, you know. Property values are down, I 13 believe, because of a lot of reasons. Yet, I haven't 14 heard any specific evidence because of being located near 15 sober living homes, but -- that's for sure.

And as far as Larry Mathena, I read his thing. I didn't completely understand it, but my understanding was if I enter into this agreement with the City, I am entering an agreement with the City. I can't change my mind. That was my understanding.

If I missed something, I apologize. But I'm happy to, you know -- unless there's something that I didn't understand in there. But the way that the City was been presented to me, I'm in agreement with it, and I have no intention to change my mind, and I'm happy to

	1	sign whatever it is I'm supposed to sign to make that
0	2	happen.
	3	Quite honestly, I think that's it. I have
	4	addressed everything.
0	5	MR. ALLEN: Okay. Thank you.
	6	Just the record, I happen to look at the
.	7	application. The property owner is Ocean One, LLC, on
	8	Covina De Gloria in Walnut?
	9	MR. CULLEN: Yes.
`	10	MR. ALLEN: You don't have any relationship
	11	with them other than
	12	MR. CULLEN: No.
)	13	MR. ALLEN: other than landlord/tenant; is
	14	that correct.
	15	MR. CULLEN: Correct.
	16	MR. ALLEN: All right. Anything else that we
	17	should cover here?
	18	MR. KIFF: Not that I know of, sir.
	19	MR. ALLEN: All right. Let's proceed here
	20	then. Just a question of the City attorney, if she
	21	would.
)	22	On the 30th Street condition, it says "This use
	23	shall abate in 12 months." Mr. Cullen has indicated a
	24	willingness to sign something, if that's asked of him.
)	25	And it seems appropriate for him to acknowledge in

~

٢

ſ

writing his understanding, that he's to terminate the use in 12 months, with the hope that something doesn't occur that necessitates him trying to engage in a battle with the City to remain there.

1

2

11

And I don't think there's any -- it's probably not appropriate to ask anyone to waive rights to reasonable accommodation, and I wouldn't be suggesting that at all. But an acknowledgement that, as a condition of operating this place for 12 months, that he -- so unless you have a concern, I'd like to put that in just in general terms as a condition.

12 MS. WOLCOTT: I want to make sure that I 13 understand the wording that you're requesting for. You 14 would like conditions in the abatement agreement 15 stating --

16 MR. ALLEN: There's not an abatement agreement 17 now as I understand it.

18 MS. WOLCOTT: No. The reasonable accommodation 19 would involve entering into an abatement agreement with 20 the City. It's a separate contractual arrangement.

21 MR. ALLEN: Oh, I didn't see that as a 22 condition. Oh, I didn't know that that was the 23 intention, to actually create an abatement agreement. 24 MS. WOLCOTT: That is generally how we handle

25 | the abatement situations. Mr. Kiff --

	1	MR. ALLEN: Oh, all right. Then that's fine.
	2	MS. WOLCOTT: can correct me, if he'd like
	3	it handled differently, though.
ß		
	4	MR. ALLEN: I did not realize that you did
	5	abatement agreements as such. So if you have a formal
	6	abatement agreement that there's an expectation he'll
•	7	sign, then I think we should should we add this in
	8	this condition? That would be my thinking.
	9	MS. WOLCOTT: Yes.
	10	MR. ALLEN: Otherwise, I don't see there's an
	11	obligation for him to do that.
	12	MS. WOLCOTT: If you'd like to add it into the
	13	conditions of approval, which would be
	14	MR. ALLEN: Number one in the abatement
and the second se	15	period.
	16	MS. WOLCOTT: Okay.
	17	MR. ALLEN: Thanks.
eeliha	18	MS. WOLCOTT: And the remedy for breaching one
	19	of the conditions in the abatement agreement would be
	20	breach of contract.
	21	MR. ALLEN: Uh-huh.
	22	MS. WOLCOTT: I don't think there's any intent
	23	to ask anyone to waive Federal rights to reasonable
)	24	MR. ALLEN: Certainly not.
	25	MS. WOLCOTT: accommodation.
		-

Þ
	1	MR. ALLEN: Certainly not. That's not a part	
٥	2	of it here. But it is in other words, there is	
	3	reasonable accommodation being granted here by allowing	
	4	the use to continue for a year. And so this is simply a	
0	5	condition of that grant. Whatever happens in the future	
	6	happens.	
*	7	MS. WOLCOTT: Thank you.	
	8	MR. ALLEN: All right. So then with respect to	
	9	30th Street, I agree with the staff report with respect	
	10	to recommendation for the action that's being proposed.	
	11	The alternative of allowing the operation to	
	12	continue for one year with the condition that it	
>	13	terminate at that time, grants the accommodation that's	
	14	being sought. The conditions that are set forth in	
	15	Exhibit A will be incorporated into an appropriate	
	16	Resolution to limit the operation, and the Applicant has	
	17	already indicated his willingness to abide by those.	
	18	And so with that, I would approve this use with	
)	19	those conditions, and observe that the findings that are	
	20	required by the Zoning Code have been met by the	
	21	limitations that are imposed. So that's the decision	
>	22	with respect to 30th Street.	
	23	With respect to 3206 and 3206 1/2, staff	
	24	recommendation is to approve this one as well and to	
	25	bring back a Resolution of Approval. I agree with that,	
			73

)

1 and do grant the approval. Excuse me just a moment. 2 MS. WOLCOTT: I don't know that we've addressed 3 the issue at 3206 the Applicant or the Hearing Officer is 4 looking at six in the entire building, plus a resident 5 manager, or six in one unit with the single housekeeping 6 unit. 7 MR. ALLEN: You're right, we didn't. And 8 that's a very significant issue, it seems to me. Let's 9 reopen for purposes of Mr. Cullen's position on that and 10 staff's position. 11 MR. CULLEN: Kevin Cullen. 12 I'm looking at the whole place, so four and 13 two, you know, would the better. One side is bigger than 14 the other. I'd like to have control of the whole 15 building for obvious reasons. It's just safer for the 16 residents if I can impose whatever rules I want on the 17 whole facility. 18 So also, we won't get blamed for someone else's 19 noise or anything like that, someone staying up all night 20 next door. It kind of defeats the purpose of having them 21 in by 10 o'clock or 11 o'clock or whatever. I want to 22 keep the whole place four and two. It would be great. 23 That's fine. We have two parking spots -- and well, one 24 car garage really, so whatever we've got to do to make 2.5

74

1 that work out.

MR. ALLEN: Can we articulate -- Mr. Kiff, you're probably better at that. Can we articulate a provision whereby the entire facility, both units, will be occupied by Mr. Cullen's operation, but that it sounds as if it will be appropriate to grant him flexibility with respect to how many recoverees are in each unit?

8

2

3

4

5

6

7

MR. KIFF: Yes.

9 THE COURT: Okay. Then let's draft language 10 for the Resolution that accomplishes that result, so that 11 there will be a maximum of six people in the entire 3206 12 and 3206 1/2, or units A and B as is sometimes referred 13 to, and that there will be flexibility with respect to 14 how many you wish to put in each side, and managers, and 15 so forth, okay?

16

MR. CULLEN: Is that all?

MR. ALLEN: Yeah. And so the findings that are required by 20.98.025 of the Code are made in this instance with the set of conditions that are imposed and particularly in light of the reduction to six occupants for the entire building.

I think that's especially significant, because it constitutes a significant reduction in an otherwise dense situation in that location, which, in itself, is in a very dense and heavily populated area, just like all

1 the rest of the ones that we've talked about on the 2 Peninsula with 3 feet side yard set backs, and so forth. The conditions are set forth in Exhibit A, and 3 they will be incorporated into a Resolution that I'll 4 5 sign. I don't believe I have any changes to those. So they are acceptable as is, and that concludes that. 6 The 7 findings have been made. The Resolution also will be 8 prepared with the conditions set forth in Exhibit A, so that concludes that matter. 9 10 Is there -- let's see. Is there something else we need to do with the prior resolutions? 11 MR. KIFF: Mr. Allen, I know Ms. Curran is here 12 13 and wanted to speak about, I believe, the Resolution on 14 1115 West Balboa. This is really up to you. We 15 don't -- we're not required to have a public comment time 16 on non-agenda items on administrative hearings, because you don't have any direct authority over non-agenda 17 18 items. 19 You shouldn't reopen the public hearing on 1115 2.0 West Balboa, but, arguably, you could hear what 21 Ms. Curran wants to say, but the public hearing was 22 opened and closed. And I guess maybe looked to legal 23 Counsel as to what the proper procedure is, because we 24 did not set up agenda item one specifically, the signing of that document, as a public hearing item, because it 25

76

Q.

1 was opened and closed, and it wasn't noticed as such. 2 In the past times wherein you've executed the Resolutions, you've done so in front of the public so the 3 public can see it rather than at your home or in my 4 5 office. So that's why we do this the way we've done it. 6 So I don't really have a good answer for you, 7 unless Mr. Bobko or Ms. Wolcott has an answer. 8 MR. BOBKO: We're conferring. 9 Mr. Allen, we will -- normally in City Council meetings and sessions, of course, you have a period at 10 the beginning for things not on the agenda. This is on 11 12 the agenda. We have not, in our short confer, come up 13 with a solid answer. So we will defer to the Hearing 14 Officer's discretion on this. Of course, we think 15 there's probably no harm in letting a member of the 16 public speak. 17 MR. ALLEN: Good, because that's what I think, 18 too. And so with that, please come forward if you wish 19 to discuss or make comments with respect to the 20 Resolution, and let's give it three minutes, if you wish. 21 MS. CURRAN: My name is Laura Curran. I live at 437 Dalia, Corona del Mar. I appreciate the 22 23 opportunity to speak. 24 I would like to comment on the 25 hearing -- comments during the hearing separate from the

1 parking, the smoking item, or 1115 --

2

3

4

5

6

7

8

9

10

11

MR. ALLEN: You are addressing 1115; correct? MS. CURRAN: Yes, I am.

And during that, you also commented at the beginning about the testimony that had been given, and the need to weigh the credibility of individuals who had spoken. And not having their credentials, it was hard to weigh their credibility to make an assessment based on what you saw. And I think we need to be very careful about using visual representations as an assessment of credibility.

First of all, many of the people who speak feel that they are speaking under great personal threat, as another person alluded to. And secondly, people appear in many shapes and colors, and they all have something to say. So I'm kind of -- it made me pause, just as a note. Perhaps it wasn't intended that way, but it's the way it could come across.

Okay. I would like to address the parking garage concession for 1115 West Balboa, which was presented at the May 7th hearing. I want to express my concerns, which I've also copied to Counsel and will forward to the Planning Commission and to Council.

First of all, the concession was not in the staff report, so only a person who came to the hearing

D

.

1

2

3

4

5

6

7

8

25

would have been aware of this proposed change.

When the homeowner's request to use the garage for another use and not provided the required number of spaces, generally, as a homeowner, you have to get a variance. So providing for this change without prior notice and without review by the Planning Commission is contrary to the Code requirements and the spirit of the Parking Code which apply to other residents.

9 I'm very concerned that the approval 10 recommendations for the facility to have 18 people is 11 based -- and is based, in part, on the fact that they 12 will have six spaces for employees, but one of these 13 spaces would be part of the garage unit being used for 14 smoking.

Use of the garage as a smoking area reduces the primary parking spaces to five. This isn't noted in the staff report, nor is the potential impact of the amount of staff parking. Of course, the residents often use their garages for other uses on an intermittent basis.

However, residents are not allowed to use the garage in such a way that it's not accessible on a regular basis for parking. And it's unrealistic that the garage will not become a quasi-permanent smoking and assembly room, as has happened at other facilities.

And I'll provide you a photo. This is the

1 garage at Miramar Recovery at 435 Dalia. And their 2 garage is permanently blocked by 10 trash cans and used for smoking. I don't think this use is any different. 3 Secondly, in this case, it's -- one of the 4 5 conditions for approval of the garage is used for smoking sets a precedents for its ongoing use and becomes a right 6 vested with the property owner. 7 If I'm a resident after this happens -- I mean, 8 9 not only will group home operators be calling each other and Facebooking each other the day after this is passed 10 11 and say, "Hey, your garage is now part of your smoking facility," residents will take note and say, "You know 12 13 what? That grandfathered" -- or, you know, 14 whatever -- "back unit, or that apartment in my garage 15 that I want to rent out to my neighbors, or in the 16 summer, you know what? They are letting people use their 17 garage for smoking. Now I have a grandfathered unit in 18 my garage that I can rent out." I think you're opening the can of worms across the board. 19 20 We need to enforce the regulations that we

have, and let the garages be used for garages and require the smoking to be inside the facility. That's what it says. It doesn't say inside the garage, it says inside the facility.

Okay. Staff report does not provide for any

25

PUBLIC HEARING - 5/20/2009

	1	conditions to be mot if the servers is used for realize
D	1	conditions to be met if the garage is used for parking,
	2	such as smoke alarms, fire extinguishers, avoidance of
	3	secondhand smoke, removal of hazardous or combustible
D	4	materials.
	5	MR. KIFF: I'm going to say that that's three
	6	minutes.
D	7	MS. CURRAN: Okay. I would ask for an
	8	additional minute.
	9	The secondhand smoke, the entering and exit is
D	10	called out. How do you prevent that when the doors open
	11	and close?
	12	Finally, this is very contrary to Council's
D	13	indication that they want garages to be used for parking.
	14	I think we need to honor Council's direction on that in
	15	the past, and that they put restriction on homeowners
)	16	about the use of their garages.
	17	The last item is the staff report does not
	18	clearly lay out that this is a concession that's being
Þ	19	required. In 2-E, 5-BE, 6-C, we allude to conditions for
	20	smoking, but we do not note it is not noted that the
	21	garage being used for smoking is a condition of a permit.
>	22	So I don't think it's clear, and it really needs to be
	23	addressed.
*	24	Thank you.
•	25	MR. ALLEN: Just one point, and I can't debate

D

81

۲

Γ

	1	this, and I don't intend to.
	2	The off-street parking and loading and
	3	unloading provisions of the Resolution require that six
No.	4	off-street parking spaces for the use of the facility be
D	5	available at all times. So I don't know how this is
	6	going to work out.
D	7	And with respect to the smoking provisions of
	8	five, there is not a designation that the smoking occur
	9	at any certain point in the facility. So it would appear
D	10	to me that there's quite a bit to be worked out on this
	11	issue before a garage space becomes no longer available
	12	for parking and a large smoking facility. My
D	13	observations.
	14	MS. CULLAN: But that's what was said in the
	15	hearing.
>	16	MR. ALLEN: All right. Is there anything else
	17	to add?
	18	MR. KIFF: No, sir.
Þ	19	MR. ALLEN: That's it for today, then. Thank
	20	you all.
*	21	(Ending time: 5:47 p.m.)
